In this companion novel to It's Raining Cupcakes, Lisa Schroeder offers up another fun story about friendship, dreams and scrumptious sweet treats. Kirkus says: "Schroeder skillfully evokes the turbulence of pre-adolescence as she explores the delicate balance of being a true

friend while remaining true to yourself."

Isabel's mother, lacking the "gumption gene" so evident in her plucky 12-year-old daughter, has lots of good ideas but gives up easily and retreats to her bedroom whenever life presents any kind of obstacle. Thus does adventurous Isabel frequently find herself tiptoeing around in the role of caregiver to her parent when she would rather be out seeing the world.
