The Network Reshapes the Library John Wiley & Sons

All iPad, all the time—the ins and outs of all things iPad and iPad 2! Packed with the power of a MacBook, iPod touch, eReader, digital camera, portable game console, and so much more, the iPad is an awesome device. And the business world has certainly taken notice. The iPad is moving into the enterprise where power users and professionals alike are using the device to increase their productivity and work smarter at the office and on the go. Long-time For Dummies author Nancy Muir walks you through the latest functions, features, and capabilities of the iPad and iPad 2 in six easy-to-understand minibooks. The minibooks cover setting up and synching your iPad; using the iWork applications; printing from your iPad; managing your contacts and calendar; accessing your e-mail and the web; making FaceTime video calls; using your iPad as a presentation tool; and finding the best apps for travel, news, weather, finances, and business productivity. This revised new edition includes updated coverage of iOS 5, iCloud, and the latest must-have iPad apps. Packs six minibooks in one full-color guide: iPad Basics, Just for Fun, iPad on the Go, Getting Productive with iWork, Using iPad to Get Organized, and Must-Have iPad Apps Covers the newest iPad features, functions, and capabilities, including Notification Center, Reminders, iMessage, Newsstand, Safari enhancements, photo editing, and more Shows you how to use iWork and other productivity apps to dress up your documents, create stellar spreadsheets, add pizzazz to your presentations, and maintain your schedule on the run Walks you through connecting with WiFi and 3G; using Maps for directions and places to stay when you're away from the office; keeping in touch with e-mail and social networking; and using your iPad as a remote desktop while you're on the road Includes information on having a little fun, too, with tips on loading your iPad or iPad 2 with music, movies, photos, e-books, games, apps, and more Now that you've got an iPad, get the perfect iPad accessory: iPad 2 All-in-One For Dummies, 3rd Edition.

Final Cut Pro X Drawn and Quarterly

A great book is no longer enough. An author platform is the most powerful key to success in today's saturated market, and increasingly, publishers are demanding that new authors come to them with an existing audience of interested followers. Authors who are self-publishing have an even bigger need to build an engaged audience. Social

media makes building the author platform easier than ever, but, unfortunately, most authors struggle to get it right. How can authors create their unique platform, connect with followers, write a manuscript, and grow their business? In Build Your Author Platform: The New Rules, top literary agent Carole Jelen and tech expert Michael McCallister apply their combined 35 years of expertise to outline 14 practical, hands-on steps to create a presence that will produce high book sales and expanded audience. From pre-publication through book launch and beyond, authors will learn how to: Define goals and a unique brand Employ successful website strategies, content, social presence, media authority, and training Secure positive reviews Attract viewers efficiently without cost Filled with detailed lessons, examples, success stories, and techniques used by marketing departments at major publishers, Build Your Author Platform is an indispensable guide for anyone looking for insight into publishing, promoting, and marketing books.

Mac User's Guide to Living Wirelessly Que Publishing

Master a Mac without jargon and complications. Once you go Mac, you never go back. And if you have this book, you'll be more than happy to never go back. In The Ultimate Mac User Book, we've made a bold attempt to unveil an ideal Mac setup that works for anyone. Whether you're switching from Windows or want to upgrade your knowledge of macOS, this is for you Here's what you'll learn from the book: - The anatomy of Mac's interface. How to set up your new Mac for years of use. - Basic and advanced shortcuts for all jobs on Mac. - Alternatives to popular Windows apps. - Ready-to-use workflows for writers, designers, developers, students, as well as people of any profession who want to hit new productivity milestones on Mac. - 20 hacks every seasoned Mac user should be using (but only a few actually do) in the bonus chapter. Reliable and intuitive, Macs still require a certain level of tech fluency. The family of Apple's Macintosh operating systems is very versatile, with tons of features and enhancements built on top of each other. Navigating through all of them can be complicated. Especially if you're a new user. Especially if you have no time to figure out how things work — you just want them to work. Hope we'll solve the problem for you with this book.

iPod and iTunes For Dummies Lee & Seshia

Expert Podcasting Practices For Dummies Penguin

Get from Idea to Product/Market Fit in B2B. The world has changed. Nowadays, there are more companies building B2B products than there's ever been. Products are entering organizations top-down, middle-out, and bottom-up. Teams and managers control their budgets. Buyers have become savvier and more impatient. The case for the value of new innovations no longer needs to be made. Technology products get hired, and fired faster than ever before. The challenges have moved from building and validating products to gaining adoption in increasingly crowded and fragmented markets. This, requires a new playbook. The second edition of Lean B2B is the result of years of research into B2B entrepreneurship. It builds off the unique Lean B2B Methodology, which has already helped thousands of entrepreneurs and innovators around the world build successful businesses. In this new edition, you'll learn: - Why companies seek out new products, and why they agree to buy from unproven vendors like startups - How to find early adopters, establish your credibility, and convince business stakeholders to work with you - What type of opportunities can increase the likelihood of building a product that finds adoption in businesses - How to learn from stakeholders, identify a great opportunity, and create a compelling value proposition - How to get initial validation, create a minimum viable product, and iterate until you're able to find product/market fit This second edition of Lean B2B will show you how to build the products that businesses need, want, buy, and adopt.

iPhone For Seniors For Dummies John Wiley & Sons

The major force driving people to embrace wireless computing is Wi-Fi. Once dismissed as a fad, Wi-Fi is rapidly becoming ubiquitous in the US and around the world. In 2004, more than half of all laptops sold in the US shipped with Wi-Fi installed. By 2007, most analysts predict that nearly every laptop sold in the US will include Wi-Fi. Nearly 20 million Wi-Fi access points will be sold this year, up 20% from last year. As these numbers grow, prices will continue to fall, making Wi-Fi more attractive to more and more people. By the end of this year, there will be more than 40,000 hotspots (public Wi-Fi access points) available across the US, in hotels, fast-food restaurants, cafés, airports - even parks. By 2007, that number will surpass 100,000. From McDonald's to Kinko's to Holiday Inn, Wi-Fi is becoming a "killer amenity." Once Wi-Fi networks are in place, they can be used for much more than just Internet access. For example, the AirPort Express allows users to stream iTunes throughout their homes, wirelessly. Wi-Fi is being used to network printers, cameras and, ultimately, home entertainment devices.

The iPhone Pocket Guide John Wiley & Sons

The Complete Idiot's Guide to Mac OS X Penguin

What does the Bible say about the value of women? Does the Bible teach that women are as valuable as men or does it portray them as somehow more flawed, more suspect, or weak and easily deceived? Beginning from Genesis and working all the way through the storyline of the Bible, Worthy demonstrates the significant and yes, even surprising, ways that God has used women to accomplish His kingdom goals. Because, like men, they are created in His image, their lives reflect and declare His worth. Worthy will enable and encourage both men and women to embrace this true and lofty vision of God's creation,

plan, and their value in His eyes. Bestselling author Elyse Fitzpatrick and pastor Eric Schumacher together invite women to embrace a transformative and empowering view of their Maker, themselves, and the church. But this isn't only a book for women. It is also a book for men, especially leaders, who want to grow in their understanding of God's perspective on women, people who normally make up the majority of their congregations; men who might be wondering if they've missed something amid the abuse scandals that are rocking the church. Might the headlines they're reading today about abuse have their roots in a denigration of the value and worth of women? *Worthy: Celebrating the Value of Women* will help every reader see the value, place, and calling of women through study questions and a "Digging Deeper" section that will help men and women discover how to cherish, value, and honor one another for God's glory.

iPad All-in-One For Dummies Apress

Some people are content to use their iPod simply to play music. Some people want to do much more. Those people, and you know who you are, aren't satisfied until they get under the hood and tap every iPod trick available to them. They want to explore and experiment, create shortcuts, and unearth cool and unexpected things to do with their iPod that have never even occurred to their friends. This guide takes curious and clever iPod owners beyond the obvious with 100 ingenious hacks that will delight, entertain, and add astonishing power to the iPod and iTunes experience.

The Mac Hacker's Handbook Amole Publishing

A practical guide to help introverts harness their natural gifts and entrepreneurial spirit Think you have to be loud and brash to be successful in business? Think again. The strengths and traits of the typical introvert lend themselves well to entrepreneurship, as well as "intrapreneurship" and a range of business roles. In *The Introvert Entrepreneur*, professional coach Beth Buelow shows readers how to harness their natural gifts (including curiosity, independence, and a love of research) and counteract their challenges (such as an aversion to networking and self-promotion). She addresses a wide range of topics --from managing fears and expectations and developing a growth mindset to networking, marketing, leadership skills, and community-building--informed by interviews with introverts who have created successful businesses without compromising their core personality. Filled with fresh insights and actionable advice, this essential guide will support anyone who's striving to make a difference in a loud and chaotic world.

The iPod & iTunes Pocket Guide Penguin

This book provides unique and detailed instruction and guidance regarding design, writing, tools, and planning of your mobile UA. This edition is fully revised with over 300 pages of new content.

Worthy Baker Books

A comprehensive and accessible book on anxiety for clients and therapists alike. Anxiety disorders are the number-one psychiatric problem in the United States, yet many clients who suffer from anxiety do not get effective counseling, and they often end therapy without successful amelioration of their symptoms. Carolyn Daitch, a seasoned therapist and award-winning author, has found that clients benefit most when they are active

participants in their therapy, and should be knowledgeable about anxiety disorders to facilitate this process. For the benefit of both therapists and clients, she covers the ins and outs of the anxiety disorders—Generalized Anxiety Disorder, Panic Disorder, Specific Phobias, Social Anxiety Disorder, and Obsessive Compulsive Disorder—and offers numerous case examples of those who have sought treatment for these disorders and learned to manage them. For each type of anxiety disorder, she details specific treatment options and techniques, explaining which are best suited to individual use, and which are better done in collaboration with a therapist. Engaging, comprehensive, and reassuring, this is an essential Go-To Guide.
