## Tips for Manually Managing iTunes Music

If you want to sync contacts, calendars, and photos to your device, you must sync them automatically. Manual syncing lets you drag items to your device individually, which can take longer but gives you more control. You can still have podcast content sync automatically, even if you sync other items manually.

### Manually Manage via Wireless Sync? | MacRumors Forums

You can connect your device using a USB or USB-C cable or a Wi-Fi connection. To turn on Wi-Fi syncing, see Sync iTunes content on PC with devices on Wi-Fi. In the iTunes app on your PC, click the Device button near the top left of the iTunes window. Select a type of content you want to sync (for example, Music or TV Shows) in the sidebar on the left.
