[Oracle's JD Edwards World single platform solution enables better collaboration both within and outside your business network. Get all of your lines of business working together sharing information, boosting performance, trimming costs, and driving profitable growth.](#)

JD Edwards made a key decision early in the design of OneWorld-the database used by OneWorld would match (or at least not conflict with) the database used by World Software. Thus, the functionality of the early releases of OneWorld would be essentially the same as the functionality of World Software.
