EngineCooling

Service Bulletins - Jabiru
Jabiru Aircraft has recently
launched its "4th Generation",

or "Gen 4", engine that sets about tackling one of the enemies of aero-engines – rust.

Jabiru Engine - Arion Aircraft, LLC

Now as to the pressure problem - Last August I attended a Jabiru seminar, conducted by Pete Krotje in Tennessee. It was lead by Don Richter, the Australian developer of the Jabiru engines, who stayed over an extra week or two after Osh. We learned that oil pressure problems could be caused by - 1.

- Low oil content
- 2. Overheated oil / no cooler
- 3.

This is a wide and complex area and sadly an area in which the Jabiru engine has some well known

problems. Engine overheating can lead to some significant problems which can include sudden stoppage in flight so every effort has to be made to ensure your engine doesn't have any cooling issues.

Please call us at

(931) 680-1781 to place your engine and/or firewall-forward kit order. Price includes shipping from Australia to our facility in Shelbyville, TN. The Gen 4 engines are in high demand right now, so please order early. A \$2,000 deposit is required to place your order, with the balance due and ...

**Jabiru 3300 -
Wikipedia**

Katie Bosman, a demonstration pilot and technical writer for Jabiru USA Sport Aircraft, said she can instantly recognize the Jabiru engine sound from the ground. "The Jabiru 3300 [engine] has a deep,

throaty growl that sounds almost Cirrus-like when it flies overhead. There is nothing else quite like it," she said.

[VAF Forums - Support Problem for Jabiru Engines](#)

A "cleaner" engine installation results, which in turn facilitates maintenance and inspection of the engine and engine component. So the hard work of engine installation has largely been done for you by the Jabiru design team. RAMAIR ducts are available for tractor or pusher configurations. Special ducts are available for certain installations.

Engines - Jabiru

Jabiru Engines
Jabiru engines have been flying for over two decades in certificated, experimental and light-sport aircraft all over the world. The early 65-80 hp models were designed specifically for the first Jabiru aircraft, the LSA 55/2K. With the success of the first four-cylinder 65-hp engine, it became an obvious choice for other aircraft ...

Jabiru's homegrown
evolution -
Australian Aviation

In November 2014
the Australian
Civil Aviation
Safety Authority
proposed
restricting all
Jabiru-powered
aircraft to day-

visual flight rules only, without passengers or solo students and within gliding distance of a safe place to land due to the engine line's safety record. This was in response to 46 reports of engine failure in flight.
