For he spake--The gates of divinity part and out rush predatory birds. The taste of strawberries. The shepherd raises their right hand, breaks bread. An owl by any other name. There is a merry gaiety in harvesting human teeth from nectarous fruit.--and it was done. He commanded--A hellscape of rot and rut. Brittle angels and biting insects. Flutes salt the earth. The corpse of a coelacanth dissolves into pastel foam. Sibilant language chewing women, ushering neurotoxins, belching charred oak. And, then, rain.--and it stood fast. Take New York by storm and steer clear of serious relationships. That's the plan. That's the goal. It's easy too, now that my software company is making headlines. Nothing is getting in the way of that--not even my sexy personal trainer. I don't care how beautiful and intriguing she is. Mel Dawson keeps talking me into doing things, like watching the sunset and slowing down to enjoy life. When she trains me, and I watch her body, I'm constantly fantasizing about exploring every inch of it all night long, claiming her mouth every time she gives me a sassy reply. I don't even know who I am when I'm with her. I'm suddenly a completely different man. But, I like this version of myself better. Mel's smart, determined, and keeps me guessing. She's everything I need and want, but I've been burned before. I'm used to taking chances in the boardroom, just not in my personal life. How much am I willing to risk for a chance to make her mine?

It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys ' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.
