**E-Type Jaguar DIY** Official Workshop Manuals

The Jaguar XJR-9 is the Group C sports racing car built by Jaguar for the 1988 racing season, winning on its debut at the Daytona 24 Hours, and going on to take victory at the Le Mans 24 Hours (Jaguar's first win at the French classic since 1957). The car also took Jaguar to victory in the 1988 Teams' World Championship, and Drivers' World Championship with Martin Brundle. Works cars ran in the American IMSA Championship (running in Castrol livery), as well as the World Sports Car Championship. The XJR-9 is one of the most evocative sports-racing cars of the 1980s, thanks to its success, instantly recognizable Silk Cut livery, and unforgettable V12 engine note. This Manual tells the complete design and engineering story of the XJR series of sports-racing cars, focusing on the XJR-9, and featuring extensive input from many of the engineers and drivers involved.

**Popular Science** Crowood Press

The S-Type represented Jaguar's re-entry into the prestige medium-sized luxury car market after the demise of the Mark 2 in the late '60s, and this Essential Guide covers every model from 1999 to 2007. Not only an important read, but an invaluable reference guide to refer to when viewing a car. It will help you identify the model that best suits you, what to look for when inspecting an S-Type, and provides you with all the necessary procedures to ensure the car is actually what it appears to be. Identifying some of the pitfalls to avoid, helping you decide on what and where to buy – whether from a dealer, private sale, or auction – this guide helps you get the best possible car you can for your money.

**Popular Science** Haynes Manuals N. America, Incorporated

The fabulous E-type Jaguar is the sleekest and most beloved sports car ever created. Who wouldn't want one of their own? If you don't have tens of thousands of dollars to drop on a new model, or to have one professionally restored, why not restore one yourself? It's easier than you may think. Author and drama teacher Chris Rooke had no engineering or mechanical training, but he transformed a wreck of a Jaguar into a road burning machine. This is his candid story, and instruction, of how he managed to get it done. Perfect for beginners, E-Type DIY is heavily illustrated, and loaded with practical advice.

**Popular Mechanics** Haynes Service and Repair Manuals

**Popular Mechanics** Porter Press

This book tells the story of how John Egan gradually overcame the odds and, piece by piece, rebuilt this great company, winning over the workforce, the overseas dealers and, most important of all, the customers. Working with Margaret Thatcher and her Government, Egan and his team of managers overcame every obstacle, every set-back, every challenge. Again and again, it looked impossible. Yet using innovative techniques, intelligence, eloquence, openness, motor racing and much more, they saved this most charismatic company which has created some of the finest and most loved motor cars of all time. It is an amazing story that will appeal equally to car enthusiasts, those in business and readers interested in social history.

**Original Jaguar XK** Porter Press

James Taylor remembers very well the disappointment among his petrol-head friends when the XJ-S was announced in 1975. It was not a replacement for the legendary E-type; its colours were uninspired; and its interior was drab. All credit, then, to those people at Jaguar who truly believed in the car and, over a period of nearly 20 years, turned the ugly duckling into a swan. From the moment the XJ-S HE arrived in 1981, there seemed to be renewed hope, and from then on, the car went from strength to strength to become the much-admired grand tourer it always should have been. The book contains a timeline of the key events in the history of the XJ-S and an overview of the evolution of the XJ-S from the XJ27 prototype. Packed with details it gives UK showroom prices through the year and sales in the US by year. Of great interest to all motoring and Jaguar enthusiasts, it is superbly illustrated with 192 colour and black & white photos. James Taylor has been writing professionally about road transport since the late 1970s, his primary interest is in those models that made the British motor industry great.

**Popular Science** Marston Book Services, Limited
