The fabulous E-type Jaguar is the sleekest and most beloved sports car ever created. Who wouldn't want one of their own? If you don't have tens of thousands of dollars to drop on a new model, or to have one professionally restored, why not restore one yourself? It's easier than you may think. Author and drama teacher Chris Rooke had no engineering or mechanical training, but he transformed a wreck of a Jaguar into a road burning machine. This is his candid story, and instruction, of how he managed to get it done. Perfect for beginners, E-Type DIY is heavily illustrated, and loaded with practical advice.

The Jaguar XK 120 was stunning when it debuted in 1948. It sold like wildfire to top film stars, and was ruthless as a rally machine -- two facts that remain true today. An XK 120, 140, or 150 in perfect condition could easily run up a six-figure price tag; if you have the know-how, why not buy a forgotten model and restore it at home? Jaguar XK DIY follows the story of author Bob Exelby as he transforms his XK 120 roadster from a rusty derelict to a shining example of the iconic sports car. Not only does this book cover how to restore the car, Exelby also explains how he made many detail improvements, making the car even more usable and practical for today's roads.

The Jaguar XJR-9 is the Group C sports racing car built by Jaguar for the 1988 racing season, winning on its debut at the Daytona 24 Hours, and going on to take victory at the Le Mans 24 Hours (Jaguar's first win at the French classic since 1957). The car also took Jaguar to victory in the 1988 Teams' World Championship, and Drivers' World Championship with Martin Brundle. Works cars ran in the American IMSA Championship (running in Castrol livery), as well as the World Sports Car Championship. The XJR-9 is one of the most evocative sports-racing cars of the 1980s, thanks to its success, instantly recognizable Silk Cut livery, and unforgettable V12 engine note. This Manual tells the complete design and engineering story of the XJR series of sports-racing cars, focusing on the XJR-9, and featuring extensive input from many of the engineers and drivers involved.

This superb book tells the story of one of the most historically interesting of all Jaguar D-types, the XKD 504. This is a car that has raced more than any other D-type across its long and varied life, and this life is recounted in full. From its role as a works car used extensively for testing fuel injection, to two seasons of racing throughout Europe with Ecurie Ecosse, to four busy years of national competition in the hands of first Mike Salmon and then Peter Sutcliffe, it's all here. This book provides fascinating insight into every aspect of this D-type's history, supported by a fine collection of period photographs.
