Jaguar Haynes Manuals N. America, Incorporated

A reference for anyone considering a restoration of one of these classic luxury saloon cars, this book covers the Series 1, 2 and 3 XJ6 models built between 1969 and 1986. This manual shows you how to strip down, rebuild and tune an XK engine; repair and modify suspension; renovate interior trim; strip down and rebuild mechanical components; and repair and replace bodywork. Illustrated with more than 900 photographs and diagrams, it also explains what to look for when buying a used XJ6. The book covers:

- Model heritage and development
- What to look for when buying a project vehicle and the pitfalls to avoid
- How to renovate bodywork and chassis, including the renewal of major panels and repainting

- Repairing and renewing interior trim and fitting accessories
- How to give new life to mechanical and electrical components, including XK engine overhaul
- Transmission servicing and replacement
- Suspension overhaul and replacement

Jaguar XJ6 and XJ12 Series 3

Workshop Manual Bentley Pub

The Jaguar XJR-9 is the Group C sports racing car built by Jaguar for the 1988 racing season, winning on its debut at the Daytona 24 Hours, and going on to take victory at the Le Mans 24 Hours (Jaguar's first win at the French classic since 1957). The car also took Jaguar to victory in the 1988 Teams' World Championship, and Drivers' World Championship with Martin Brundle. Works cars ran in the American IMSA Championship (running in Castrol livery), as well as the World Sports Car Championship. The XJR-9 is one of the most evocative sports-racing cars of the 1980s, thanks to its success, instantly recognizable Silk Cut livery, and unforgettable V12 engine note. This Manual tells the complete design and engineering story of the XJR series of sports-racing cars, focusing on the XJR-9, and featuring extensive input from many of the engineers and drivers involved.
