Check with the seller prior to purchase. -- A Down-to-Earth Approach James Henslin shares the excitement of sociology in *Essentials of Sociology: A Down-to-Earth Approach*, 11/e. With his acclaimed "down-to-earth" approach and personal writing style, the author highlights the sociology of everyday life and its relevance to students' lives. With wit, personal reflection, and illuminating examples, Henslin stimulates students' sociological imagination so they can better perceive how the pieces of society fit together. In addition to this trademark down-to-earth approach, other distinctive features include: comparative perspectives, the globalization of capitalism, and visual presentations of sociology. MySocLab is an integral part of the Henslin learning program. Engaging activities and assessments provide a teaching a learning system that helps students see the world through a sociological lens. With MySocLab, students can develop critical thinking skills through writing, explore real-world data through the new Social Explorer, and watch the latest entries in the Core Concept Video Series. This title is available in a variety of formats - digital and print. Pearson offers its titles on the devices students love through Pearson's MyLab products, CourseSmart, Amazon, and more. 0133810607 / 9780133810608 *Essentials of Sociology Plus NEW MySocLab with Pearson eText -- Access Card Package* Package consists of 0133803546 / 9780133803549 *Essentials of Sociology* 0205206530 / 9780205206537 *NEW MySocLab with Pearson eText -- Valuepack Access Card*

The Real World (Fourth Edition) Simon and Schuster *Essentials of Sociology*, adapted from George Ritzer's *Introduction to Sociology*, provides the same rock-solid foundation from one of sociology's best-known thinkers in a shorter and more streamlined format. With new co-author Wendy Wiedenhof Murphy, the Third Edition continues to illuminate traditional sociological concepts and theories and focuses on some of the most compelling features of contemporary social life: globalization, consumer culture, the internet, and the "McDonaldization" of society. New to this Edition New "Trending" boxes focus on influential books by sociologists that have become part of the public conversation about important issues. Replacing "Public Sociology" boxes, this feature demonstrates the diversity of sociology's practitioners, methods, and subject matter, featuring such authors as o Michelle Alexander (*The New Jim Crow*) o Elizabeth Armstrong and Laura Hamilton (*Paying for the Party*) o Matthew Desmond (*Evicted*) o Arlie Hochschild (*Strangers in Their Own Land*) o Eric Klinenberg (*Going Solo*) o C.J. Pascoe (*Dude, You're a Fag*) o Lori Peek and Alice Fothergill (*Children of Katrina*) o Allison Pugh (*The Tumbleweed Society*) Updated examples in the text and "Digital Living" boxes keep pace with changes in digital technology and online practices, including Uber, Bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election Brexit the global growth of ISIS climate change further segmentation of wealthy Americans as the "super rich" transgender people in the U.S. armed forces charter schools the legalization of marijuana the Flint water crisis fourth-wave feminism

The Sociology of Social Problems Macmillan The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award—enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. What key social forces construct and transform our lives as individuals and as members of society? How does our social world shape us? How do we shape our world? *Discover Sociology* presents sociology as a discipline of curious minds. The authors inspire curiosity

about the social world and empower students by providing the theoretical, conceptual, and empirical tools they need to understand, analyze, and even change the world in which they live. Organized around four main themes—The Sociological Imagination, Power and Inequality, Technological Transformations of Society, and Globalization—the book illuminates the social roots of diverse phenomena and institutions, ranging from poverty and deviance to capitalism and the nuclear family. "Behind the Numbers" features illustrate the practical side of sociology and shows students how to be critical consumers of social science data reported in the media. And every chapter addresses the question, "What can I do with a sociology degree?" by linking the knowledge and skills acquired through studying sociology with specific jobs and career paths. Social Problems Pearson Higher Ed

"Throughout this text, the goal is to share with your students how fascinating and enlightening sociology is. Because sociology is about social life and we live in a changing global society, this 15th edition of *Sociology: A Down-to-Earth Approach* continues to reflect the national and global changes that engulf us, as well as presents new sociological research. The down-to-earth examples, for which this text is known, will help your students see how sociology applies to them. So will the photos, about 555 of them, of which 228 are new. The photos are neither random nor "fillers." I have either selected or taken each of these photos, as well as written each caption. By tying the photos and their captions directly into the text, they become part of your students' learning experience"--

Sociology Cengage Learning

Extremely reader friendly and packed with vivid examples, *ESSENTIALS OF SOCIOLOGY, 9e* takes real-world scenarios and shows you how to use sociology to analyze them. It combines comprehensive coverage, socially relevant analysis, and cutting-edge research into a concise 15 chapters. Hands-on exercises help sharpen critical thinking and problem solving skills as readers put sociological theory into practice. More visually engaging than ever, the Ninth Edition also maintains the book's signature emphasis on global issues. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. Exploring Social Life Allyn & Bacon

The challenges of teaching a successful introductory sociology course today demand materials from a publisher very different from the norm. Texts that are organized the

way the discipline structures itself intellectually no longer connect with the majority of student learners. This is not an issue of pandering to students or otherwise seeking the lowest common denominator. On the contrary, it is a question of again making the practice of sociological thinking meaningful, rigorous, and relevant to today's world of undergraduates. This comparatively concise, highly visual, and affordable book offers a refreshingly new way forward to reach students, using one of the most powerful tools in a sociologist's teaching arsenal—the familiar stuff in students' everyday lives throughout the world: the jeans they wear to class, the coffee they drink each morning, or the phones their professors tell them to put away during lectures. A focus on consumer culture, seeing the strange in the familiar, is not only interesting for students; it is also (the authors suggest) pedagogically superior to more traditional approaches. By engaging students through their stuff, this book moves beyond teaching about sociology to helping instructors teach the practice of sociological thinking. It moves beyond describing what sociology is, so that students can practice what sociological thinking can do. This pedagogy also posits a relationship between teacher and learner that is bi-directional. Many students feel a sense of authority in various areas of consumer culture, and they often enjoy sharing their knowledge with fellow students and with their instructor. Opening up the sociology classroom to discussion of these topics validates students' expertise on their own life-worlds. Teachers, in turn, gain insight from the goods, services, and cultural expectations that shape students' lives. While innovative, the book has been carefully crafted to make it as useful and flexible as possible for instructors aiming to build core sociological foundations in a single semester. A map on pages ii–iii identifies core sociological concepts covered so that a traditional syllabus as well as individual lectures can easily be maintained. Theory, method, and active learning exercises in every chapter constantly encourage the sociological imagination as well as the "doing" of sociology.

Death, Society and Human Experience (1-download) SAGE Publications

The most relevant textbook for today's students. The Real World succeeds in classrooms because it focuses on the perspective that students care about most—their own. In every chapter, the authors use activities, examples from everyday life, and popular culture to draw students into thinking sociologically and to show the relevance of sociology to our relationships, our jobs, and our future goals.

Essentials of Sociology McGraw-Hill Companies
SOCIOLOGY: DISCOVERING SOCIETY, 2nd provides comprehensive coverage of sociology in an affordable, paperback format. With research studies in every chapter and boxes that portray sociologists at work, it will especially appeal to sociology professors who value a quantitative, research-methodology-oriented approach. Instead of presenting every possible theory for each issue, Stockard's streamlined approach pulls in theories only when they appropriately relate to the issue at hand. This integrated approach produces a text that reads more smoothly than the overly-encyclopedic, heavily-interrupted narratives of other texts.

Sociology Routledge

After a career as one of the nation's top environmental lawyers, James Thornton spent several years on retreat, culminating in a meeting with the Dalai Lama, who asked him to teach a path of integration and wholeness. In *A Field Guide to the Soul*, Thornton leads us through a series of contemplative exercises designed to clarify the body, mind, and heart, and make a deep connection with the wisdom encoded in the natural world. His nature writing is joyously lyrical; the book as a whole is immensely practical, drawing on Jungian psychology, and Buddhist, Hindu, and Christian teachings, to give us the tools to work for the benefit of all living beings. At a time when people are desperate to make some sense of their lives, Thornton shows us how to embark on our own hero's journey. Only by taking full responsibility for our thoughts, feelings, and actions can we bring about the revolution in consciousness that is so vital today. In order to discover how to care for the Earth and all its inhabitants, we must first learn how to care for ourselves. Here is a practical manual that shows us the way.
