Some of the most enjoyable, well-written fanfic ever created."—O Magazine May 1816: Jane Austen is feeling unwell, with an uneasy stomach, constant fatigue, rashes, fevers and aches. She attributes her poor condition to the stress of family burdens, which even the drafting of her latest manuscript—about a baronet's daughter nursing a broken heart for a daring naval captain—cannot alleviate. Her apothecary recommends a trial of the curative waters at Cheltenham Spa, in Gloucestershire. Jane decides to use some of the profits earned from her last novel, Emma, and treat herself to a period of rest and reflection at the spa, in the company of her sister,

Cassandra. Cheltenham Spa hardly turns out to be the relaxing sojourn Jane and Cassandra envisaged, however. It is immediately obvious that other boarders at the guest house where the Misses Austen are staying have come to Cheltenham with stresses of their own—some of them deadly. But perhaps with Jane's interference a terrible crime might be prevented. Set during the Year without a Summer, when the eruption of Mount Tambora in the South Pacific caused a volcanic winter that shrouded the entire planet for sixteen months, this fourteenth installment in Stephanie Barron's critically acclaimed series brings a forgotten moment of Regency history to life.

In her sixth engrossing outing, Jane Austen employs her delicious wit and family ties to the Royal Navy in a case of murder on the high seas. Somewhere in the picturesque British port of Southampton, among a crew of colorful, eccentric, and fiercely individual souls, a killer has come ashore. And only Jane can fathom the depths of his ruthless mind.... Jane and the Prisoner of Wool House "I will assert that sailors are endowed with greater worth than any set of men in England." So muses Jane Austen as she stands in the buffeting wind of Southampton's quay beside her brother Frank on a raw February morning. Frank, a post captain in the Royal Navy, is without a ship to command, and his best prospect is the *Stella Maris*, a fast frigate captained by his old friend Tom Seagrave. "Lucky" Tom — so dubbed for his habit of besting enemy ships — is presently in disgrace, charged with violating the Articles of War. Tom's first lieutenant, Eustace Chessyre, has accused Seagrave of murder in the death of a French captain after the surrender of his ship. Though Lucky Tom denies the charge, his dagger was found in the dead man's chest. Now Seagrave faces court-martial and execution for a crime he swears he did not commit. Frank, deeply grieved, is certain his friend will hang. But Jane reasons that either Seagrave or Chessyre is lying — and that she and Frank have a duty to discover the truth. The search for the captain's honor carries them into the troubled heart of Seagrave's family, through some of the seaport's worst sinkholes, and at long last to Wool

House, the barred brick structure that serves as gaol for French prisoners of war. Risking contagion or worse, Jane agrees to nurse the murdered French captain's imprisoned crew – and elicits a debonair surgeon's account of the Stella Maris's battle that appears to clear Tom Seagrave of all guilt. When Eustace Chessyre is found murdered, the entire affair takes on the appearance of an insidious plot against Seagrave, who is charged with the crime. Could any of his naval colleagues wish him dead? In an era of turbulent intrigue and contested amour, could it be a case of *cherchez la femme* ... or a veiled political foe at work? And what of the sealed orders under which Seagrave embarked that fateful night in the Stella Maris? Death knocks again at Jane's own door before the final knots in the killer's net are completely untangled. Always surprising, Jane and the Prisoner of Wool House is an intelligent and intriguing mystery that introduces Jane and her readers to "the naval set" – and charts a true course through the amateur sleuth's most troubled waters yet.

for fans of Jane Austen, this engrossing novel offers an unusual twist on the legacy of one of the world's most celebrated and beloved authors: two researchers from the future are sent back in time to meet Jane and recover a suspected unpublished novel. London, 1815: Two travelers—Rachel Katzman and Liam Finucane—arrive in a field in rural England, disheveled and weighed down with hidden money. Turned away at a nearby inn, they are forced to travel by coach all night to London. They are not what they seem, but rather colleagues who have come back in time from a technologically advanced future, posing as wealthy West Indies planters—a doctor and his spinster sister. While Rachel and Liam aren't the first team from the future to "go back," their mission is by far the most audacious: meet, befriend, and steal from Jane Austen herself. Carefully selected and rigorously trained by The Royal Institute for Special Topics in Physics, disaster-relief doctor Rachel and actor-turned-scholar Liam have little in common besides the extraordinary circumstances they find themselves in. Circumstances that call for Rachel to stifle her independent nature and let Liam take the lead as they

infiltrate Austen's circle via her favorite brother, Henry. But diagnosing Jane's fatal illness and obtaining an unpublished novel hinted at in her letters pose enough of a challenge without the continuous convolutions of living a lie. While her friendship with Jane deepens and her relationship with Liam grows complicated, Rachel fights to reconcile the woman she is with the proper lady nineteenth-century society expects her to be. As their portal to the future prepares to close, Rachel and Liam struggle with their directive to leave history intact and exactly as they found it. . . however heartbreaking that may prove.
