A Career of JapanBaron Raimund von  
Stillfried and Early Yokohama  
PhotographyBRILL

And Other Baseball Stories Vintage

A Career of Japan is the first study of one of  
the major photographers and personalities  
of nineteenth-century Japan. Baron  
Raimund von Stillfried was the most

important foreign-born photographer of the  
Meiji era and one of the first globally active  
photographers of his generation. Based on  
extensive new primary sources and  
unpublished documents from archives  
around the world, this book examines von  
Stillfried ' s significance as a cultural  
mediator between Japan and Central  
Europe. Awarded the 2nd Professor Josef  
Kreiner Hosei University Award for  
International Japanese Studies.

The Journal of the American Chamber of Commerce in Japan St. Martin's Griffin

"If you're as interested in Japan as I am, I think you'll find that *The Power to Compete* is a smart and thought-provoking look at the future of a fascinating country." - Bill Gates, "5 Books to Read This Summer" Father and son – entrepreneur and economist – search for Japan's economic cure *The Power to Compete* tackles the issues central to the prosperity of Japan – and the world – in search of a cure for the "Japan Disease." As founder and CEO of Rakuten, one of the world's largest Internet companies, author Hiroshi Mikitani brings an entrepreneur's perspective to bear on the country's economic stagnation. Through a freewheeling and candid conversation with his economist father, Ryoichi Mikitani, the two examine the issues facing Japan, and explore possible roadmaps to revitalization. How can Japan overhaul its economy, education system, immigration, public infrastructure, and hold its own with

China? Their ideas include applying business techniques like Key Performance Indicators to fix the economy, using information technology to cut government bureaucracy, and increasing the number of foreign firms with a head office in Japan. Readers gain rare insight into Japan's future, from both academic and practical perspectives on the inside. Mikitani argues that Japan's tendency to shun international frameworks and hide from global realities is the root of the problem, while Mikitani Sr.'s background as an international economist puts the issue in perspective for a well-rounded look at today's Japan. Examine the causes of Japan's endless economic stagnation Discover the current efforts underway to enhance Japan's competitiveness Learn how free market "Abenomics" affected Japan's economy long-term See Japan's issues from the perspective of an entrepreneur and an economist Japan's malaise is seated in a number of economic, business, political, and cultural issues, and this book doesn't shy away from hot

topics. More than a discussion of economics, this book is a conversation between father and son as they work through opposing perspectives to help their country find *The Power to Compete*.

**Hiroshima** Cengage Learning Engaging and thorough, *MARKETING*, 12th Edition shows students how marketing principles affect their day-to-day lives, as well as their significant influence on business decisions. Core topics include the social marketing phenomenon, entrepreneurship, C.R.M., global perspectives, and ethics, as well as in-depth discussions on key tools of the trade, such as metrics and the marketing plan. Intriguing coverage of newsworthy events clarifies the readings for students and gets them thinking about their own decisions in the consumer marketplace. Loaded with helpful learning features like detailed appendices, cases, vignettes, boxed features, and videos, *MARKETING*, 12th Edition gives students countless opportunities to develop and apply critical thinking skills while acquiring the marketing knowledge essential in the business world. Friends' Intelligencer Cengage Learning  
#1 NEW YORK TIMES BESTSELLER • The book that sparked a revolution and inspired the hit Netflix series Tidying Up with Marie Kondo: the original guide to decluttering your home once and for all. ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE—CNN Despite constant efforts to declutter your home, do papers still accumulate like snowdrifts and clothes pile up like a tangled mess of noodles? Japanese cleaning consultant Marie Kondo takes tidying to a whole new level, promising that if you properly simplify and organize your home once, you'll never have to do it again. Most methods advocate a room-by-room or little-by-little approach, which doom you to pick away at your piles of stuff forever. The KonMari Method, with its revolutionary category-by-category system, leads to lasting results. In fact, none of Kondo's clients have lapsed (and she still has a three-month waiting list). With detailed guidance for determining which items in your house "spark joy" (and which don't), this international bestseller will help you clear your clutter and enjoy the unique

magic of a tidy home—and the calm, motivated mindset it can inspire.

This clear and accessible guide provides a comprehensive outline on how to convert your house into a more 'green' home. Buildings are the greatest energy wasters and for those of us concerned about the environment, and household bills, this book presents the key design changes that we can implement to our own homes to remedy energy loss. This title covers the full range of design changes that are available to the homeowner and designer for renovation, from the roof to the basement, from insulation to windows. It also features a selection of case studies illustrating the experiences of other homeowners and designers and how they have adapted and used the technology available to them in creating an energy efficient home. This is a practical, hands-on guide, ideal for architects, designers and homeowners.

New illustrations and numerous new tables and boxes provide visual guidance and make reference quick and easy. Helps you prepare for the travel medicine examination with convenient cross references to the ISTM "body of knowledge" in specific chapters and/or passages in the book. Keeps you updated on remote destinations and the unique perils they present.

*The Friend* Tuttle Publishing

An exploration of how technology and best intentions collide in the heat of war A New York Times Book Review Editors' Choice In The Bomber Mafia, Malcolm Gladwell weaves together the stories of a Dutch genius and his homemade computer, a

band of brothers in central Alabama, a British psychopath, and pyromaniacal chemists at Harvard to examine one of the greatest moral challenges in modern American history. Most military thinkers in the years leading up to World War II saw the airplane as an afterthought. But a small band of idealistic strategists, the "Bomber Mafia," asked: What if precision bombing could cripple the enemy and make war far less lethal? In contrast, the bombing of Tokyo on the deadliest night of the war was the brainchild of General Curtis LeMay, whose brutal pragmatism and scorched-earth tactics in Japan cost thousands of civilian lives, but may have spared even more by averting a planned US invasion. In *The Bomber Mafia*, Gladwell asks, "Was it worth it?" Things might have gone differently had LeMay's predecessor, General Haywood Hansell, remained in charge. Hansell believed in precision bombing, but when he and Curtis LeMay squared off for a leadership handover in the jungles of Guam, LeMay emerged victorious, leading to the darkest night of World War II. *The Bomber Mafia* is a riveting tale of persistence, innovation, and the incalculable wages of war.

Turner Classic Movies Presents Leonard

Maltin's Classic Movie Guide Routledge

This collection of narratives from autistic adults is structured around their decades of experience of life, covering 20s, 30s, 40s, 50s, 60 and 70s+. These are varied and diverse, spanning different continents, genders, sexualities and ethnicities, yet the author highlights the common themes that unite them and skilfully draws out these threads. Each chapter is based on accounts from one age group and includes accounts from people of that age, giving an insight into the history of autism and signifying how gaining a diagnosis (or not) has changed people's lives over time. The book is about ageing with an autistic mind, and helping the reader find connections between neurotypical and neurodiverse people by acknowledging the challenges we all face in our past, present and futures.

"A new edition with a final chapter written forty years after the explosion."

Baron Raimund von Stillfried and Early

Yokohama Photography A Career of

Japan Baron Raimund von Stillfried and Early Yokohama Photography

The Foreign Relations of the United States series presents the official documentary historical record of major foreign policy

decisions and significant diplomatic activity of the United States Government. This volume is part of a subseries of the Foreign Relations of the United States that documents the most issues in the foreign policy of Presidents Richard M. Nixon and Gerald R. Ford. The subseries presents in multiple volumes a comprehensive documentary record of major foreign policy decisions and actions of the administrations of Presidents Nixon and Ford. This specific volume documents U.S. policy towards three important countries in Southeast Asia: Thailand, the Philippines, and Indonesia, 1969-1972, a period when the future of Southeast Asia was a major concern of American foreign policy makers. This is the last print volume to document U.S. policy towards Southeast Asia, other than those print volumes that document the Vietnam War during the Nixon-Ford administrations. For the January 1973 to January 1977 period, U.S. policy towards Southeast Asia (nations other than Vietnam, Laos, and Cambodia is covered in an electronic-only volume. The decision to cover Thailand, the Philippines, and Indonesia for 1969-1975 in detail in this print volume was based on the fact that each country was a key ally - either formally or de facto - of the United States during the Vietnam war, and each played a specific role during the conflict. Thailand sent troops to fight in Vietnam, provided bases for U.S. airpower in Southeast Asia, and secretly provided training, troops,

and arms to support U.S.-backed guerilla forces in Laos. The Philippines sent a 2,000-man civic action group to South Vietnam, and Filipinos made up many of the administrative contractors in South Vietnam. Indonesia provided key arms support to the Lon Nol government at a crucial time. In addition, Thailand, Philippines, and Indonesia were important countries in their own right, with key U.S. military and economic assistance programs, large embassies, and close relations with the United States. In each country, the United States had a considerable interest in their government's success. The chapter on Thailand, the largest in the volume, has the most obvious and closest associations with the Vietnam War. A principal theme of this chapter is U.S. efforts to assure the Thais that unilateral withdrawal of U.S. troops in South Vietnam and a projected settlement of the war did not mean a lesser U.S. commitment to Thailand. A second key theme of the volume is the covert military role that Thailand's military forces played in supporting the anti-communist forces in Laos and the potential role they could play in supporting the Lon Nol government in Cambodia. The second largest chapter in this volume documents U.S. policy towards the Philippines. The relationship between President Ferdinand Marcos and the Nixon administration is the dominant theme of this chapter. U.S. officials had to assure Marcos that they were neutral in the 1969 Philippines

presidential elections and discourage his desire for a special channel to Washington. Corruption in the Marcos government, Marcos's desire to revise the constitution to his benefit, and his eventual declaration of martial law in September 1972 in the face of student riots caused U.S. officials in Manila and Washington to assess whether he was the best man to lead the Philippines from the U.S. point of view. Other themes that are documented in the chapter are the ones that predate the Vietnam War, such as preference for Philippines exports to the United States, U.S. benefits for Filipino veterans who served in the Second World War, and U.S. bases in the Philippines. The final chapter in the volume deals with Indonesia, officially a non-aligned nation, but under strongman General Suharto, a de facto ally of the United States. The principal themes of this chapter are the question of Indonesia's international debt left over from the Sukarno years and U.S. support for multilateral Indonesian debt relief among international lending organizations. A related theme is the amount of U.S. bilateral aid provided to Indonesia.

#### Travel Medicine E-Book Bond Street Books

In the final days of World War II, Koreans were determined to take back control of their country from the Japanese and end the suffering caused by the Japanese

occupation. As an eleven-year-old girl living with her Japanese family in northern Korea, Yoko is suddenly fleeing for her life with her mother and older sister, Ko, trying to escape to Japan, a country Yoko hardly knows. Their journey is terrifying—and remarkable. It's a true story of courage and survival that highlights the plight of individual people in wartime. In the midst of suffering, acts of kindness, as exemplified by a family of Koreans who risk their own lives to help Yoko's brother, are inspiring reminders of the strength and resilience of the human spirit.

### **The Samurai's Garden** Penguin

The daughter of a Chinese mother and a Japanese father, Gail Tsukiyama's *The Samurai's Garden* uses the Japanese invasion of China during the late 1930s as a somber backdrop for this extraordinary story. A 20-year-old Chinese painter named Stephen is sent to his family's summer home in a Japanese coastal village to recover from a bout with tuberculosis. Here he

is cared for by Matsu, a reticent housekeeper and a master gardener. Over the course of a remarkable year, Stephen learns Matsu's secret and gains not only physical strength, but also profound spiritual insight. Matsu is a samurai of the soul, a man devoted to doing good and finding beauty in a cruel and arbitrary world, and Stephen is a noble student, learning to appreciate Matsu's generous and nurturing way of life and to love Matsu's soulmate, gentle Sachi, a woman afflicted with leprosy.
