Japanese Media Cultures in Japan and Abroad: Transnational Consumption of Manga, Anime, and Media-Mixes Tuttle Publishing

Tokyo is ground zero for Japan's famous "geek" or otaku culture--a phenomenon that has now swept across the globe. This is the most comprehensive Japan travel guide ever produced which features Tokyo's geeky underworld. It provides a comprehensive run-down of each major Tokyo district where geeks congregate, shop, play and hang out--from hi-tech Akihabara and trendy Harajuku to newer and lesser-known haunts like chic Shimo-Kita and working-class Ikebukuro. Dozens of iconic shops, restaurants, cafes and clubs in each area are described in loving detail with precise directions to get to each location. Maps, URLs, opening hours and over 400 fascinating color photographs bring you around Tokyo on an unforgettable trip to the centers of Japanese manga, anime and geek culture. Interviews with local otaku experts and people on the street let you see the world from their perspective and provide insights into Tokyo and Japanese culture, which will only continue to spread around the globe. Japanese pop culture, in its myriad forms, is more widespread today than ever before--with J-Pop artists playing through speakers everywhere, Japanese manga filling every bookstore; anime cartoons on TV; and toys and video games, like Pokemon Go, played by tens of millions of people. Swarms of visitors come to Tokyo each year on a personal quest to soak in all the otaku-related sights and enjoy Japanese manga, anime, gaming and idol culture at its very source. This is the go-to resource for those planning a trip, or simply dreaming of visiting one day!

My guide to Japanese grammar has been helping people learn Japanese as it's really spoken in Japan for many years. If you find yourself frustrated that you can't understand Japanese movies or books despite having taken Japanese classes, then this book is for you. It will help you finally understand those pesky particles and break down grammatical concepts that will allow you to comprehend anything from simple to very complex

sentences. You will also learn Japanese that's spoken by real people including casual speech patterns and slang, stuff that's often left out in most textbooks. Don't take my word for it, just check out my website and order this book to have it handy wherever you go.

Japanese Grammar Vertical Inc

In the last few decades, Japanese popular culture productions have been consolidated as one of the most influential and profitable global industries. As a creative industry, Japanese Media-Mixes generate multimillion-dollar revenues, being a product of international synergies and the natural appeal of the characters and stories. The transnationalization of investment capital, diversification of themes and (sub)genres, underlying threat in the proliferation of illegal audiences, development of internet streaming technologies, and other new transformations in media-mix-based production models make the study of these products even more relevant today. In this way, manga (Japanese comics), anime (Japanese animation), and video games are not necessarily products designed for the national market. More than ever, it is necessary to reconcile national and transnational positions for the study of this cultural production. The present volume includes contributions aligned to the analysis of Japanese popular culture flow from many perspectives (cultural studies, film, comic studies, sociology, etc.), although we have emphasized the relationships between manga, anime, and international audiences. The selected works include the following topics:

- Studies on audiences--national and transnational case studies;
- Fandom production and Otaku culture;
- Cross-media and transmedia perspectives;
- Theoretical perspectives on manga, anime, and media-mixes.

Want to learn about databases without the tedium? With its unique combination of

Japanese-style comics and serious educational content, *The Manga Guide to Databases* is just the book for you. Princess Ruruna is stressed out. With the king and queen away, she has to manage the Kingdom of Kod's humongous fruit-selling empire. Overseas departments, scads of inventory, conflicting prices, and so many customers! It's all such a confusing mess. But a mysterious book and a helpful fairy promise to solve her organizational problems—with the practical magic of databases. In *The Manga Guide to Databases*, Tico the fairy teaches the Princess how to simplify her data management. We follow along as they design a relational database, understand the entity-relationship model, perform basic database operations, and delve into more advanced topics. Once the Princess is familiar with transactions and basic SQL statements, she can keep her data timely and accurate for the entire kingdom. Finally, Tico explains ways to make the database more efficient and secure, and they discuss methods for concurrency and replication. Examples and exercises (with answer keys) help you learn, and an appendix of frequently used SQL statements gives the tools you need to create and maintain full-featured databases. (Of course, it wouldn't be a royal kingdom without some drama, so read on to find out who gets the girl—the arrogant prince or the humble servant.) This EduManga book is a translation of a bestselling series in Japan, co-published with Ohmsha, Ltd., of Tokyo, Japan.

Pocket Japanese Grammar Yesjapan Corporation

A concise summary of Japanese grammar is presented for beginning students of the language. Topics include parts of speech, sentence structure, idioms, and pronunciation advice. All Japanese words are presented phonetically. Important points of grammar or vocabulary, as well as subject heads, are printed in a second color as a quick-reference aid for students. New to this edition is a Japanese-English vocabulary list.

Manga: The Complete Guide Independently Published

Created specifically for fans of Japanese "cool culture," *A Geek in Japan* is one of the most iconic, hip, and concise cultural guides available. This new edition has been thoroughly revised and expanded with new chapters on Japanese video games, architecture, and a special section on visiting Kyoto. Reinvented for the internet age, it's packed with personal essays and hundreds of photographs, presenting all the touchstones of both traditional and contemporary culture in an entirely new way. The expansive range of topics include: Bushido, Geisha, Samurai,

Shintoism, and Buddhism Traditional arts and disciplines like Ukiyo-e, Ikebana, Zen meditation, calligraphy, martial arts, and the tea ceremony Insightful essays on code words and social mores; dating and drinking rituals; working and living conditions and symbols and practices that are peculiarly Japanese Japanese pop culture genres and their subcultures, like otaku, gals, visual kei, and cosplay For visitors, the author includes a mini guide to his favorite neighborhoods in Tokyo as well as tips on special places of interest in other parts of Japan. Garcia has written an irreverent, insightful, and highly informative guide for the growing ranks of Japanophiles around the world.

African Samurai Rutgers University Press
Based on William Scott Wilson's definitive translation, adapted by scriptwriter and comic book/manga author Sean Wilson, and with lively drawings by well-known illustrator Chie Kutsuwada, this first-ever graphic treatment of what's considered the most influential of all samurai treatises is sure to delight manga fans, martial arts enthusiasts, and students of Japanese culture.

Reminiscent of *The Arabian Nights* in structure, *Hagakure* is a collection of tales and anecdotes that offer instruction and insight into the philosophy and code of behavior that foster the true spirit of Bushido—the Way of the Warrior. A young, upcoming samurai seeks the advice of an older, seasoned warrior who has become a Zen monk. The ambitious young samurai humbly begs to learn from the old master, who consents. So begins a series of eventful meetings. At each sitting, the master tells his young student tales of samurai past. Tales of famous warriors are recited, as well as ignoble gaffs. With brutal, unrelenting samurai justice, wrongs are righted and judgment is enacted. With each incident, the young novice learns what it means to be a samurai. Learns what courage and right thought are. Learns the harsh realities and subtle wisdom of his age. Writer Sean Wilson and illustrator Chie Kutsuwada both bring ample experience in the genre to this project. And, as an added bonus, William Scott Wilson, the translator of the original Kodansha International version of the book, provides an illuminating Afterword.

80/20 Japanese (Romaji Edition) Harlequin
Pocket-sized and packed with helpful instruction, this portable book provides a concise yet comprehensive guide to Japanese grammar. Barron's *Pocket Japanese Grammar* covers parts of speech, sentence structure, punctuation, pronunciation advice, verb charts, and more. It also features definitions of basic grammatical terms with

examples in Japanese and English. The two-color design for headings, key words, and phrases makes this title a quick and easy reference and enhances its visual appeal. Whether you're at a beginner, intermediate, or advanced, level, this is a must-have, inexpensive grammar resource for Japanese-language students, teachers, or translators looking for a go-to guide or supplement.

Gone Fishin' Tuttle Publishing

Japanese manga comic books have attracted a devoted global following. In the popular press manga is said to have "invaded" and "conquered" the United States, and its success is held up as a quintessential example of the globalization of popular culture challenging American hegemony in the twenty-first century. In *Manga in America* - the first ever book-length study of the history, structure, and practices of the American manga publishing industry - Casey Brienza explodes this assumption. Drawing on extensive field research and interviews with industry insiders about licensing deals, processes of translation, adaptation, and marketing, new digital publishing and distribution models, and more, Brienza shows that the transnational production of culture is an active, labor-intensive, and oft-contested process of "domestication." Ultimately, *Manga in America* argues that the domestication of manga reinforces the very same imbalances of national power that might otherwise seem to have been transformed by it and that the success of Japanese manga in the United States actually serves to make manga everywhere more American.

Japanese the Manga Way Bloomsbury Publishing
An introduction to Japanese through authentic, commonly-used sentences. This best-selling Japanese textbook is a user-friendly guide for beginners designed for use in a classroom or self-study. It adopts a very different approach from other Japanese language books—teaching you the underlying sentence structures and patterns of Japanese along with essential vocabulary and phrases so you can attain basic fluency quickly. The emphasis is on acquiring a working knowledge of simple, everyday Japanese sentences. This new edition has been thoroughly updated and expanded to reflect the way Japanese is spoken in Japan today. Manga illustrations have been added to each dialogue along with the latest jargon for the internet, social media, cellphones, and IT, and a bidirectional dictionary is included at the back. Each self-contained lesson presents a simple four-step method: Step 1: Basic Sentences: Each lesson begins with a few simple sentences. Essential vocabulary and phrases are learned within the context of these sentences. Audio recordings by native speakers are in the downloadable audiok. Step 2: Communication Notes: A detailed discussion of each sentence follows to assist you in understanding the underlying structure and how to form new sentences based on the same pattern. Step 3: Everyday Conversations: Authentic dialogues with manga illustrations and native-speaker recordings show you how people communicate naturally in Japan today through simple, everyday interactions. Step 4: Exercises: Several sets of easy exercises help reinforce your

understanding of the key points presented in the lesson and review what you have learned so you can move on to the next lesson.

Wrong about Japan Tuttle Publishing

Following the first volume of Remembering the Kanji, the present work provides students with helpful tools for learning the pronunciation of the kanji. Behind the notorious inconsistencies in the way the Japanese language has come to pronounce the characters it received from China lie several coherent patterns. Identifying these patterns and arranging them in logical order can reduce dramatically the amount of time spent in the brute memorization of sounds unrelated to written forms. Many of the “ primitive elements, ” or building blocks, used in the drawing of the characters also serve to indicate the “ Chinese reading ” that particular kanji use, chiefly in compound terms. By learning one of the kanji that uses such a “ signal primitive, ” one can learn the entire group at the same time. In this way, Remembering the Kanji 2 lays out the varieties of phonetic pattern and offers helpful hints for learning readings, that might otherwise appear completely random, in an efficient and rational way. Individual frames cross-reference the kanji to alternate readings and to the frame in volume 1 in which the meaning and writing of the kanji was first introduced. A parallel system of pronouncing the kanji, their “ Japanese readings, ” uses native Japanese words assigned to particular Chinese characters. Although these are more easily learned because of the association of the meaning to a single word, the author creates a kind of phonetic alphabet of single syllable words, each connected to a simple Japanese word, and shows how they can be combined to help memorize particularly troublesome vocabulary. The 4th edition has been updated to include the 196 new kanji approved by the government in 2010 as “ general-use ” kanji. Essential Japanese Grammar Japan Times Publishing, Limited

The immortal samurai Manji is recovering from his wounds as Rin hunts for her family's murderer.

Japanese Language Learning Guide for Travelers National Geographic Books

This biography of the first foreign-born samurai and his journey from Africa to Japan is “ a readable, compassionate account of an extraordinary life ” (The Washington Post). When Yasuke arrived in Japan in the late 1500s, he had already traveled much of the known world. Kidnapped as a child, he had ended up a servant and bodyguard to the head of the Jesuits in Asia, with whom he traversed India and China learning multiple languages as he went. His arrival in Kyoto, however, literally caused a riot. Most Japanese people had never seen an African

man before, and many of them saw him as the embodiment of the black-skinned Buddha.

Among those who were drawn to his presence was Lord Nobunaga, head of the most powerful clan in Japan, who made Yasuke a samurai in his court. Soon, he was learning the traditions of Japan ’ s martial arts and ascending the upper echelons of Japanese society. In the four hundred years since, Yasuke has been known in Japan largely as a legendary, perhaps mythical figure. Now African Samurai presents the never-before-told biography of this unique figure of the sixteenth century, one whose travels between countries and cultures offers a new perspective on race in world history and a vivid portrait of life in medieval Japan. “ Fast-paced, action-packed writing. . . . A new and important biography and an incredibly moving study of medieval Japan and solid perspective on its unification. Highly recommended. ” —Library Journal (starred review) “ Eminently readable. . . . a worthwhile and entertaining work. ” —Publishers Weekly

“ A unique story of a unique man, and yet someone with whom we can all identify. ”

—Jack Weatherford, New York

Times — bestselling author of Genghis Khan
