Featured Book. Large-Scale C++ Volume I:
Process and Architecture. Drawing on over 30
years of hands-on experience building
massive, mission-critical enterprise systems,
John Lakos shows how to create and grow
Software Capital. This groundbreaking
volume lays the foundation for projects of all
sizes and demonstrates the processes,
methods, techniques, and tools needed for
successful real-world ...

(keyboard clicking) - As someone who loves writing
code, as soon as I get a new idea for an application, I
jump right to programming. - And as someone who
manages software development teams, I know that's
the last thing you should be doing. Good software
starts with the design, so you can avoid wasting time
going down the wrong path. I'm Olivia Stone. - And

I'm Barron Stone.
