Elegant People is the definitive history of Weather Report, the premier fusion band of the 1970s and beyond. Founded in late 1970 by three stars of the jazz world—keyboardist Joe Zawinul, saxophonist Wayne Shorter, and bassist Miroslav Vitou š —Weather Report went on to become the most unique and enduring jazz band of its era, with a style of music wholly its own. Now, on the fiftieth anniversary of Weather Report's first album release, comes Elegant People: A History of the Band Weather Report, the first book to tell the band's story in detail. Based on years of research and dozens of interviews with musicians, engineers, managers, and support personnel, Elegant People is written from an insider's perspective, describing Weather Report's transformation from a freewheeling, avant-garde jazz band whose ethos was "We always solo and we never solo" to a grooving juggernaut that combined elements of jazz, funk, Latin, and rhythm and blues. Fueled by Zawinul's hit tune "Birdland" and the charismatic stage presence of legendary electric bass player Jaco Pastorius, Weather Report took on the aura of rock stars. By the time Zawinul and Shorter mutually agreed to part ways in 1986, Weather Report had produced sixteen albums, a body of work that ranks among the most significant in jazz and continues to resonate with musicians and fans today.

The Outsiders One World

Today, jazz history is dominated by iconic figures who have taken on an almost God-like status. From Satchmo to Duke, Bird to Trane, these legendary jazzmen form the backbone of the jazz tradition. Jazz icons not only provide musicians and audiences with figureheads to revere but have also come to stand for a number of values and beliefs that shape our view of the music itself. Jazz Icons explores the growing significance of icons in jazz and discusses the reasons why the music's history is increasingly dependent on the legacies of 'great men'. Using a series of individual case studies, Whyton examines the influence of jazz icons through different forms of historical mediation, including the recording, language, image and myth. The book encourages readers to take a fresh look at their relationship with iconic figures of the past and challenges many of the dominant narratives in jazz today.

Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children’s lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, Between the World and Me clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

The Lives and Times of Sun Ra Sonny Rollins Omnibook for C Instruments (Schott). This method provides a complete course for players of all ages, guiding students from their first note to 'classics', together with compositions by contemporary writers. Accompanied by high quality rhythm section track recordings accessed online. Right from the start, students can enjoy authentic jazz sounds, playing in the company of professionals. With step-by-step instruction and a progression of specially written pieces, the fundamental elements of good technique are introduced alongside the rhythmic subtleties of jazz. Improvisation is encouraged from an early stage and is given direction through the systematic study of scales and arpeggios and advice on ear-training and chord patterns. With supplementary suggestions for listening and reading, and an Appendix containing all the chord progressions for 'live' accompaniment of the tunes, The Jazz Method is ideally suited to both students working alone and those learning with a teacher. "John O'Neill has a solid understanding of jazz and how it can be taught. I highly recommend his educational jazz materials." (Jamey Aebersold) "...a rare opportunity for a new player (or a more experienced one) to develop a really musical facility. A rare addition to the jazz improvising library." (Lee Konitz, international jazz saxophone soloist) - includes 'classics' by Thelonious Monk, Charlie Parker, Sonny Rollins and Horace Silver - "...very good original jazz tunes that students will use as stepping stones for further development... a non-jazz-playing flute teacher would probably find the book a godsend especially if students are studying GCSE music." TheLonious Monk Play-Along McGraw Hill Professional "May be the best book ever written about jazz."-David Thomson, Los Angeles Times In eight poetically charged vignettes, Geoff Dyer skillfully evokes the music and the men who shaped modern jazz. Drawing on photos, anecdotes, and, most important, the way he hears the music, Dyer imaginatively reconstructs scenes from the embattled lives of some of the greats: Lester Young fading away in a hotel room; Charles Mingus storming down the streets of New York on a too-small bicycle; Thelonious Monk creating his own private language on the piano. However, music is the driving force of But Beautiful, and wildly metaphoric prose that mirrors the quirks, eccentricity, and brilliance of each musician's style.

Between the World and Me McFarland What Duke Ellington and Miles Davis teach us about leadership How do you cope when faced with complexity and constant change at work? Here’s what the world’s best leaders and teams do: they improvise. They invent novel responses and take calculated risks without a scripted plan or a safety net that guarantees specific outcomes. They negotiate with each other as they proceed, and they don’t dwell on mistakes or stifle each other’s ideas. In short, they say “yes to the mess” that is today’s hurried, harried, yet enormously innovative and fertile world of work. This is exactly what great jazz musicians do. In this revelatory book, accomplished jazz pianist and management scholar Frank Barrett shows how this improvisational “jazz mind-set” and the skills that go along with it are essential for effective leadership today. With fascinating stories of the insights and innovations of jazz greats such as Miles Davis and Sonny Rollins, as well as probing accounts of the wisdom gleaned from his own experience as a jazz musician, Barrett introduces a new model for leading and collaborating in organizations. He describes how, like skilled jazz players, leaders need to master the art of unlearning, perform and experiment simultaneously, and take turns soloing and supporting each other. And with examples that range from manufacturing to the military to high-tech, he illustrates how organizations must take an inventive approach to crisis management, economic volatility, and all the rapidly evolving realities of our globally connected world. Leaders today need to be expert improvisers. Yes to the Mess vividly shows how the principles of jazz thinking and jazz performance can help anyone who leads teams or works with them to develop these critical skills, wherever they sit in the organization. Engaging and insightful, Yes to the Mess is a seminar on collaboration and complexity, against the soulful backdrop of jazz. *A Critical Filmography of 171 Features, 1927 through 1932* Alfred Publishing Company Recreates the character and atmosphere of this dramatic era in a collage of recollections by both well-known and obscure Americans.
