What can I do if a mobility scooter or power wheelchair will not power up? 1. Verify that the key is fully inserted into the key switch. 2. Verify that the battery pack is seated properly. If your scooter / wheelchair does not have a battery pack then check battery(s) cables & connections). 3.

Owner's Manual - Pride Mobility Products Corp.

Check your owner's manual to determine where the freewheel lever is located on your specific power chair model. When you engage the freewheel lever it will allow you to use the mobility device with the standard controls. Disengaging the freewheel lever is excellent for when your battery power runs out and you need assistance.
