The JCB 444 is a model of engine designed and built by JCB. They have set up a new factory at Foston,

Derbyshire to build them. A pair of highly modified versions of this engine were fitted to the JCB Dieselmax

which set a new world following land speed record for a diesel powered vehicle. The new record is 350 mph.

Timik - JCB 444 engines, Perkins / Ford new ...

According to JCB, the 444-engine project represents the largest single investment made by the company in its 60-year history — an estimated \$140 million. The new engine was five years in development, says JCB, which included 100,000 hours of testing before its launch.
