Hi all. Im new to AJOR. I live in South Africa. Few months ago i bought a 2001 XJ (2.5td VM engine). She is in great

condition, inside and out,
really in love with this Jeep!
And the engine seems to have
been maintained nicely by the
previous owner. Here in SA
however, not many mechanics know
much about this VM engine and
parts are hard to locate.

The 2.5 is not a racing vehicel.
All Jeeps are very capable
vehicles offroad. Depending on the

application and the terrain. A Jeep is never called a car. It is a JEEP klaar! The engines you are referring to are actually made by Detroit diesel in Mexico as VM motori was bought by Chrysler. Personally i have not had any issues with the engine in my Jeep.
