Consumer Reports Motorbooks
The photos in this edition are black and white. From Willys and Overland Jeeps of World War II, to the CJ models of the '70s and early '80s, to the slightly more civilized Wrangler, the Jeep has become an American icon. Jeep has maintained its popularity by updating and modernizing the traditional two-door, removable-top Jeep without watering down its off-road capability. Jeep owners love to personalize their vehicles and modify them for better performance on and off road. In "High-Performance Jeep Wrangler TJ Builder's Guide 1997-2006," author Christian Lee explains how to upgrade your Wrangler's suspension, axles, differentials, engine, transfer case, wheels and tires, skid plates, and more, using aftermarket and salvage-yard upgrades. This book includes more than 350 images and drawings to show beginners and experienced Jeepers how to do things right. Lee even has special sections for basic driving and recovery techniques, and photos of built-up Jeeps to give you ideas for your own Wrangler.

4x4s, Pickups and Vans Buying Guide 1999 Publications International
In today's uncertain economy, more car buyers are turning to the used car market. Based on the results of unbiased tests and surveys conducted by Consumer Reports, the guide evaluates fuel economy, performance level, repair record, and overall quality of hundreds of 1984-1989 cars, with detailed reports on 1987-1989 models. Ratings charts, tables, index.

New Cars & Trucks Buyer's Guide Consumer Guide Books
These days, there are many advantages to buying a used car over a new car. Unfortunately, purchasing a used car may pose a greater risk to the consumer. A used car in its nature will most likely need more repairs, lack newer safety measures, and may come with a short warranty or none at all. That is why it is so important for consumers to do extensive research so they can avoid all of the pitfalls of the used car market category. The auto experts at "Consumer Reports" have done the work for you and have compiled their extensive research and report their findings into the 2006 edition of "Used Car Buying Guide." This fabulous tool will help steer any consumer who is in the market for a used car towards the better-performing and more reliable used car models and away from those models with a troubled past or substandard performance. Before consumers set foot on a used car lot, they should read all the valuable information provided in this book so they can be armed with as much information as possible and the knowledge to make an educated choice. "Consumer Reports" knows cars and offers the most detailed and revealing used car reliability information available anywhere including: - Reviews of every major model from 1998 - 2005 - Lists of the best and worst used vehicles and how to avoid a lemon - A checklist of what to look for when inspecting a used car - Tips on negotiating the best price Reliability and crash test information - Making sense of safety information The majority of this book is devoted to the profiles of 256 cars and trucks, presenting all major 1998-2005 models. Each profile contains a photo from the representative year, a write-up of the vehicle, reliability history, crash-test data, and the model years when key safety gear was added and when a major

redesign was made.
High-Performance Jeep Wrangler Tj Builder's Guide 1997-2006 Cartech

Smart Buyer's Guide to Buying Or Leasing a Car Consumer Reports Books
Buying a car can be a smart idea - a car loses the lion's share of its value when it is driven off the new car lot, so why let someone else take that loss? But buyer beware: A used car is likely to need more repairs and may come with a short warranty or none at all. In addition, used cars may lack the latest safety features. That is why it is so important for consumers to do extensive research so they can avoid all of the potential pitfalls of buying a used car. The auto experts at "Consumer Reports" have done the work for you and have compiled their extensive research and report their findings into the 2007 edition of USED CAR BUYING GUIDE. This fabulous tool will help steer any consumer who is in the market for a used car towards the better-performing and more reliable used car models and away from those models with a troubled past or substandard performance. Before consumers set foot on a used car lot, they should read all the valuable information provided in this book so they can be armed with as much information as possible and the knowledge to make an educated choice. "Consumer Reports" knows cars and offers the most detailed and revealing used car reliability information available anywhere including: - Unbiased reviews of every major model from 1999 - 2006- Lists of the best and worst used vehicles and how to avoid a lemon - A checklist of what to look for when inspecting a used car- Best used cars for gas mileage- Tips on negotiating the best priceReliability, recalls and crash test information- Making sense of safety information -How to get the most money when trading in your current car The majority of this book is devoted to the profiles of 264 cars, minivans, SUVs and trucks, presenting all major 1999-2006 models. Each profile contains a photo from the representative year, a write-up of the vehicle, reliability history, crash-test data, and the model years when key safety gear was added and when a major redesign was made.
