In *Personal Identity and Literature*, Hogan examines what makes an individual a particular, unique self. He draws on cognitive and affective science as well as literary works - from Walt Whitman and Frederick Douglass to Dorothy Richardson, Alice Munro, and J. M. Coetzee. His scholarly analyses are also intertwined with more personal reflections, on for example his mother's memory loss. The result is a work that examines a complex topic by drawing on a unique range of resources, from empirical psychology and philosophy to novels, films, and biographical experiences. The book provides a clear, systematic account of personal identity that is theoretically strong, but also unique and engaging.

Good Ole Rotten Apples Youcanprint

Attempts to build a bridge between POB and Positive Organizational Scholarship (POS). This volume includes contributions from both fields, and theories and studies in which a positive individual perspective (POB) is combined with a positive organization perspective (POS).

User Assessment of Smoke-dispersion Models for Wildland Biomass Burning ISBN Canada

"I've worked side by side with Dr. Pescatore for many years. In

this book--which I heartily recommend--Dr. Pescatore teaches you how to bring health and nutrition to the next generation."--Robert C. Atkins, M.D., author of the multimillion copy bestseller *Dr. Atkins' New Diet Revolution*. "Feed Your Kids Well offers a sensible approach to the difficult problem of childhood obesity--and many other children's health problems. Dr. Pescatore provides parents with excellent strategies for dealing with their children in a positive, sensitive way."--Carol Colman, coauthor of the New York Times bestseller *The Melatonin Miracle*. "Feed Your Kids Well is an excellent book that explains the importance of a well-balanced diet. It exposes the dangers associated with high-sugar foods and reveals the true cause of childhood obesity."--Joyce and Gene Daoust, authors of *40-30-30 Fat Burning Nutrition*. "I helped nutritionally vet Adelle Davis's book, *Let's Have Healthy Children*. In my opinion, *Feed Your Kids Well* replaces that important work."--Fran Gare, nutrition expert, CBS-TV. Today, one-third of North American children and teenagers are overweight. And despite decades of medical and scientific breakthroughs, the percentage of children with health problems today is the highest in history. *Feed Your Kids Well* will be a revelation for millions of worried parents. Dr. Fred Pescatore, who was overweight and asthmatic as a child, brings an empathetic and hopeful tone to this groundbreaking guide to achieving optimum nutrition, ideal health, and self-confidence. Building on the low-carbohydrate principles of the hugely popular *Dr. Atkins' New Diet Revolution*--which has helped millions of adults lose weight permanently--Dr. Pescatore applies the Atkins Center's proven nutritional program to children and teenagers. Thoroughly tested over years of exhaustive research, his *Next Generation Diet* is the first health program to recognize that simply applying adult diet plans to children is ineffective--and often dangerous. The author argues that the real culprit behind dietary problems is not fat, but sugars and starches. *Feed Your Kids Well* brings

something new to the table: sane and practical guidance for parents concerned not only about weight loss, but also about general wellness and the prevention of disease--from asthma to ADD, from earaches to allergies. After explaining how your child's body and metabolism work, Dr. Pescatore clearly outlines a straightforward nutritional lifestyle program that helps parents shape the important building blocks--proteins, fats, and carbohydrates--into complete, well-balanced meals. Packed with easy-to-follow sample menus for every day of the week, this book provides delicious, healthy alternatives. Kids will love the dozens of simple, step-by-step recipes for a variety of dishes, including pancakes with strawberry topping, chicken fingers, beef tacos, fudgy brownie squares, and peanut butter cookies. Some recipes are easy enough for kids to make themselves! Parents will also learn how to integrate effective nutrition with various vitamin supplements, complementary medical treatments, and a regular exercise program, which can help heal and even prevent childhood ailments. With fascinating case studies, Dr. Pescatore demonstrates how to treat these problems simply by monitoring nutrient deficiencies and sugar overload. In childhood, the all-important seeds of our adult selves are planted--from our personalities to our eating habits. *Feed Your Kids Well* helps parents prepare their children for healthy, happy lives.

Writing: A User Manual Penguin

Just about everything today comes with an operating manual—from your computer to your car, from your cell phone to your iPad. Is it possible that Life comes with an operating manual as well? That's the simple but powerful premise of Tom Shadyac's inspiring and provocative first book. Written as a series of essays and dialogues, we are invited into a conversation that is both challenging and empowering. The question now is, can we discern what is written inside this operating manual and garner the courage to live in accordance with its precepts?

Learn to create your own blog using the Jekyll static site generator. You'll start with a simple template, add new features to it, automate any maintenance, attach social sharing, and begin writing. By the end of *Creating Blogs with Jekyll*, you will be able to create custom blogs with Jekyll, update the content with ease, and reach out to your readers with minimal effort. Because you've built your blog yourself, you'll know exactly how each component works, and you won't be dependent on an admin panel to maintain it. *Creating Blogs with Jekyll* equips you with the knowledge to create an elegantly designed blog and scale it to capture more readers. Recapture the magic of writing by creating great content and use an easy workflow in Jekyll to maintain it for blogging. Do new things and write about them in style with Jekyll. Takes you through building a fully functional blog from scratch using Jekyll Provides a fun way to work on a side-project and integrate cutting edge web technologies Teaches you how to update and maintain your awesome blog Jekyll is a simple, secure and very low maintenance blog engine that converts naturally written content in markdown into a beautiful and minimal blog. It allows you to focus on content

creation and expressing yourself instead of spending all your time updating the plugins and maintaining the database. Jekyll does not rely on a database as a backend so your blog will be far more secure and reliable than any traditional blogging engines such as WordPress. We live in a day and age where short attention spans make it very difficult to expose a reader to interesting content. What better way to capture a reader's attention and retain viewers by captivating them by your own unique style and taste? Jekyll allows the content to shine with minimal distractions and a greater focus on the content and easy sharing of the content. What You'll Learn Choose a base theme appropriate for your style and development Integrate various web technologies that will work well together and enhance your blog Automate social sharing components and comments workflow Make adjustments to themes, views and styles of blog posts Update any of the modular components of the blog and integrate new technologies Implement Jekyll and deploying static websites for future projects Who This Book Is For The developer who is ready to move beyond the complexities of maintaining a content management system by creating their own unique blog in their own style. It's for the project manager tired of spending all their time editing their blog on the admin panel and updating the content management system. *Creating Blogs with Jekyll* is an excellent choice for new developers to start blogging because of the simplicity of Jekyll's theming layer and writing workflow. It's an excellent choice for the web developer wanting to build their blog from scratch and expand their knowledge of higher level web technologies.

Books and Pamphlets, Including Serials and Contributions to Periodicals Hay House, Inc

Judy Frankamp discovered that being raised in a "religious" home was not enough. It was only when Jesus her Saviour became the Lord of her life, she truly understood what it meant to be born again. Then she could not help but be honest and confront those around her. She takes us into specific issues that have bothered

many Christians, but they could not quite get a handle on them. Frankamp knows how to put them into words. With an engaging, homey style, the author explains how she learned that her favorite "Christian" talk show host was really pushing the New Age. She puts into plain language what is wrong with Harry Potter. She describes her confrontation with liberal pastors who didn't care if their Bible had removed or changed the words of God. They just didn't want to make waves. On several occasions, she writes from the point of view of Satan and his devils, scheming how to derail Christians. There are some things, like the Harry Potter craze, that we just "know" aren't right, but can't explain it. After reading Frankamp's story, you'll know how.

What is the point? What is the purpose of life? Why must I suffer the stress, and anxiety that comes with it? Why does it all seem so hard and so unfair? If you have asked yourself any of these questions, then you have found the book you are looking for. There are answers to all of these questions and Anderson Silver has compiled teachings from Stoicism and other schools of thought in *Your User's Manual*. This refreshing collection not only gives the reader much sought after answers, but also provides the tools for finding purpose, and living an anxiety-free life in the modern world. Meant as a light read that the reader can come back to and meditate on periodically, Anderson has done a wonderful job of condensing fundamental teachings, making *Your User's Manual* a straightforward read in answering life's most pressing questions and recognizing what is truly important. Passport to World Band Radio 1995 Balboa Press

You are a writer and you have a killer book idea. When your project starts to take off you will find yourself managing a writhing tangle of ideas, possibilities and potential potholes. How do you turn your inspiration into a finished novel? Writing a User's Manual offers practical insight into the processes that go into writing a novel, from planning to story development, research to revision and, finally, delivery in a form which will catch the eye of an agent or publisher. David Hewson, a highly productive and successful writer of popular fiction with more than sixteen novels in print in twenty or so languages, shows how to manage the day to day process of writing. Writers will learn how to get the best out of software and novel writing packages such as Scrivener, which help you view your novel not as one piece of text, but as individual linked scenes, each with their own statistics, notes and place within the novel structure. As you write, you will need to assemble the main building blocks to underpin your artistry : story structure; genre - and how that affects what you write; point of view; past, present or future tense; software for keeping a book journal to manage your ideas, research and outlining; organization and more. The advice contained in this book could mean the difference between finishing your novel, and a never-ending work in progress. An essential tool for writers of all kinds. Foreword by Lee Child.

Advances in Positive Organization Simon and Schuster
William Reiners and Kenneth Driese introduce a conceptual framework for studying the propagation of ecological influences across landscapes. They also provide examples of models that describe and predict propagation. Their volume is an excellent graduate-level introduction to the field of landscape ecology, which is concerned with the effects of spatial patterns on ecological processes, especially the movement of organisms, abiotic materials and energy across

landscapes.

"Some books are deeper and more profound than others. They touch us at a deep soul level. This is one of those books. Your Owner's Manual for Life epitomizes the Truth that our greatest resource lies within." ~ Jack Canfield, Co-creator, of the Chicken Soup for the Soul(R) book series "I have never met anyone so completely dedicated to her vocation as Maureen Damery has been in her relentless pursuit of this book. She is a student of life with a child's sense of wonder and a teacher of healing light and energy. Maureen's background in software development coupled with her deep spiritual commitment to healing the human soul have converged beautifully to co-create with the divine and birth this incredibly insightful book. Getting lost in it may be the only way to find your true self." ~Karen Biscoe, CPC
Desiring more meaning, fulfillment and joy in my life, I embarked on a quest to actualize this aspiration. Your Owner's Manual for Life is the synthesis of everything I've

learned, believe and love.
