Dr. Perkins' final manifesto on race, faith, and reconciliation We are living in historic times. Not since the civil rights movement of the 60s has our country been this vigorously engaged in the reconciliation conversation. There is a great opportunity right now for culture to change, to be a more perfect union. However, it cannot be done without the church, because the faith of the people is more powerful than any law government can enact. The church is the heart and moral compass of a nation. To turn a country away from God, you must sideline the church. To turn a nation to God, the church must turn first. Racism won't end in America until the church is reconciled first. Then—and only then—can it spiritually and morally lead the way. Dr. John M. Perkins is a leading civil rights activist today. He grew up in a Mississippi sharecropping family, was an early pioneer of the civil rights movement, and has dedicated his life to the cause of racial equality. In this, his crowning work, Dr. Perkins speaks honestly to the church about reconciliation, discipleship, and justice... and what it really takes to live out biblical reconciliation. He offers a call to repentance to both the white church and the black church. He explains how band-aid approaches of the past won't do. And while applauding these starter efforts, he holds that true reconciliation won't happen until we get more intentional and relational. True friendships must happen, and on every level. This will take the whole church, not just the pastors and staff. The racial reconciliation of our churches and nation won't be done with big campaigns or through mass media. It will come one loving, sacrificial relationship at a time. The gospel and all that it encompasses has always traveled best relationally. We have much to learn from each other and each have unique poverties that can only be filled by one another. The way forward is to become "wounded healers" who bandage each other up as we discover what the family of God really looks like. Real relationships, sacrificial love between actual people, is the way forward. Nothing less will do.

Moral Struggle and the Prophets Beacon Press

A landmark in the conversation about race and religion in America. "They put him to death by hanging him on a tree." Acts 10:39 The cross and the lynching tree are the two most emotionally charged symbols in the history of the African American community. In this

powerful new work, theologian James H. Cone explores these symbols and their interconnection in the history and souls of black folk. Both the cross and the lynching tree represent the worst in human beings and at the same time a thirst for life that refuses to let the worst determine our final meaning. While the lynching tree symbolized white power and "black death," the cross symbolizes divine power and "black life" God overcoming the power of sin and death. For African Americans, the image of Jesus, hung on a tree to die, powerfully grounded their faith that God was with them, even in the suffering of the lynching era. In a work that spans social history, theology, and cultural studies, Cone explores the message of the spirituals and the power of the blues; the passion and of Emmet Till and the engaged vision of Martin Luther King, Jr.; he invokes the spirits of Billie Holliday and Langston Hughes, Fannie Lou Hamer and Ida B. Well, and the witness of black artists, writers, preachers, and fighters for justice. And he remembers the victims, especially the 5,000 who perished during the lynching period. Through their witness he contemplates the greatest challenge of any Christian theology to explain how life can be made meaningful in the face of death and injustice.

Mysticism and Social Change Modern Spiritual Masters

Although he is best known as a mentor to the Reverend Martin Luther King, Jr., Howard Thurman (1900–1981) was an exceptional philosopher and public intellectual in his own right. In *Howard Thurman: Philosophy, Civil Rights, and the Search for Common Ground*, Kipton E. Jensen provides new ways of understanding Thurman's foundational role in and broad influence on the civil rights movement and argues persuasively

that he is one of the unsung heroes of that time. While Thurman's profound influence on King has been documented, Jensen shows how Thurman's reach extended to an entire generation of activists. Thurman espoused a unique brand of personalism. Jensen explicates Thurman's construction of a philosophy on nonviolence and the political power of love. Showing how Thurman was a "social activist mystic" as well as a pragmatist, Jensen explains how these beliefs helped provide the foundation for King's notion of the beloved community. Throughout his life Thurman strove to create a climate of "inner unity of fellowship that went beyond the barriers of race, class, and tradition." In this volume Jensen meticulously documents and analyzes Thurman as a philosopher, activist, and peacemaker and illuminates his vital and founding role in and contributions to the monumental achievements of the civil rights era.

Disrupting the racist and sexist biases in conversations on reconciliation Chanequa Walker-Barnes offers a compelling argument that the Christian racial reconciliation movement is incapable of responding to modern-day racism. She demonstrates how reconciliation's roots in the evangelical, male-centered Promise Keepers' movement has resulted in a patriarchal and largely symbolic effort, focused upon improving relationships between men from various racial-ethnic groups. Walker-Barnes argues that highlighting the voices of women of color is critical to developing any genuine efforts toward reconciliation. Drawing upon intersectionality theory and critical race studies, she demonstrates how living at the intersection of racism and sexism exposes women of color to unique experiences of gendered racism that are not about relationships, but rather are about systems of power and inequity.

Refuting the idea that race and racism are "one-size-fits-all," *I Bring the Voices of My People* highlights the particular work that White Americans must do to repent of racism and to work toward racial justice and offers a

constructive view of reconciliation that prioritizes eliminating racial injustice and healing the damage that it has done to African Americans and other people of color.

"One of the great religious leaders of [the twentieth] century" tells his story of growing up under segregation and finding his calling as a minister (*Atlanta Journal-Constitution*). Howard Thurman was a singular man—a minister, philosopher, and educator whose vitality and vision touched the lives of countless people of all races, faiths, and cultures. In his moving autobiography, Dr. Thurman tells of his lonely years growing up in a segregated town, where the nurturing black community and a profound interest in nature provided his deepest solace. That same young man would go on to become one of the great spiritual leaders of our time. Over the course of his extraordinary career, Thurman served as a dean of Rankin Chapel and professor of theology at Howard University; minister of the interdenominational Fellowship Church in San Francisco, of which he was a cofounder; dean of Marsh Chapel of Boston University; and honorary canon of the Cathedral Church of St. John the Divine in New York. He was deeply engaged in work with the Howard Thurman Educational Trust until his death in 1981. This is Thurman's story in his own inspiring words. "Inspiring . . . a tale of trial and triumph. It should be read by everyone." —Vernon Jordan, president of the National Urban League "Now we can peer with delight into the soul of this master and grasp some of the sense of religious genius which has been the source of all that blessed teaching." —Rabbi Joseph B. Glaser

former executive vice president, Central Conference of American Rabbis "The reader's admiration for this educator and spiritual healer grows naturally as the story unfolds." —*The Atlanta Journal-Constitution* "Thurman leads his readers . . . with an air of gracious ease and imperturbable dignity."

Jesus and the Disinherited Orbis Books

This book examines the meaning of Jesus' humanity, his divinity, and the special significance of his teachings to the poor and the oppressed. The discussion of these issues is shaped around the theology of Howard Thurman (1900-1981), one of the greatest religious thinkers of his generation. It is the only such work which thoroughly defines Thurman's significance as an African American folk theologian who both adopts and transcends his religious heritage. Thurman is depicted as a 'folk theologian' who both perpetuates and transforms African American folk religion. The core of Thurman's theology revolves around his reinterpretation of the meaning of the concept of 'humanity' and 'divinity'. The search for a 'Black Christ', black messiah, has been a prominent feature of African American religious thought in the past two centuries. This book addresses Thurman's treatment of Jesus within the ebb-and-flow of the debates in this area. This is the first work devoted exclusively to the subject of Christology as the center of Thurman's theology.

This book is meant to stimulate scholarship on Thurman's significance as a major religious figure. It is valuable for interpreting Thurman's thoughts. Any reader or student of Howard Thurman, or anyone curious to know Thurman, will want this book. With Head and Heart Simon and Schuster "If reconciliation is the takeaway point for the civil rights story we usually tell, then the takeaway point for the more complex, more truthful civil rights story contained in *Dear White Christians* is reparations." —from the preface to the second edition With the troubling and painful events of the last several years—from the killing of numerous unarmed Black men and women at the hands of police to the rallying of white supremacists in Charlottesville—it is clearer than ever that the reconciliation paradigm, long favored by white Christians, has failed to heal the deep racial wounds in the church and American society. In this provocative book, originally published in 2014, Jennifer Harvey argues for a radical shift away from the well-meaning but feeble longing for reconciliation toward a robustly

biblical call for reparations. Now in its second edition—with a new preface addressing the explosive changes in American culture and politics since 2014, as well as an appendix that explores what a reparations paradigm can actually look like—Dear White Christians calls justice-committed Christians to do the gospel-inspired work of opposing racist social structures around them. Harvey's message is historically and scripturally rooted, making it ideal for facilitating the difficult but important discussions about race that are so desperately needed in churches and faith-centered classrooms across the country.

Famously known as the text that Martin Luther King Jr. sought inspiration from in the days leading up to the Montgomery bus boycott, Howard Thurman's *Jesus and the Disinherited* helped shape the civil rights movement and changed our nation's history forever. In this classic theological treatise, the acclaimed theologian and religious leader Howard Thurman (1900-1981) demonstrates how the gospel may be read as a manual of resistance for the poor and disenfranchised. Jesus is a partner in the pain of the oppressed and the example of His life offers a solution to ending the descent into moral nihilism. Hatred does not empower--it decays. Only through self-love and love of one another can God's justice prevail.

The faith journeys of a major mentor to the civil rights movement Teacher. Minister. Theologian. Writer. Mystic. Activist. No single label can capture the multiplicity of Howard Thurman's life, but his influence is evident in the most significant aspects of the civil rights movement. In 1936, he visited Mahatma Gandhi in India and subsequently brought Gandhi's concept of nonviolent resistance across the globe to the United States. Later, through his book *Jesus and the Disinherited*, he foresaw a theology of American liberation based on the life of Jesus as a dispossessed Jew under Roman rule. Paul Harvey's biography of Thurman speaks to the manifold ways this mystic theologian and social activist sought to transform the world to better reflect "that which is God in us," despite growing up in the South during the ugliest years of Jim Crow. After founding one of the first intentionally interracial churches in the country—the Church for the Fellowship of All Peoples in San Francisco—he shifted into a mentorship role with Martin Luther King Jr. and other civil rights leaders. He advised them to incorporate more inward seeking and rest into their activism, while also recasting their struggle for racial equality in a more cosmopolitan, universalist manner. As racial justice once again comes to the forefront of American consciousness, Howard Thurman's faith and life have much to say to a new generation of the disinherited and all those who march alongside them.
