A trenchant and timeless examination of the still-contested meanings of President Barack Obama's election, from a preeminent scholar of race, politics, and American history—with a new introduction by the author. When voters in 2008 chose the United States' first black president, some Americans hailed the event as a sign that the nation had, at long last, transcended its bloody history of racial inequality. Obama's victory was indescribably momentous, but if the intervening years proved anything, it is that we never leave history entirely behind. Indeed, this may be the ultimate lesson of the Obama era. First published in 2010, *The Substance of Hope* is acclaimed historian Jelani Cobb's meditation on what Obama's election represented, an insightful investigation into the civil rights movement forces that helped produce it, and a prescient inquiry into how American society does—and does not—change. In penetrating, elegant prose, Cobb teases apart the paradoxes embodied in race and patriotism, identity and citizenship, progress and legacy. Now reissued with a new introduction by the author, reflecting on how the seismic impact of the Obama presidency continues to shape America, *The Substance of Hope* is an indelible work of history and cultural criticism from one of our most singular voices.

In a narrative that has urgent significance for every church congregation facing the racial dilemma of mid-twentieth century America, Howard Thurman tells the dramatic story of the founding of the first fully integrated church in the United States—the Church for the Fellowship of All Peoples in San Francisco. Dr. Thurman, cofounder and long time minister, gives a complete and intimate picture of the beginnings of Fellowship Church, its early problems, experiments, and successful attainment of complete interracial unity. In simple, moving terms he describes the everyday events of church life—worship services, choir practice, church school, etc. —against the background of a multiracial congregation. Through his genius the reader experiences the anxious moments of forming new patterns of organization, the thrill of new and unexpected allies, of vistas opening into the future.

"One of the great religious leaders of [the twentieth] century" tells his story of growing up under segregation and finding his calling as a minister (*Atlanta Journal-Constitution*). Howard Thurman was a singular man—a minister, philosopher, and educator whose vitality and vision touched the lives of countless people of all races, faiths, and cultures. In his moving autobiography, Dr. Thurman tells of his lonely years growing up in a segregated town, where the nurturing black community and a profound interest in nature provided his deepest solace. That same young man would go on to become one of the great spiritual leaders of our time. Over the course of his extraordinary career, Thurman served as a dean of Rankin Chapel and professor of theology at Howard University; minister of the interdenominational Fellowship Church in San Francisco, of which he was a cofounder; dean of Marsh Chapel of Boston University; and honorary canon of the Cathedral Church of St. John the Divine in New York. He was deeply engaged in work with the Howard Thurman Educational Trust until his death in 1981. This is Thurman's story in his own inspiring words. "Inspiring . . . a tale of trial and triumph. It should be read by everyone." —Vernon Jordan, president of the National Urban League "Now we can peer with delight into the soul of this master and grasp some of the sense of religious genius which has been the source of all that blessed teaching." —Rabbi Joseph B. Glaser, former executive vice president, Central Conference of American Rabbis "The reader's admiration for this educator and spiritual healer grows naturally as the story unfolds." —*The Atlanta Journal-Constitution* "Thurman leads his readers . . . with an air of gracious ease and imperturbable dignity." —*Kirkus Reviews*

"No other publication in the twentieth century has upended antiquated theological notions, truncated political ideas, and socially constructed racial fallacies like *Jesus and the Disinherited*. Thurman's work keeps showing up on the desk of anti-apartheid activists, South American human rights workers, civil rights champions, and now Black Lives Matter advocates." —Rev. Otis Moss III, author of *Blue Note Preaching in a Post-Soul World* and senior pastor at Trinity United Church of Christ A commemorative edition of the work that inspired Martin Luther King Jr. and helped shape the civil rights movement In this beautiful gift edition of the classic theological treatise, complete with a place-marker ribbon and silver gilded edges, celebrated theologian and religious leader Howard Thurman (1899–1981) revolutionizes the way we read the gospel. Thurman lifts Jesus up as a partner in the pain of the oppressed and reveals the gospel as a manual of resistance for the poor and disenfranchised. In this view, the example of Jesus's life shows us that hatred does not empower—it decays. Only by recognizing fear, deception, contempt, and love of one another can God's justice prevail. With a new foreword by acclaimed womanist theologian Kelly Brown Douglas, this edition of *Jesus and the Disinherited* is a timeless testimony of faith that demonstrates how to thrive and flourish in a world that attempts to destroy one's humanity from the inside out. Having witnessed firsthand the depths of white supremacy and the heights of human civility, Thurman reiterates the inherent dignity of all of God's children.

Shows how the system of sacred violence at the heart of the conventional culture is being undermined by the biblical tradition, especially the Gospel.

[The Disinherited Bloomsbury Publishing USA](#)

Perhaps no other group of people has been as much formed by biblical texts and tropes as African Americans. From literature and the arts to popular culture and everyday life, the Bible courses through black society and culture like blood through veins. Despite the enormous recent interest in African American religion, relatively little attention has been paid to the diversity of ways in which African Americans have utilized the Bible. African Americans and the Bible is the fruit of a four-year collaborative research project directed by Vincent L. Wimbush and funded by the Lilly Endowment. It brings together scholars and experts (sixty-eight in all) from a wide range of academic and artistic fields and disciplines—including ethnography, cultural history, and biblical studies as well as art, music, film, dance, drama, and literature. The focus is on the interaction between the people known as African Americans and that complex of visions, rhetorics, and ideologies known as the Bible. As such, the book is less about the meaning(s) of the Bible than about the Bible and meaning(s), less about the world(s) of the Bible than about how worlds and the Bible interact—in short, about how a text constructs a people and a people constructs a text. It is about a particular sociocultural formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general. Thus African Americans and the Bible provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed.

"Sermons by Howard Thurman on mystics and mysticism" --

[The Way of the Mystics HMH](#)

This book examines the meaning of Jesus' humanity, his divinity, and the special significance of his teachings to the poor and the oppressed. The discussion of these issues is shaped around the theology of Howard Thurman (1900-1981), one of the greatest religious thinkers of his generation. It is the only such work which thoroughly defines Thurman's significance as an African American folk theologian who both adopts and transcends his religious heritage. Thurman is depicted as a 'folk theologian' who both perpetuates and transforms African American folk religion. The core of Thurman's theology revolves around his reinterpretation of the meaning of the concept of 'humanity' and 'divinity'. The search for a 'Black Christ', black messiah, has been a prominent feature of African American religious thought in the past two centuries. This book addresses Thurman's treatment of Jesus within the ebb-and-flow of the debates in this area. This is the first work devoted exclusively to the subject of Christology as the center of Thurman's theology.

[Blue Note Preaching in a Post-Soul World Fortress Press](#)

"If reconciliation is the takeaway point for the civil rights story we usually tell, then the takeaway point for the more complex, more truthful civil rights story contained in *Dear White Christians* is reparations." — from the preface to the second edition With the troubling and painful events of the last several years—from the killing of numerous unarmed Black men and women at the hands of police to the rallying of white supremacists in Charlottesville—it is clearer than ever that the reconciliation paradigm, long favored by white Christians, has failed to heal the deep racial wounds in the church and American society. In this provocative book, originally published in 2014, Jennifer Harvey argues for a radical shift away from the well-meaning but feeble longing for reconciliation toward a robustly biblical call for reparations. Now in its second edition—with a new preface addressing the explosive changes in American culture and politics since 2014, as well as an appendix that explores what a reparations paradigm can actually look like—*Dear White Christians* calls justice-committed Christians to do the gospel-inspired work of opposing racist social structures around them. Harvey's message is historically and scripturally rooted, making it ideal for facilitating the difficult but important discussions about race that are so desperately needed in churches and faith-centered classrooms across the country.

"The first in a series that collects the "Sermon Series" by renowned African American theologian Howard Thurman, this volume on "Man and the Moral Struggle" and "The Message of the Prophets." --

[Spiritual Activism Ravenio Books](#)

Famously known as the text that Martin Luther King Jr. sought inspiration from in the days leading up to the Montgomery bus boycott, Howard Thurman's *Jesus and the Disinherited* helped shape the civil rights movement and changed our nation's history forever. In this classic theological treatise, the acclaimed theologian and religious leader Howard Thurman (1900-1981) demonstrates how the gospel may be read as a manual of resistance for the poor and disenfranchised. Jesus is a partner in the pain of the oppressed and the example of His life offers a solution to ending the descent into moral nihilism. Hatred does not empower—it decays. Only through self-love and love of one another can God's justice prevail.

Dr. Thurman explores five major dimensions of the spiritual life: commitment, growing in wisdom and stature, suffering, prayer, and reconciliation. (Back cover).

[Howard Thurman and the Disinherited Farrar Straus & Giroux](#)

Howard Thurman was famously known as one of the towering giants of American religion in the twentieth century. His writings have influenced some of the most important religious and political figures of the last century, from Martin Luther King to Barack Obama. Theologians such as James Cone and Cornel West regularly signal their indebtedness to him. He was a mystic, a preacher, an educator, a theologian, and much more. It is impossible to understand the African American church today without an appreciation for his contributions. And yet, while Thurman's name is often recognized, his seminal ideas have not received the attention they deserve. In this volume, internationally known leaders like Marian Wright Edelman, Parker Palmer, and Barbara Brown Taylor invite the reader into creative engagement with Thurman's writings. Anchored in the Current illuminates how Thurman's life and wisdom lead these influential names on the ancient quest to connect with the Ultimate, all while discovering the contemporary need to seek racial justice and sharpening the minds and faith of those who come after us. Readers will find important and enduring answers in the works of this indispensable prophet and teacher.

Darkness will not last forever. Together we can climb toward the light. They were as troubled as we, our ancestors, those who came before us, and all for the very same reasons: fear of illness, a broken heart, fights in the family, the threat of another war. Corrupt politicians walked their stage, and natural disasters appeared without warning. And yet they came through, carrying us within them, through the grief and struggle, through the personal pain and the public chaos, finding their way with love and faith, not giving in to despair but walking upright until their last step was taken. My culture does not honor the ancestors as a quaint spirituality of the past but as a living source of strength for the present. They did it and so will we. In the same voice that has comforted and challenged countless readers through his daily social media posts, Choctaw elder and Episcopal priest Steven Charleston offers words of hard-won hope, rooted in daily conversations with the Spirit and steeped in Indigenous wisdom. Every day Charleston spends time in prayer. Every day he writes down what he hears from the Spirit. In *Ladder to the Light* he shares what he has heard with the rest of us and adds thoughtful reflection to help guide us to the light. Native America knows something about cultivating resilience and resisting darkness. For all who yearn for hope, *Ladder to the Light* is a book of comfort, truth, and challenge in a time of anguish and fear.

Ladder to the Light Westminster John Knox Press

Although he is best known as a mentor to the Reverend Martin Luther King, Jr., Howard Thurman (1900–1981) was an exceptional philosopher and public intellectual in his own right. In *Howard Thurman: Philosophy, Civil Rights, and the Search for Common Ground*, Kipton E. Jensen provides new ways of understanding Thurman's foundational role in and broad influence on the civil rights movement and argues persuasively that he is one of the unsung heroes of that time. While Thurman's profound influence on King has been documented, Jensen shows how Thurman's reach extended to an entire generation of activists. Thurman espoused a unique brand of personalism. Jensen explicates Thurman's construction of a philosophy on nonviolence and the political power of love. Showing how Thurman was a "social activist mystic" as well as a pragmatist, Jensen explains how these beliefs helped provide the foundation for King's notion of the beloved community. Throughout his life Thurman strove to create a climate of "inner unity of fellowship that went beyond the barriers of race, class, and tradition." In this volume Jensen meticulously documents and analyzes Thurman as a philosopher, activist, and peacemaker and illuminates his vital and founding role in and contributions to the monumental achievements of the civil rights era.
