Bandits, Prophets, and Messiahs Oxford University Press

Sharpen and sustain your prophetic gift, and learn strategies for speaking the Word of God with confidence.

[The Historical Jesus](#) Bloomsbury Publishing

In this highly accessible discussion, Bart Ehrman examines the most recent textual and archaeological sources for the life of Jesus, along with the history of first-century Palestine, drawing a fascinating portrait of the man and his teachings. Ehrman shows us what historians have long known about the Gospels and the man who stands behind them. Through a careful evaluation of the New Testament (and other surviving sources, including the more recently discovered Gospels of Thomas and Peter), Ehrman proposes that Jesus can be best understood as an apocalyptic prophet--a man convinced that the world would end dramatically within the lifetime of his apostles and that a new kingdom would be created on earth. According to Ehrman, Jesus' belief in a coming apocalypse and his expectation of an utter reversal in the world's social organization not only underscores the radicalism of his teachings but also sheds light on both the appeal of his message to society's outcasts and the threat he posed to

Jerusalem's established leadership.

[Bart Ehrman Interpreted](#) Oxford University Press

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

[The Lost Gospel of Judas Iscariot](#) Vintage #1 NEW YORK TIMES BESTSELLER • "A lucid, intelligent page-turner" (Los Angeles Times) that challenges long-held assumptions about Jesus, from the host of Believer Two thousand years ago, an itinerant Jewish preacher walked across the Galilee, gathering followers to establish what he called the "Kingdom of God." The revolutionary movement he launched was so threatening to the established order that he was executed as a state criminal. Within decades after his death, his followers would call him God. Sifting through centuries of mythmaking, Reza Aslan sheds new light on one of history's most enigmatic figures by examining Jesus through the lens of the tumultuous era in which he lived. Balancing the Jesus of the Gospels against the historical sources, Aslan describes a man full of conviction and passion, yet rife with contradiction. He explores the reasons the early Christian church preferred to promulgate an image of Jesus as a peaceful spiritual teacher rather than a politically conscious revolutionary. And he grapples with the riddle of how Jesus understood himself, the mystery that is at the heart of all subsequent claims about his divinity. Zealot yields a fresh perspective on one of the greatest stories ever told even as it affirms the radical and transformative nature of Jesus' life and mission. Praise for Zealot "Riveting . . . Aslan synthesizes Scripture and scholarship to create an original account."—The New Yorker "Fascinatingly and convincingly drawn . . . Aslan may come as close as one can to respecting those who revere Jesus as the peace-loving, turn-the-other-cheek, true son of God depicted in modern Christianity, even as he knocks down that image."—The Seattle Times "[Aslan's] literary talent is as essential to the effect of Zealot as are his scholarly and journalistic chops. . . . A vivid, persuasive portrait."—Salon

"This tough-minded, deeply political book does full justice to the real Jesus, and honors him in the process."—San Francisco Chronicle "A special and revealing work, one that believer and skeptic alike will find surprising, engaging, and original."—Jon Meacham, Pulitzer Prize-winning author of *Thomas Jefferson: The Art of Power* "Compulsively readable . . . This superb work is highly recommended."—Publishers Weekly (starred review)

[Misquoting Jesus](#) Harper Collins
The delay of the Parousia—the second coming of Christ—has vexed Christians since the final decades of the first century. This volume offers a critical, constructive, and interdisciplinary solution to that dilemma. The argument is grounded in Christian tradition while remaining fully engaged with the critical insights and methodological approaches of twenty-first-century scholars. The authors argue that the deferral of Christ's prophesied return follows logically from the conditional nature of ancient predictive prophecy: Jesus has not come again because God's people have not yet responded sufficiently to Christ's call for holy and godly action. God, in patient mercy, remains committed to cooperating with humans to bring about the consummation of history with Jesus' return. Collaboratively written by an interdisciplinary and ecumenical team of scholars, the argument draws on expertise in biblical studies, systematics, and historical theology to fuse critical biblical exegesis with a powerful theological paradigm that generates an apophatic and constructive Christian eschatology. The authors, however, have done more than tackle a daunting theological problem: as the group traverses issues from higher criticism through doctrine and into liturgy and ethics, they present an innovative approach for how to do Christian theology in the twenty-first-century academy.
[The Christ of the Apocalypse: Contemplating the Faces of Jesus in the Book of Revelation](#) Oxford University Press

Acts is the sequel to Luke's gospel and tells the story of Jesus's followers during the 30 years after his death. It describes how the 12 apostles, formerly Jesus's disciples, spread the message of Christianity throughout the Mediterranean against a background of persecution. With an introduction by P.D. James

The Kingdom That Never Came
HarperCollins

The biblical scholar recounts the events surrounding the discovery and handling of the Gospel of Judas, and provides an overview of its content, in which Judas is portrayed as a faithful disciple.

The Historical Figure of Jesus Penguin UK
Paula Fredriksen, renowned historian and author of *From Christ to Jesus*, begins this inquiry into the historic Jesus with a fact that may be the only undisputed thing we know about him: his crucifixion. Rome reserved this means of execution particularly for political insurrectionists; and the Roman charge posted at the head of the cross indicted Jesus for claiming to be King of the Jews. To reconstruct the Jesus who provoked this punishment, Fredriksen takes us into the religious worlds, Jewish and pagan, of Mediterranean antiquity, through the labyrinth of Galilean and Judean politics, and on into the ancient narratives of Paul's letters, the gospels, the Dead Sea Scrolls, and Josephus' histories. The result is a profound contribution both to our understanding of the social and religious contexts within which Jesus of Nazareth moved, and to our appreciation of the mission and message that ended in the proclamation of Jesus as Messiah.

Did Jesus Exist? Wm. B. Eerdmans Publishing
Increasingly, scholars recognize that prophetic traditions, expressions, and experiences stand at the heart of most religions in the ancient Mediterranean world. This is no less true for the world of Judaism and Jesus. Ben Witherington III offers an extensive, cross-cultural survey of the broader expressions of prophecy in its ancient Mediterranean context, beginning with Mari, moving to biblical figures not often regarded as prophets Balaam, Deborah, Moses, and Aaron and to the apocalyptic seer in postexilic prophecy, showing that no single pattern describes all prophetic figures. The consequence is that different aspects of Jesus' activity touch upon prophetic predecessors: his miracles, on Elijah and Elisha; his self-understanding as the Son of Man, on Daniel and 1 Enoch; his warnings of woe and judgment, on the "writing prophets" in Judean tradition; and his messianic entry into Jerusalem, on Zechariah 9. Witherington also surveys the phenomenon of apocalyptic prophecy in early Christianity, including Paul, Revelation, the Didache, Hermas, and the Montanist movement. *Jesus the Seer* is a worthy complement to Witherington's other volume on Jesus, *Jesus the Sage* (Fortress Press, 2000).

The Open Heaven Prometheus Books
Arguably no scholar in the 21st century has had more of an impact on public discussion and debate over the historical Jesus and the development of early Christianity than distinguished professor of religious studies, Bart D. Ehrman. He has introduced many new readers to crucial questions of biblical criticism in a series of bestselling books. In *Bart Ehrman Interpreted*, theologian and writer Robert M. Price evaluates Ehrman's body of work. Taking a collegial approach and rejecting polemics, Price defends Ehrman's writing against conservative attacks but also suggests a number of points at which Ehrman may be insufficiently or inconsistently critical. No matter one's views toward Ehrman, *Bart Ehrman Interpreted* will prompt much fruitful and positive discussion of his important work and of the popular and scholarly debates that surround it.

Jesus Fortress Press
When world-class biblical scholar Bart Ehrman first began to study the texts of the Bible in their original languages he was startled to discover the multitude of mistakes and intentional alterations that had been made by earlier translators. In *Misquoting Jesus*, Ehrman tells the story behind the mistakes and changes that ancient scribes made to the New Testament and shows the great impact they had upon the Bible we use today. He frames his account with personal reflections on how his study of the Greek manuscripts made him abandon his once ultraconservative views of the Bible. Since the advent of the printing press and the accurate reproduction of texts, most people have assumed that when they read the New Testament they are reading an exact copy of Jesus's words or Saint Paul's writings. And yet, for almost fifteen hundred years these manuscripts were hand copied by scribes who were deeply influenced by the cultural, theological, and political disputes of their day. Both mistakes and intentional changes abound in the surviving manuscripts, making the original words difficult to reconstruct. For the first time, Ehrman reveals where and why these changes were made and how scholars go about reconstructing the original words of the New Testament as closely as possible. Ehrman makes the provocative case that many of our cherished biblical stories and widely held beliefs concerning the divinity of Jesus, the Trinity, and the divine origins of the Bible itself stem from both intentional and accidental alterations by scribes -- alterations that dramatically affected all subsequent versions of the Bible.

Jesus of Nazareth Oxford University Press
Dale Allison's clearly written *Jesus of Nazareth* will enable people who have followed recent discussions to vindicate and reclaim the central religious significance of the historical Jesus. Allison makes a creative contribution to Jesus studies in several ways: -- He offers new suggestions for establishing the authenticity of Jesus' words -- including what he calls "the index of intertextual linkage" -- and for the process of framing a convincing picture of the central thrust and purpose of the activity of Jesus. -- Referring to fascinating cross-cultural millenarian parallels, he shows that the impetus for the pre-Easter Jesus movement was apocalyptic in nature and that the historical Jesus can best be understood as an

eschatological prophet. -- He presents the first full-length treatment of the question of Jesus and asceticism and shows that Jesus, far from the image suggested by some today, was driven by an apocalyptic asceticism that extended to matters of sex, food, and social relations.
Jesus, Interrupted Canongate U.S.

In this sharply written and pervasive book, Ehrman presents a provocative portrait of Jesus as an apocalyptic visionary who taught his followers to prepare for the imminent end of the world. 20 halftones.
Reading the Gospel of John's Christology as Jewish Messianism Oxford University Press

A biography of the historical figure of Jesus. The book studies the relationship between Judaism and Christianity, distinguishing the certain from the improbable, and assessing the historical and religious context of Christ's time. The spread of Christianity is also discussed.

Charisma Media

New York Times bestselling author and Bible expert Bart Ehrman reveals how Jesus' divinity became dogma in the first few centuries of the early church. The claim at the heart of the Christian faith is that Jesus of Nazareth was, and is, God. But this is not what the original disciples believed during Jesus' lifetime—and it is not what Jesus claimed about himself. *How Jesus Became God* tells the story of an idea that shaped Christianity, and of the evolution of a belief that looked very different in the fourth century than it did in the first. A master explainer of Christian history, texts, and traditions, Ehrman reveals how an apocalyptic prophet from the backwaters of rural Galilee crucified for crimes against the state came to be thought of as equal with the one God Almighty, Creator of all things. But how did he move from being a Jewish prophet to being God? In a book that took eight years to research and write, Ehrman sketches Jesus' transformation from a human prophet to the Son of God exalted to divine status at his resurrection. Only when some of Jesus' followers had visions of him after his death—alive again—did anyone come to think that he, the prophet from Galilee, had become God. And what they meant by that was not at all what people mean today. Written for secular historians of religion and believers alike, *How Jesus Became God* will engage anyone interested in the historical developments that led to the affirmation at the heart of Christianity: Jesus was, and is, God.

The Prophet's Manual Wipf and Stock Publishers
Examines contradictions and discrepancies that come to light when the New Testament is studied

from a historical perspective, including varying views of Jesus and salvation and forgeries in the names of the apostles.

From Jesus to Christ Fortress Press

Did the historical Jesus preach that God was about to bring an end to human history and impose the divine kingdom on the earth and all its peoples? Four eminent New Testament scholars come together under the direction of Robert J. Miller to debate this, the single most important question about the historical Jesus.

The Historical Christ and the Theological Jesus
Harper Collins

Bart D. Ehrman, the New York Times bestselling author of *Jesus, Interrupted* and *God's Problem* reveals which books in the Bible's New Testament were not passed down by Jesus's disciples, but were instead forged by other hands—and why this centuries-hidden scandal is far more significant than many scholars are willing to admit. A controversial work of historical reporting in the tradition of Elaine Pagels, Marcus Borg, and John Dominic Crossan, Ehrman's *Forged* delivers a stunning explication of one of the most substantial—yet least discussed—problems confronting the world of biblical scholarship.

Jesus the Seer Harper Collins

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes.

The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.
