John White has extensively interviewed many people, including those from John Wimber's Vineyard Christian Fellowship. His years of work as a psychiatrist and as a missionary in the Third World qualify him in a special way to analyze the experiences described in this book. In addition he has thoroughly studied revivals of the past, highlighting the differences and the similarities to what is happening today. As always, John White remains thoroughly biblical as he handles many controversial topics. The result is a book full of practical wisdom and

remarkable insight with conclusions that are fresh and surprising.

"The following pages represent the gist of a series of sermons given on successive Sunday evenings to the congregation of the church of which I am pastor. The fact that these were originally spoken messages accounts for their racy style and for the personal references which occur in them occasionally. Had I been writing the messages I should have exercised greater care in the composition. The subject is, however, so vitally important that I feel sure the reader will pardon the offhand style of the language. The truth is always good even when the

vehicle in which it rides is homely and plain."

What can one say about Jesus that would add new insight to a Christian 's understanding of the man from Galilee?

Consider this. The one we call upon to be a harbinger of peace and an example of justice and mercy is often the reason why people today continue to divide and exclude. Instead of seeing Jesus as a unifying force for all Christians everywhere, bigotry and bias expressed in multi-faceted ways in the name of Jesus stifle the transformative power inherent within our faith traditions. We have rejected, condemned, killed one another based on our interpretations of the one we call Prince of Peace. We need a new narrative, one that acknowledges there is more to the story of Jesus of Nazareth, his life and his mission, than

---

what we profess and proclaim. Without a more inclusive and compassionate understanding of the one we know as Jesus, not only churches, but our beloved planet, with all of its inhabitants and nature 's graced diversity, cannot – will not – survive. Jesus is an example of how we humans can continue to be a beneficial link in the evolutionary chain. His living spirit – a holy Spirit – is calling to us all.

Have you ever asked yourself what changed when you were "born again?" You look in the mirror and see the same reflection - your body hasn't changed. You find yourself acting the same and yielding to those same old temptations - that didn't seem to change either. So you wonder, Has anything really changed? The correct answer to that question is foundational for receiving from God. If you lack this basic understanding, you'll forever ask yourself doubt-filled questions like: "How could God love somebody like me?" and "How can I possibly expect to receive anything from the Lord? I don't deserve it, I'm not good enough!" Spirit, Soul, and Body will help you eliminate those and other doubt-filled questions that destroy your faith. If you have trouble receiving from God, this is a must-read!

But they might be stuck if a stranger asked them to explain what they believe and why they believe it. Author, pastor, and theologian Mike Horton unpacks the essential and basic beliefs that all
