The most important things you will find here are biblical principles that you can apply yourself. Taken from the life and witness of Jesus, and tested over Greg's forty years of ministry, in both one-on-one experiences and large-scale evangelistic arena and stadium events, these ideas are intended to mobilize every person in the church to "Tell Someone" about Jesus Christ.

Most Christians already know that they should be telling their friends about Jesus. But they have been poorly equipped with methods that are no longer effective in today's post-Christian world. As a result, many people become frustrated, blame themselves, and simply give up. *Evangelism in a Skeptical World* is a textbook on evangelism that is ideal for the church or the classroom to equip Christians with the principles and skills they need to tell the unbelievable news about Jesus to friends in a skeptical world. Many of the older principles and methods of evangelism in the twentieth century no longer work effectively today. In a post-Christian, post-churched, post-reached world we need new methods to communicate the timeless message of the gospel in culturally relevant ways. Dr. Chan combines the theological and biblical insights of classic evangelistic training with the latest insights from missiology on contextualization, cultural hermeneutics, and storytelling. Every chapter is illustrated with real-world examples drawn from over fifteen years of evangelistic ministry. These are methods that really work - with university students, urban workers, and high school students - getting past the defensive posture that people have toward Christianity so they can seriously consider the claims of Jesus Christ. Field-tested and filled with unique, fresh, and creative insights, this book will equip you to share the gospel in today's world and help as many people as possible hear the good news about Jesus.

Written by an L. A. County homicide detective and former atheist, *Cold-Case Christianity* examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a "cold case": it makes a claim about an event from the distant past for which there is little forensic evidence. In *Cold-Case Christianity*, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers' intense interest in detective stories, *Cold-Case Christianity* inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

Studying Jesus' conversations with diverse people in his day, Jerram Barrs draws lessons and principles for attractively communicating the gospel to unbelievers in our day. Living in a culture that is opposed to Christianity tempts God's people to conform, to retreat, to be silent. But Jesus showed the way to live faithfully before an unbelieving world. As the greatest evangelist, Jesus exemplified how to attract people to the gospel. He modeled how to initiate spiritual conversations full of grace and truth. Christian evangelism, then, both in theory and practice, must be shaped by his pattern. Seeking to articulate the passions and principles present in Christ's life and words, longtime L'Abri staff member Jerram Barrs has studied Jesus' diverse encounters with people throughout the Gospels. Each chapter of *Learning Evangelism* from Jesus recounts one of those stories, draws useful lessons for readers' lives and communication of the gospel, and concludes with questions for further reflection and application. This highly practical book will guide Christians in how to live before unbelievers and how to love them into the kingdom, just as Jesus did.

Rely on the unstoppable power of the gospel, not your own words Most Christians have people in their lives who they're sure will never come to faith. Whether they're too committed to their sinful ways, too angry at God, or too quick to shut down any mention of the saving grace of Jesus, these long shots don't seem worth approaching. But some of the most unlikely converts have the strongest faith stories, and they can be a source of incredible encouragement for Christians who are trying to evangelize those around them. Randy Newman knows firsthand the discomfort that comes with sharing the gospel. He's been tongue-tied and timid too. But the truth is, we don't need to sound like the brilliant, charismatic, legendary evangelists. In this book, Randy shares surprising conversion stories straight from those who took the long way around

to Christianity. He considers current cultural trends that make evangelism more difficult today. Then with his characteristic upbeat style, he offers practical ways, and even exact wording, to proclaim the gospel and includes a plan of action. In the end, Unlikely Converts encourages us to remember that while the Great Commission requires us to share the good news, it does not require perfection, only confidence in the message.

You don't need to memorize evangelical formulas or answers. You just have to be willing to ask questions. There was something different about the way Jesus communicated with the lost: He didn't force answers upon people; He asked questions. So why don't we? Campus ministry veteran Randy Newman has been using a questioning style of evangelism for years. In this thought-provoking book, he provides practical insights to help Christians engage others in meaningful spiritual conversations. To Newman, asking questions challenges how we think about unbelievers, their questions, and our message, instead of telling unbelievers what to think. A perennial best-seller, this third edition includes both revisions of current chapters, such as an expanded discussion on LGBTQ+ issues and the debate on transgenderism, and new chapters that ponder issues such as science and suffering. "Distilled out of twenty years of personal evangelism, this book reflects both a deep grasp of biblical theology and a penetrating compassion for people--and finds a way forward in wise, probing questions. How very much like the Master Himself!" --D. A. Carson, Trinity Evangelical Divinity School "Questioning Evangelism steps outside the boundaries of evangelism as usual and tackles the tougher issues of our modern day." --Mitch Glaser, Chosen People Ministries
