Simple Soldering Search Press

Metalworking is generally regarded as a skill that takes years of dedication, requires a large studio space, and costs a lot of money. Fortunately, *Simple Soldering* proves that does not need to be the case. This handy how-to guide is complete in its exploration of the craft of creating soldered metal jewelry, including tools, techniques,

and 20 beautiful projects that beginners and enthusiasts can make at home. Author and teacher Kate Richbourg demystifies basic soldering for any home crafter, showing how to create sophisticated, polished, and professional-looking jewelry pieces through simple soldering techniques. First, she instructs how to set up a jewelry workspace that fits the confines of your budget and living space. Detailed step-by-step instructions walk you through the basic tools and materials you need, plus how to use them. A sample chapter gives a host of introductory exercises that teach solid skills, allowing you to test these techniques on a small scale. Finally, you'll discover 20 finished projects that include earrings, pendants, rings, bracelets, and clasps that may also include bead or wire embellishment. Kate also demonstrates how to combine and layer techniques to gorgeous effect. She also examines common mistakes, shows how to correct or adapt them, and gives advice on when it's time to start over. Most of all, having taught thousands of classes on soldering, Kate has a "you can do it!" attitude that shines through to help even the most reluctant jewelry maker fire up the torch with ease. With *Simple Soldering*, the art of metal working one-of-a-kind jewelry is now at your fingertips.

More than 700 Large Format Color Photos Quarry Books

"*Jewelry Making For Beginners*" is a text that not only highlights the basics of making various types of jewelry, it also goes just a bit further into the process without making it overwhelming for the beginner. The aim that the author has with this text is to inform and educate and make the overall process as easy as possible to execute. The individual that has no concept at all of what jewelry making entails can read the text and not only get an overview of the jewelry making process but also get a bit of insight on the various processes that one can focus on be it using metal or beads or gems and stones. This book is a great source of reference for any hobbyist with an interest in making jewelry in their spare time or someone who has a creative side and has an interest in earning an income from making jewelry. The book is a great place to start to achieve that goal of creating great piece of wearable art. Of course this text will not appeal to everyone as not all are interested in using their hands or creativity to make something but for those who are it works.
