Jill Kismet, Dealer in Dark Things. Spiritual Exterminator. Demon Slayer - it's not the type of work you can put on a business card. But every city has people like me. Usually the police have us on payroll as consultants, because what ordinary cop can face down a Were or an ordinary shapechanger, or an Assyrian demon? Not to mention the silvers or the Black Mist, the adepts of Sorrow House or of the Middle Way? What ordinary cop stands a chance against a Trader, even? People disappear all the time, it's an epidemic; some of the disappearances are murder, some are fugitives, some are kidnapped by other human beings. Some of them are even found again. But a good proportion of them are taken by the things that go bump in the night. And then it becomes a hunter's job to bump back. Hard.

Then he escaped and joined the Society, an underground resistance movement of psions determined to use their talents to bring Sigma down. Competent, cold, and cruelly efficient, he's the best operative the Society has, a legend among the psions who fight a shadow war against an enemy that owns the courts, the press, and the police. When Rowan Price stumbles across Delgado's team in an abandoned house, he is assigned to make contact with her, bring her in, and keep her alive--because Rowan is one of the most powerful psychics the resistance has ever encountered. If the government

Prague is a threshold, Sarah is warned, and it is steeped in blood. It's not long after Sarah arrives that things start to go wrong. Her mentor, who was working at the castle, is thought to have committed suicide. Then Sarah begins to discover cryptic notes from him; could they be warnings?
