The Crusades is an authoritative, accessible single-volume history of the brutal struggle for the Holy Land in the Middle Ages. Thomas Asbridge—a renowned historian who writes with “maximum vividness” (Joan Acocella, *The New Yorker*)—covers the years 1095 to 1291 in this big, ambitious, readable account of one of the most fascinating periods in history. From Richard the Lionheart to the mighty Saladin, from the emperors of Byzantium to the Knights Templar, Asbridge’s book is a magnificent epic of Holy War between the Christian and Islamic worlds, full of adventure, intrigue, and sweeping grandeur.

As a five-year-old, George Alagiah emigrated with his family to Ghana - the first African country to attain independence from the British Empire. A PASSAGE TO AFRICA is Alagiah's shattering catalogue of atrocities crafted into a portrait of Africa that is infused with hope, insight and outrage. In vivid and evocative prose and with a fine eye for detail Alagiah's viewpoint is spiked with the freshness of the young George on his arrival in Ghana, the wonder with which he recounts his first impressions of Africa and the affection with which he dresses his stories of his early family life. A sense of possibility lingers, even though the book is full of uncomfortable truths. It is a book neatly balanced on his integrity and sense of obligation in his role as a writer and reporter. The shock of recognition is always there, but it is the personal element that gives A PASSAGE TO AFRICA its originality. Africa becomes not only a group of nations or a vast continent, but an epic of individual pride and suffering.

In the tradition of Iron and Silk and Touch the Dragon, Jamie Zeppa's memoir of her years in Bhutan is the story of a young woman's self-discovery in a foreign land. It is also the exciting debut of a new voice in travel writing. When she left for the Himalayan kingdom of Bhutan in 1988, Zeppa was committing herself to two years of teaching and a daunting new experience. A week on a Caribbean beach had been her only previous trip outside Canada; Bhutan was on the other side of the world, one of the most isolated countries in

the world known as the last Shangri-La, where little had changed in centuries and visits by foreigners were restricted. Clinging to her bags full of chocolate, hair conditioner and Immodium, she began the biggest challenge of her life, with no idea she would fall in love with the country and with a Bhutanese man, end up spending nine years in Bhutan, and begin a literary career with her account of this transformative journey. At her first posting in a remote village of eastern Bhutan, she is plunged into an overwhelmingly different culture with squalid Third World conditions and an impossible language. Her house has rats and fleas and she refuses to eat the local food, fearing the rampant deadly infections her overly protective grandfather warned her about. Gradually, however, her fear vanishes. She adjusts, begins to laugh, and is captivated by the pristine mountain scenery and the kind students in her grade 2 class. She also begins to discover for herself the spiritual serenity of Buddhism. A transfer to the government college of Sherubtse, where the housing conditions are comparatively luxurious and the students closer to her own age, gives her a deeper awareness of Bhutan's challenges: the lack of personal privacy, the pressure to conform, and the political tensions. However, her connection to Bhutan intensifies when she falls in love with a student, Tshewang, and finds herself pregnant. After a brief sojourn in Canada to give birth to her son, Pema Dorji, she marries Tshewang and makes Bhutan her home for another four years. Zeppa's personal essay about her culture shock on arriving in Bhutan won the 1996 CBC/Saturday Night literary competition and appeared in the magazine. She flew home to accept the prize, where people encouraged her to pursue her writing. Her letters from Bhutan also featured on CBC's Morningside. The book that grew out of this has been published in Canada and the United States to ecstatic reviews, followed by British, German, Dutch, Italian and Spanish editions. Although cultural differences finally separated Jamie and Tshewang in 1997 while she was writing the book and she returned to Canada, she will always feel at home in Bhutan. Zeppa shares her compelling insights into this land and culture, but *Beyond the Sky and the Earth* is more than a travel book. With rich, spellbinding prose and bright humour, it describes a personal journey in which Zeppa acquires a deeper understanding of what it means to leave one's home behind, and undergoes a spiritual transformation.

"There are two things that men should never weary of, goodness and humility; we get none too much of them in this rough world among cold, proud people. - Robert Louis Stevenson, *Kidnapped* (1886) by Robert Louis Stevenson is a coming-of-age novel that recounts the adventures of a teenager named David Balfour during the Jacobite Rebellions in 18th century Scotland. Following his father's death, David reaches out to an uncle, who betrays his nephew and sells him to a slave-trader headed for America. David's rescue from the slave ship by a Jacobite refugee starts David on a series of adventures that ensure his passage into manhood.

A landmark study of racism, inequality, and police violence that continues to hold important lessons today The Kerner Report is a powerful window into the roots of racism and inequality in the United States. Hailed by Martin Luther King Jr. as a "physician's warning of approaching death, with a prescription for life," this historic study was produced by a presidential commission established by Lyndon Johnson, chaired by former Illinois governor Otto Kerner, and provides a riveting account of the riots that shook 1960s America. The commission pointed to the polarization of American society, white racism, economic inopportunity, and other factors, arguing that only "a compassionate, massive, and sustained" effort could reverse the troubling reality of a racially divided, separate, and unequal society. Conservatives criticized the report as a justification of lawless violence while leftist radicals complained that Kerner didn't go far enough. But for most Americans, this report was an eye-opening account of what was wrong in race relations. Drawing together decades of scholarship showing the widespread and ingrained nature of racism, The Kerner Report provided an important set of arguments about what the nation needs to do to achieve racial justice, one that is familiar in today's climate. Presented here with an introduction by historian Julian Zelizer, The Kerner Report deserves renewed attention in America's continuing struggle to achieve true parity in race relations, income, employment, education, and other critical areas.

The twentieth century witnessed an era of unprecedented, large-scale, anthropogenic changes to the natural environment. Understanding how environmental factors directly and indirectly affect the emergence and spread of infectious disease has assumed global importance for life on this planet. While the causal links between environmental change and disease emergence are complex, progress in understanding these links, as well as how their impacts may vary across space and time, will require transdisciplinary, transnational, collaborative research. This research may draw upon the expertise, tools, and approaches from a variety of disciplines. Such research may inform improvements in global readiness and capacity for surveillance, detection, and response to emerging microbial threats to plant, animal, and human health. The Influence of Global Environmental Change on Infectious Disease Dynamics is the summary of a workshop hosted by the Institute of Medicine Forum on Microbial Threats in September 2013 to explore the scientific and policy implications of the impacts of global environmental change on infectious disease emergence, establishment, and spread. This report examines the observed and potential influence of environmental factors, acting both individually and in synergy, on infectious disease dynamics. The report considers a range of approaches to

improve global readiness and capacity for surveillance, detection, and response to emerging microbial threats to plant, animal, and human health in the face of ongoing global environmental change.

Harold Robbins' very first novel is also one of his most powerful. Never Love a Stranger tells the gritty and passionate tale of Francis "Frankie" Kane, from his meager beginnings as an orphan in New York's Hell's Kitchen. From that confused and belittling start, Frank works his way up, choosing the wrong side of the law to make a name for himself. At a young age, he becomes one of the city's most dangerous men, indulging in his passion for power, sex, and the best things in life-whether or not they can be purchased. First published in 1948, the novel began Robbins' prolific career after someone made him a \$100 bet that he couldn't write a bestseller. Twenty-six pot-boiling novels later, he proved the power of his words. Never Love a Stranger takes an unflinching look at a New York that's long gone by-exposing life during and after the Great Depression, when the syndicate ruled the city without mercy.

Mezz Mezzrow was a boy from Chicago who learned to play the sax in reform school and pursued a life in music and a life of crime. He moved from Chicago to New Orleans to New York, working in brothels and bars, bootlegging, dealing drugs, getting hooked, doing time, producing records, and playing with the greats, among them Louis Armstrong, Bix Beiderbecke, and Fats Waller. *Really the Blues*, the jive-talking memoir that Mezzrow wrote at the insistence of, and with the help of, the novelist Bernard Wolfe, is the story of an unusual and unusually American life, and a portrait of a man who moved freely across racial boundaries when few could or did, "the odyssey of an individualist . . . the saga of a guy who wanted to make friends in a jungle where everyone was too busy making money."
