Globalization, technological change, and deregulation have made the American marketplace increasingly competitive in recent decades, but for many workers this "new economy" has entailed heightened job insecurity, lower wages, and scarcer benefits. As the job market has grown more volatile, a variety of labor market intermediaries—organizations that help job seekers find employment—have sprung up, from private temporary agencies to government "One-Stop Career Centers." In *Staircases or Treadmills?* Chris Benner, Laura Leete, and Manuel Pastor investigate what approaches are most effective in helping workers to secure jobs with decent wages

and benefits, and they provide specific policy recommendations for how job-matching organizations can better serve disadvantaged workers. *Staircases or Treadmills?* is the first comprehensive study documenting the prevalence of all types of labor market intermediaries and investigating how these intermediaries affect workers' employment opportunities. Benner, Leete, and Pastor draw on years of research in two distinct regional labor markets—"old economy" Milwaukee and "new economy" Silicon Valley—including a first-of-its-kind random survey of the prevalence and impacts of intermediaries, and a wide range of interviews with intermediary agencies' staff and clients. One of the main obstacles that disadvantaged workers face is that social networks of families and friends are less effective in connecting job-seekers to stable, quality employment. Intermediaries often serve as a substitute method for finding a job. Which substitute is chosen, however, matters: The authors find that the most effective organizations—including many unions, community colleges, and local non-profits—actively foster contacts between workers and employers, tend to make long-term investments in training for career development, and seek to transform as well as satisfy

market demands. But without effective social networks to help workers locate the best intermediaries, most rely on private temporary agencies and other organizations that offer fewer services and, statistical analysis shows, often channel their participants into jobs with low wages and few benefits. *Staircases or Treadmills?* suggests that, to become more effective, intermediary organizations of all types need to focus more on training workers, teaching networking skills, and fostering contact between workers and employers in the same industries. A generation ago, rising living standards were broadly distributed and coupled with relatively secure employment. Today, many Americans fear that heightened job insecurity is overshadowing the benefits of dynamic economic growth. *Staircases or Treadmills?* is a stimulating guide to how private and public job-matching institutions can empower disadvantaged workers to share in economic progress.

Based on Zora Neale Hurston's personal experiences in Haiti and Jamaica, where she participated as an initiate rather than just an observer of voodoo practices during her visits in the 1930s, this travelogue into a dark world paints a vividly authentic picture of the ceremonies, customs, and superstitions of voodoo.

When it first appeared in 1987, the title story of this collection of stories by Nguyen Huy Thiep caused a sensation in Vietnam. Not since the Communist revolution had readers found as stark and compelling a view of their world as *The General Retires* offered them. Written in spare, succinct prose, it captures the despair of an old general who, after many years of devoted service to his country, is alienated by the emptiness of the society into which he retires and ultimately flees. Nguyen probes

similar themes in the stories that follow, from *Cun*, the moving tale of a crippled beggar, to *A Drop of Blood*, a dark history of a family set against decades of war and revolution. With eight powerfully written stories--all available in English for the first time--and including an introduction by Greg Lockhart that traces the varied traditions of Vietnamese literature to the present day, this collection offers unprecedented insight into a society trying to overcome and understand years of pain and civil strife.

Winner of the National Book Award (1966) Winner of the Melville Cane Award (1966) Whoever looks to a new book by James Dickey for further work in an established mode, or for mere novelty, is going to be disappointed. But those who seek instead a true widening of the horizons of meaning, coupled with a sure-handed mastery of the craft of poetry, will find this latest collection satisfying indeed. Here is a man who matches superb gifts with a truly subtle imagination, into whose depths he is courageously traveling—pioneering—in exploratory penetrations into areas of life that are too often evaded or denied. "The Firebombing," "Slave Quarters," "The Fiend"—these poems, with the others that comprise the present volume, show a mature and original poet at his finest.

Few writers have so consistently taken stock of the society in which they have lived. In a letter to fellow Nobel Laureate Kenzaburo Oe, Nadine Gordimer describes this impressive volume as 'a modest book of some of the non-fiction pieces I've written, a reflection of how I've looked at this century I've lived in.' It is, in fact, an extraordinary collection of essays, articles, appreciations of fellow writers and addresses delivered over four decades, including her Nobel Prize Lecture of 1991. We may examine here Nadine Gordimer's evidence of the inequities of Apartheid as she saw them in 1959, her shocking account of the bans on literature still in effect in the mid-1970s, through to South Africa's emergence in 1994 as a country free at last, a view from the queue on that first day blacks and whites voted together plus updates on subsequent events. Gordimer's canvas is global and her themes wide-ranging. She examines the impact of technology on our expanding world-view, the convergence of the moral and the political in fiction and she reassesses the role of the writer in the world today.

With the Meiji Restoration in 1868, Japan opened its doors to the West and underwent

remarkable changes as it sought to become a modern nation. Accompanying the political changes that Western trade ushered in were widespread social and cultural changes. Newspapers, novels, poems, and plays from the Western world were soon adapted and translated into Japanese. The combination of the rich storytelling tradition of Japan with the realism and modernism of the West produced some of the greatest literature of the modern age. *Historical Dictionary of Modern Japanese Literature and Theater* presents a broad perspective on the development and history of literature_narrative, poetry, and drama_in modern Japan. This book offers a chronology, introduction, bibliography, and over 400 cross-referenced dictionary entries on authors, literary and historical developments, trends, genres, and concepts that played a central role in the evolution of modern Japanese literature. *Principles and Practice of Information Theory* Longman Publishing Group

" You're hooked, you feel every cut, grope up every cliff, swallow water with every spill of the canoe, sweat with every draw of the bowstring. Wholly absorbing [and] dramatic. Set in the highlands of the Mexican state of Chiapas, The Book of Lamentations tells of a fictionalized Mayan uprising that resembles many of the rebellions that have taken place since the indigenous people of the area were first conquered by European invaders five hundred years ago. With the panoramic sweep of a Diego Rivera mural, the novel weaves together dozens of plot lines, perspectives, and characters. Blending a wealth of historical information and local detail with a profound understanding of the complex relationship between victim and tormentor, Castellanos captures the ambiguities that underlie all struggles for power. A masterpiece of contemporary Latin American fiction from Mexico 's greatest twentieth-century woman writer, The Book of Lamentations was translated with an afterword by Ester Allen and introduction by Alma Guillermoprieto.

With the acclaim won by her first two novels, Hanan al-Shaykh established herself as the Arab world's foremost woman writer. Beirut Blues, published to

similar acclaim, further confirms her place in Arabic literature, and brings her writing to a new, groundbreaking level. The daring fragmented structure of this epistolary novel mirrors the chaos surrounding the heroine, Asmahan, as she futilely writes letters to her loved ones, to her friends, to Beirut, and to the war itself--letters of lament that are never to be answered except with their own resounding echoes. In *Beirut Blues*, Hanan al-Shaykh evokes a Beirut that has been seen by few, and that will never be seen again.
