For perhaps the first time in novel form, Benevolence presents an important era in Australia ' s history from an Aboriginal perspective. Benevolence is told from the perspective of Darug woman, Muraging (Mary James), born around 1813. Mary ' s was one of the earliest Darug generations to experience the impact of British colonisation. At an early age Muraging is given over to the Parramatta Native School by her Darug father. From here she embarks on a journey of discovery and a search for a safe place to make her home. The novel spans the years 1816-35 and is set around the Hawkesbury River area, the home of the

Darug people, Parramatta and Sydney. The author interweaves historical events and characters — she shatters stereotypes and puts a human face to this Aboriginal perspective.

Joseph Mitchell was a legendary New Yorker writer and the author of the national bestseller *Up in the Old Hotel*, in which these two pieces appeared. What Joseph Mitchell wrote about, principally, was New York. In Joe Gould, Mitchell found the perfect subject. And Joe Gould's *Secret* has become a legendary piece of New York history. Joe Gould may have been the quintessential Greenwich Village bohemian. In 1916, he left behind patrician roots for a scrappy, hand-to-mouth existence: he wore ragtag clothes, slept in Bowery flophouses, and mooched food, drinks, and money off of friends and strangers. Thus he was able to devote his energies to writing

"An Oral History of Our Time," which Gould said would constitute "the informal history of the shirt-sleeved multitude." But when Joe Gould died in 1957, the manuscript could not be found. Where had he hidden it? This is Joe Gould's *Secret*. "[Mitchell is] one of our finest journalists."--Dawn Powell, *The Washington Post* "What people say is history--Joe Gould was right about that--and history, when recorded by Mitchell, is literature."--*The New Criterion*  
**A Bookman's Daybook**  
Good Press  
Famed New Yorker writer Joseph Mitchell, as a young newspaper reporter in 1930s New York, interviewed fan dancers, street evangelists, voodoo conjurers, not to mention a lady boxer who also happened to be a countess. Mitchell haunted parts of the city now vanished: the fish market, burlesque houses, tenement neighborhoods, and

---

storefront churches.

Whether he wrote about a singing first baseman for the Brooklyn Dodgers or a nudist who does a reverse striptease, Mitchell brilliantly illuminated the humanity in the oddest New Yorkers. These pieces, written primarily for The World-Telegram and The Herald Tribune, highlight his abundant gifts of empathy and observation, and give us the full-bodied picture of the famed New Yorker writer Mitchell would become.

The story of a notorious New York eccentric and the journalist who chronicled his life: "A little masterpiece of observation and storytelling" (Ian McEwan).

Joseph Mitchell was a cornerstone of the New Yorker staff for decades, but his prolific career was shattered by an extraordinary case of writer's block. For the final thirty-two years of his life, Mitchell published nothing.

And the key to his silence may lie in his last major work: the biography of a supposed Harvard grad turned Greenwich Village tramp named Joe Gould.

Gould was, in Mitchell's words, "an odd and penniless and unemployable little man

who came to this city in 1916 estate.

and ducked and dodged and held on as hard as he could for over thirty-five years.” As Mitchell learns more about Gould’s epic Oral History—a reputedly nine-million-word collection of philosophizing, wanderings, and hearsay—he eventually uncovers a secret that adds even more intrigue to the already unusual story of the local legend. Originally written as two separate pieces (“Professor Sea Gull” in 1942 and then “Joe Gould’s Secret” twenty-two years later), this magnum opus captures Mitchell at his peak. As the reader comes to understand Gould’s secret, Mitchell’s words become all the more haunting. This ebook features an illustrated biography of Joseph Mitchell including rare images from the author’s

Saloon-keepers and street preachers, gypsies and steel-walking Mohawks, a bearded lady and a 93-year-old “seafoodetarian” who believes his specialized diet will keep him alive for another two decades. These are among the people that Joseph Mitchell immortalized in his reportage for *The New Yorker* and in four books—*McSorley's Wonderful Saloon*, *Old Mr. Flood*, *The Bottom of the Harbor*, and *Joe Gould's Secret*—that are still renowned for their precise, respectful observation, their graveyard humor, and their offhand perfection of style. These masterpieces (along with several previously uncollected stories) are available in one volume, which presents an indelible collective portrait of an unsuspected New York and its odder citizens—as depicted by one of the great writers of this or any other time.

In 1932, John T. Flynn had begun to rethink his old-style "progressivism" to develop intellectually into a defender of markets as against the regimentation of government management. A first product of these steps is this classic and extraordinary full biography of John D. Rockefeller. In this highly sympathetic portrayal, Flynn shows how Rockefeller employed the tools of capitalism to become enormously rich in the service of others, and how this unleashed the most unexpected backlash from anti-capitalists of all sorts, culminating in the breakup of Standard Oil. He saw that this was done at the behest of Rockefeller's competition, and not in the public interest. It was the first and probably still the best biography of an American original.

From New Yorker staff writer and Harvard historian Jill Lepore, the dark, spellbinding tale of her restless search for the missing longest book ever written, a century-old manuscript called "The Oral History of Our Time." Joe Gould's Teeth is a Poe-like tale of detection, madness, and invention.

---

Digging through archives all over the country, Lepore unearthed evidence that “The Oral History of Our Time” did in fact once exist. Relying on letters, scraps, and Gould’s own diaries and notebooks—including volumes of his lost manuscript—Lepore argues that Joe Gould’s real secret had to do with sex and the color line, with modernists’ relationship to the Harlem Renaissance, and, above all, with Gould’s terrifying obsession with the African American sculptor Augusta Savage. In ways that even Gould himself could not have imagined, what Gould wrote down really is a history of our time: unsettling and ferocious.

"For me, people come first," Alice Neel (1900–1984) declared in 1950. "I have tried to assert the dignity and eternal importance of the human being." This ambitious publication surveys Neel's nearly 70-year career through the lens of her radical humanism. Remarkable portraits of victims of the Great Depression, fellow residents of Spanish Harlem, leaders of political organizations, queer artists, visibly pregnant women, and members of New York's global diaspora reveal that Neel viewed humanism as both a political and philosophical ideal. In addition to these paintings of famous and unknown sitters, the more than 100 works highlighted include Neel's emotionally charged cityscapes and still lifes as well as the artist's erotic pastels and watercolors. Essays tackle Neel's portrayal of LGBTQ subjects; her unique aesthetic language, which merged abstraction and

---

figuration; and her commitment to progressive politics, civil rights, feminism, and racial diversity. The authors also explore Neel's highly personal preoccupations with death, illness, and motherhood while reasserting her place in the broader cultural history of the 20th century.
