From the Preface: This manual, Child Protective Services: A Guide for Caseworkers, examines the roles and responsibilities of child protective services (CPS) workers, who are at the forefront of every community's child protection efforts. The manual describes the basic stages of the CPS process and the steps necessary to accomplish each stage:

intake, initial assessment or investigation, family assessment, case planning, service provision, evaluation of family progress, and case closure. Best practices and critical issues in casework practice are underscored throughout. The primary audience for this manual includes CPS caseworkers, supervisors, and administrators. State and local CPS agency trainers may use the manual for preservice or inservice training of CPS caseworkers, while schools of social work may add it to class reading lists to orient students to the field of child protection.

In addition, other professionals and concerned community members may consult the manual for a greater understanding of the child protection process. This manual builds on the information presented in *A Coordinated Response to Child Abuse and Neglect: The Foundation for Practice*. Readers are encouraged to begin with that manual as it addresses important information on which CPS practice is based—including definitions of child maltreatment, risk factors, consequences, and the Federal and State basis for intervention. Some manuals in the series also may be of interest

in understanding the roles of other professional groups in responding to child abuse and neglect, including: Substance abuse treatment providers; Domestic violence victim advocates; Educators; Law enforcement personnel. Other manuals address special issues, such as building partnerships and working with the courts on CPS cases. Copyright Office, Library of Congress

Julia London captivated readers and critics alike with her acclaimed Rogues of Regent Street trilogy. Now the nationally bestselling author Romantic Times calls "a rising star" returns with the passionate story of a man and a woman pursued by secrets,

shadowed by scandal, and surprised by love... Eight years after fleeing England in the wake of a terrible scandal, Sophie Dane is no longer the trusting debutante betrayed by love. Now as companion to a worldly French widow, she returns to London where her arrival instantly sets tongues wagging...and attracts the roving eye of aristocratic Trevor Hamilton. But it is his mysterious brother, Caleb, in whom Sophie senses a kindred soul—and who captivates her as no other man has before.

Reared on the continent, Caleb has come home to his ailing father—only to be shunned by society as a fortune-hunting imposter. Sophie, alone, seems to believe in him. But an unexpected series of events sets them both in flight once more. As scandal pursues them to a remote ancestral estate, a man and a woman haunted by the past will defy every convention on earth for a

future in each other's arms...
