Women, Culture, and Politics in Latin America John Wiley & Sons

In November 1996, Clement and Kristeva began a correspondence exploring the subject of the sacred. In this collection of those letters Clement approaches the topic from an anthropologist's point of view while Kristeva responds from a psychoanalytic perspective.

Historic Highways of America Routledge
More than twenty years have passed since Walter Auffenberg's monumental *The Behavioral Ecology of the Komodo Monitor*. In the intervening years the populations of Komodo dragons—native only to a handful of islands in southeast Indonesia—have dwindled, sparking intensive conservation efforts. During the last two decades new information about these formidable predators has emerged, and the most important findings are clearly presented here. A memoir from Walter Auffenberg and his son Kurt is followed by the latest information on Komodo dragon biology, ecology, population distribution, and behavior. The second part of the book is dedicated to step-by-step management and conservation techniques, both for wild and captive dragons. This successful model is a useful template for the conservation of other endangered species as well, for, as Kurt and Walter Auffenberg note, “ The species may well indeed survive in the wild for generations to come while countless other organisms are lost. ”

Daily Learning Drills, Grade 5 Hodder Education
Daily Learning Drills provides complete daily practice for essential fifth grade skills. Topics include grammar, vocabulary development,

prepositional phrases, working with fractions and decimals, area and volume, government, and many more. --Daily Learning Drills provides complete daily practice for essential school skills. This 2017 Article IV Consultation highlights that over recent years, Tonga has enjoyed robust growth and macroeconomic stability. Growth continued to be strong at 2.7 percent in FY2017 following 3.4 percent in FY2016, supported by construction, agriculture, tourism, strong remittances, and strong

private credit growth. Inflation spiked in FY2017 because of a new import tax and an increase in domestic food prices. The country's external position weakened slightly owing to construction-related imports, with reserves supported by strong remittances and donor aid. The outlook for the Tongan economy is favorable, despite external headwinds. Real GDP growth is projected at 3.4 percent in FY2018, driven by construction, agriculture, and tourism.

Colombia's status as the fourth largest nation in Latin America and third most populous—as well as its largest exporter of such disparate commodities as emeralds, books, processed cocaine, and cut flowers—makes this, the first history of Colombia written in English, a much-needed book. It tells the remarkable story of a country that has consistently defied modern Latin American stereotypes—a country where military dictators are virtually unknown, where the political left is congenitally weak, and where urbanization

and industrialization have spawned no lasting populist movement. There is more to Colombia than the drug trafficking and violence that have recently gripped the world's attention. In the face of both cocaine wars and guerrilla conflict, the country has maintained steady economic growth as well as a relatively open and democratic government based on a two-party system. It has also produced an impressive body of art and literature. David Bushnell traces the process of state-building in Colombia from the struggle for independence, territorial consolidation, and reform in the nineteenth century to economic development and social and political democratization in the twentieth. He also sheds light on the modern history of Latin America as a whole.

"Adam Rapp ' s brilliant and haunting story will break your heart. But then his words will mend it. . . . Absolutely unforgettable." – Michael Cart
On the run in a stolen car with a kidnapped baby in tow, Custis, Curl, and Boobie are three young people with deeply troubled pasts and bleak futures. As they struggle to find a new life for themselves, it becomes painfully clear that none of them will ever be able to leave the past behind. Yet for one, redemption is waiting in the unlikeliest of places. With the raw language of the street and lyrical, stream-of-consciousness prose, Adam Rapp hurtles the reader into a world of lost children, a world that is not for the faint of heart. Gripping, disturbing, and starkly illuminating, his hypnotic narration captures the voices of two damaged souls - a third speaks only through drawings - to tell a story of alienation, deprivation, and ultimately, the saving power of compassion.

The Feminine and the Sacred Women, Culture, and Politics in Latin America

Throughout Latin America and the Caribbean, women are working to help new grassroots leaders empower themselves in their communities; to

develop new leadership skills; and to restructure their organizations. The articles in this book from UNIFEM offer practical examples of their work.

A history of America's most important farm implement manufacturing company traces the development of Deere from the early 1800s, through the Industrial Revolution, to the present

Women's Leadership in a Changing World Univ of California Press

In 1996, Sheldon Kennedy rocked the insular world of Canadian hockey by announcing that his former minor-league coach, Graham James -- the Hockey News 1989 Man of the Year -- had sexually abused him more than 300 times. The media portrayed Kennedy as a hero for breaking the code of silence in professional hockey and bringing James to justice. The heroic myth intensified in 1998 when Kennedy announced that he was going to in-line skate from Newfoundland to British Columbia to raise awareness of sexual abuse. The skate raised over \$1 million for Canadian Red Cross sexual abuse programs, and Kennedy settled in Calgary with his wife and young daughter. Anyone who has followed hockey in the last ten years is familiar with the story of ex-NHL player Sheldon Kennedy. As one of the most promising hockey

talents to emerge from the Canadian minor leagues in the last two decades, Kennedy was destined for hockey greatness. But after he was drafted by the Detroit Red Wings in 1988, he attracted more attention for his off-ice antics than for his contributions to the score sheet. Plagued by rumours of drug and alcohol abuse and a string of injuries, Kennedy drifted from team to team. The happy ending promised by the headlines never materialized. Still haunted by the demons of sexual abuse, Kennedy's life spiralled out of control. Now he has finally come forward to tell his story, and the story of coach Graham James, who is out of prison and currently coaching hockey in Europe.
