TractorData.com John Deere LX188 tractor engine information

I have a John Deere lx188 lawn tractor that is giving me fits lately. It started surging at idle and even during mowing when the PTO is engaged. I did some research on this problem and seems common. So I cleaned all the fuel lines and blew compressed air through them. Replaced the fuel filter. Removed the tank, emptied gas and cleaned it out.

Using Troubleshooting Chart If you are experiencing a problem that is not listed in this chart, see your John Deere dealer for service. When you have checked all the possible causes listed and you are still experiencing the problem, see your John Deere dealer. ... (Surges) Engine not broken-in. Cooling fins plugged.

LX178 Carburetor surging problem | Green Tractor Talk

Possible engine surging will occur at high throttle with transmission in "N" neutral and mower engagement lever disengaged. This is a normal condition due to the emission control system. After performing the checks in the troubleshooting section and your engine is still not performing correctly, contact your John Deere dealer. Replacing Fuel Filter [JD LX188 surging/oscillating help - SSB Tractor](#)

I have a mid 90s John Deere LX188 lawn mower. The problem is it surges when it runs no matter how you set the throttle. You can turn the mower deck and as long as it is pulling hard it runs fine. Took carb apart and put kit in it. Same problem. New fuel filter, checked fuel lines from tank forward.
