Lawn mower engine surging is a right pain in the Jacksie, it's an engine that runs erratically, revs up and down by itself uncontrollably. In some cases it may only happen under certain conditions, for example only after the mower gets hot, or only when the fuel level gets low.

TractorData.com John Deere LX188 tractor information

Ok, I have a John Deere LA115 Mower. It has about 125 hours on it and I have maintained it well until last year when it sat outside for the entire year. I moved and just had no place to put it. Now, it starts ok but the engine revs and slows at idle or under no load. When I engage the mower, the engine calms down and maintains a steady rpm.

JOHN DEERE LX188 For Sale - 3 Listings | TractorHouse.com ...

I have just bought a John Deere LX188 with a liquid cooled Kawasaki 17hp. Runs good for around 20 minutes then it starts to lose power. I feel like the carburetor needs to be cleaned but also have heard that

the electronic solenoid needle that is in the float could be bad.

How to fix a surging John Deere easy fix. 1997cr80r.

John Deere Lx188 Engine Surges

I have a John Deere lx188 lawn tractor that is giving me fits lately. It started surging at idle and even during mowing when the PTO is engaged. I did some research on this problem and seems common. So I cleaned all the fuel lines and blew compressed air through them. Replaced the fuel filter. Removed the tank, emptied gas and cleaned it out.
