Two classic love stories in a keepsake  
edition that will heat up your winter! The  
Winter Soldier Everyone in Jacobsville,  
Texas, steered clear of taciturn Cy Parks-

everyone but the spirited Lisa Monroe, who electrified the formidable loner with her tantalizing kisses. Their fiery passion escalated when the soldier returned from the line of duty-and claimed Lisa as his bride, to shield her from a revenge-seeking desperado. Clearly Cy was getting mighty possessive of this enchanting woman who needed the type of safeguarding only he could provide. But who would protect the beguiling bride from him...' Cattleman's Pride He was strong, seductive and set in his ways. She was shy, unassuming and achingly innocent. Yet when Jordan made it his personal crusade to help Libby hold on to her beloved homestead, everyone in Jacobsville knew it was just a matter of time before wedding bells chimed. But a cattleman's pride was a force to be reckoned with. Could Libby accomplish what no woman had before and tame this Long, Tall Texan's restless heart?

John Deere 135 Lawn and Garden Tractor Technical Service Repair Manual Ravenio Books

This individual Shop Manual is one unit of a series on agricultural wheel type tractors. Contained in it are the necessary

specifications and the brief but terse procedural data needed by a mechanic when repairing a tractor on which he has had no previous actual experience. The material is arranged in a systematic order beginning with an index which is followed immediately by a Table of Condensed Service Specifications. These specifications include dimensions, fits, clearances and timing instructions. Next in order of arrangement is the procedures section. In the procedures section, the order of presentation starts with the front axle system and steering and proceeds toward the rear axle. The last portion of the procedures section is devoted to the power take-off and power lift systems. Interspersed where needed in this section are additional tabular specifications pertaining to wear limits, torquing. etc.
