Back in the 1830s,  
who was a young  
blacksmith from  
Vermont, about to  
make his mark on  
American history?  
John Deere, that's  
who! Who moved to  
Illinois, where  
farmers were  
struggling to plow  
through the thick,  
rich soil they  
called gumbo? Who  
tinkered and

---

tweaked and tested until he invented a steel plow that sliced into the prairie easy as you please? Long before the first tractor, who changed farming forever? John Deere, that's who! Beautiful illustrations—including spectacular landscapes—reflect the time period and bring John Deere's remarkable story to life.

Operator's Manual  
Motorbooks  
Two classic love stories in a keepsake edition that will heat up your winter! The Winter Soldier Everyone in Jacobsville, Texas, steered clear of taciturn Cy Parks—everyone but the spirited Lisa Monroe, who electrified the formidable loner with her tantalizing kisses. Their fiery passion escalated when the soldier

returned from the line of duty—and claimed Lisa as his bride, to shield her from a revenge-seeking desperado. Clearly Cy was getting mighty possessive of this enchanting woman who needed the type of safeguarding only he could provide. But who would protect the beguiling bride from him...? Cattleman's Pride He was strong, seductive and set in his ways. She was

---

shy, unassuming and achingly innocent. Yet when Jordan made it his personal crusade to help Libby hold on to her beloved homestead, everyone in Jacobsville knew it was just a matter of time before wedding bells chimed. But a cattleman's pride was a force to be reckoned with. Could Libby accomplish what no woman had before and tame this Long, Tall Texan's restless

heart?

four million people the internet—after historian, and  
had left rural all, with the writer, Neil  
America and moved tractor, a Dahlstrom has spent

---

decades in the corporate archives at John Deere. In Tractor Wars, Dahlstrom offers an insider's view of a story that entwines a myriad of brands and characters, stakes and plots: the Reverend Daniel Hartsough, a pastor turned tractor designer; Alexander Legge, the eventual president of International Harvester, a former

cowboy who took on Henry Ford; William Butterworth and the oft-at-odds leadership team at John Deere that partnered with the enigmatic Ford but planned for his ultimate failure. With all the bitterness and drama of the race between Ford, Dodge, and General Motors, Tractor Wars is the untold story of industry

stalwarts and disruptors, inventors, and administrators racing to invent modern agriculture—a power farming revolution that would usher in a whole new world.
