The history of the church is filled with stories.
Stories of triumph, stories of defeat, stories of joy,
and stories of sorrow. These stories are a legacy of
God's faithfulness to His people. In this book, Dr.
Stephen J. Nichols provides postcards from the
church through the centuries. These snapshots
capture the richness of Christian history with
glimpses of fascinating saints, curious places,
precious artifacts, and surprising turns of events. In
exploring them, Dr. Nichols takes the reader on a
lively and informative journey through the record
of God's providence to encourage, challenge, and
enjoy. This is our story--our family history. "THE
CENTURIES OF CHURCH HISTORY GIVE
US A LITANY OF GOD'S DELIVERANCES.
GOD HAS DONE IT BEFORE, MANY TIMES
AND IN MANY WAYS, AND HE CAN DO IT
AGAIN. HE WILL DO IT AGAIN. AND IN
THAT, WE FIND COURAGE FOR TODAY
AND FOR TOMORROW."

"Reformed" is Not Enough Jonathan Edwards'
Resolutions

Jonathan Edwards, a leader in the Great
Awakening during the eighteenth century, still
has much to teach the church. Evangelicals
are rediscovering him through the efforts of
several authors (John Gerstner, Iain Murray,
Harry Stout, and others) and publishers
(Banner of Truth, Soli Deo Gloria, and
Crossway). Stephen Nichols offers Jonathan
Edwards as an introduction, a gateway into
the vast and rewarding life, thought, and
writings of Jonathan Edwards. He intends it
for anyone who wants to read Edwards but
who needs a little help.

Membership in the Christian faith is objective-it can be photographed and fingerprinted. In baptism, God names us and imposes gracious obligations upon us. Multitudes of faithless, corrupt Christians show that they do not believe what God said at their baptism. Unfortunately, many Presbyterians don't believe these biblical promises either. Perhaps they should take some exceptions to the Westminster Confession. Perhaps they should also note the quotation marks in this book's title.

Winner of the Pulitzer Prize "A masterwork . . . the novel astonishes with its inventiveness . . . it is nothing less than a grand comic fugue."—The New York Times Book Review *A Confederacy of Dunces* is an American comic masterpiece. John Kennedy Toole's hero, one Ignatius J. Reilly, is "huge, obese, fractious, fastidious, a latter-day Gargantua, a Don Quixote of the French Quarter. His story bursts with wholly original characters,

denizens of New Orleans' lower depths, incredibly true-to-life dialogue, and the zaniest series of high and low comic adventures" (Henry Kisor, Chicago Sun-Times).

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational

structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Of the many good gifts the Lord has given his church on earth, none exceeds that of his love. The things of this earth are temporary, but "love never ends" (1 Cor. 13:8)—it is a present taste of future glory, made available through communion with the Holy Spirit. In this classic work, *Heaven Is a World of Love*, New England pastor Jonathan Edwards encourages Christians struggling through the imperfect life here on earth to experience the perfect love of God through an exposition of the biblical foundations for the cause of God's love, the objects of God's love, the enjoyment of God's love, and the fruits of God's love.

Each page of pastoral insight will leave readers hungry to experience more of God.

The Israel Lobby," by John J.

Mearsheimer of the University of Chicago and Stephen M. Walt of Harvard's John F. Kennedy School of Government, was one of the most controversial articles in recent

memory. Originally published in the London Review of Books in March 2006, it provoked both howls of outrage and cheers of gratitude for challenging what had been a taboo issue in America: the impact of the Israel lobby on U.S. foreign policy. Now in a work of major importance, Mearsheimer and Walt deepen and expand their argument and confront recent developments in Lebanon and Iran. They describe the remarkable level of material and diplomatic support that the United States provides to Israel and argues that this support cannot be fully explained on either strategic or moral grounds. This exceptional relationship is due largely to the political influence of a loose coalition of individuals and organizations that actively work to shape U.S. foreign policy in a pro-Israel direction. Mearsheimer and Walt provocatively contend that the lobby has a far-reaching impact on America's posture throughout the Middle East—in Iraq, Iran, Lebanon, and toward the Israeli-Palestinian conflict—and the policies it has encouraged are in neither America's national interest nor Israel's long-term interest. The lobby's influence also affects America's relationship with important allies and increases dangers that all states face

from global jihadist terror. Writing in The New York Review of Books, Michael Massing declared, "Not since Foreign Affairs magazine published Samuel Huntington's 'The Clash of Civilizations?' in 1993 has an academic essay detonated with such force." The publication of The Israel Lobby and U.S. Foreign Policy is certain to widen the debate and to be one of the most talked-about books in foreign policy.

The Revolt of the Black Athlete hit sport and society like an Ali combination. This Fiftieth Anniversary edition of Harry Edwards's classic of activist scholarship arrives even as a new generation engages with the issues he explored. Edwards's new introduction and afterword revisit the revolts by athletes like Muhammad Ali, Kareem Abdul-Jabbar, Tommie Smith, and John Carlos. At the same time, he engages with the struggles of a present still rife with racism, double-standards, and economic injustice. Again relating the rebellion of black athletes to a larger spirit of revolt among black citizens, Edwards moves his story forward to our era of protests, boycotts, and the dramatic politicization of athletes by Black Lives Matter. Incisive yet ultimately hopeful, The Revolt of the Black Athlete is the still-essential study of

the conflicts at the interface of sport, race, and society.

George Whitefield (1714-70) was one of the best known and most widely traveled evangelical revivalist in the eighteenth century. This collection offers a major reassessment of Whitefield's life, context, and legacy, bringing together a distinguished interdisciplinary team of scholars from both sides of the Atlantic. In chapters that cover historical, theological, and literary themes, many addressed for the first time, the volume suggests that Whitefield was a highly complex figure who has been much misunderstood.

Blood on the Moon examines the evidence, myths, and lies surrounding the political assassination that dramatically altered the course of American history. Was John Wilkes Booth a crazed loner acting out of revenge, or was he the key player in a wide conspiracy aimed at removing the one man who had crushed the Confederacy's dream of independence? Edward Steers Jr. crafts an intimate, engaging narrative of the events leading to Lincoln's death and the political, judicial, and cultural aftermaths of

his assassination.

“There was a time when revival preaching was very common. People were hungry for a fresh work of God and they actually anticipated God’s supernatural transformation in their lives, churches and communities. I am grateful to Ernie Klassen and his work on Revival Preaching. Using the backdrop of Jonathan Edwards’s powerful preaching ministry, we are invited into a rich theological journey flavored with real life experiences.

(David Hearn, President of the Christian and Missionary Alliance in Canada). One of the great, though greatly overlooked, tools that Christian pastors have for bringing renewal and revival, is the past. One such figure in Christian tradition is Jonathan Edwards, the eighteenth-century North American theologian, preacher, revivalist, and missionary. Looking at the intersection of revival, preaching, and Edwards, Ernie Klassen provides “lessons” that religious leaders can take from Edwards’ experiences and writings. (Dr. Kenneth P. Minkema, Jonathan Edwards Center, Yale University).

Iain Murray believes that Edwards cannot be understood apart from his faith. Only when seen first and foremost as a Christian do his life and writings make sense. The integrity of this interpretation is confirmed in this study as Edwards is allowed on point after point to speak for himself.
