By John Green - Summary & Analysis Penguin
For Kate Green, nothing was as important as the happiness and well-being of her two little boys, Reef and Finn, and her loving husband, St. John, known as "Singe." They had a wonderfully happy

family life in Somerset, England. But then tragedy struck—Kate was diagnosed with breast cancer that couldn't be cured. During her last few days, Kate created what she called Mum's List. With Singe's help she wrote down her thoughts, dreams, and wishes, trying to help the man she loved create the best life for their sons after she was gone. Mum's List reveals Kate's passionate nature, her free spirit, and even her sense of humor. The list became Singe's rock as he turned to it again and again for strength and inspiration. Her instructions were simple—items like "look for four-leaf clovers" and "always say what you truly mean"—but the effect they had on Singe, Reef, and Finn was incredibly profound. Singe's lesson to readers everywhere is that a list like Mum's List can change your life—and you don't need to lose someone to make a list and live your dreams. If you've ever wondered if you and your family could be living a happier, more meaningful life full of adventure and joy, then this book is for you.

WARNING: This is not the actual book *Looking for Alaska* by John Green. Do not buy this reading Sidekick if you are looking for a full copy of this great book. Use this expert sidekick to dissect these themes in *Looking for Alaska*, while enjoying a detailed analysis of each

chapter of the book. If that wasn't enough, we close with potential questions and responses to help you get the conversation started with co-workers, friends, or fellow book club members. This newly discovered gem from the past (2005) has become a must-read, thanks in no small part to the success of Green's 2012 masterpiece: *The Fault in Our Stars*. As many Green fans have already discovered, our sidekick is the ultimate go-to source for understanding the complexities of John Green's tales of teen angst and tragedy. *Looking for Alaska* tells the story of Miles Halter, a 16-year-old with a nondescript life who is seeking a "Great Perhaps." In his quest, he finds himself at the Culver Creek Boarding School, where his past life of boredom and safety takes a back seat to adventure and sexual experimentation. His trek to the other side of the tracks takes him only a few steps, as he meets Alaska Young just down the hall at school. She is sexy, funny, and everything else that makes teenage boys drool. She is also a self-destructive sort, headed toward the "After" portion of *Looking for Alaska*, where everything comes crashing down. As our sidekick details, the themes of life and death weave their way through the novel, drawing the characters closer together while preparing them for something that will rip them apart.

Peyton Stratford is her family's unofficial keeper of all things secret, from the petty and mundane to the potentially life-changing. But Peyton is keeping a secret of her own. And it's a doozy. Pastor Brice Northam is used to hearing secrets. After all, it's part of his job description. But he's about to hear one that's going to challenge him almost as much as his feelings for the person confessing. Peyton needs some serious help from Brice, but how much does she dare tell him? And what, exactly, is Brice hiding from Peyton—and

himself? Clearly they both have some serious soul-searching to do. But maybe, just maybe, the answer to secrets isn't silence. Or more secrets. Maybe it's love. * * * Note: While the Secret Keeper series does feature some characters who are Christian (the hero is a pastor, so that's a dead giveaway), it is not a Christian romance in the traditional sense, and some characters find themselves in adult situations and using strong language. Not that the pastor approves! But he's fallen in love with a complex, modern woman whose life is anything but predictable. If you think you could too, then dive in. Bring your sense of humor and your compassion, and then hold on for the emotional ride of your life!

A brave teen recounts her debilitating struggle with obsessive-compulsive disorder--and brings readers through every painful step as she finds her way to the other side--in this powerful and inspiring memoir. Until sophomore year of high school, fifteen-year-old Allison Britz lived a comfortable life in an idyllic town. She was a dedicated student with tons of extracurricular activities, friends, and loving parents at home. But after awakening from a vivid nightmare in which she was diagnosed with brain cancer, she was convinced the dream had been a warning. Allison believed that she must do something to stop the cancer in her dream

from becoming a reality. It started with avoiding sidewalk cracks and quickly grew to counting steps as loudly as possible. Over the following weeks, her brain listed more dangers and fixes. She had to avoid hair dryers, calculators, cell phones, computers, anything green, bananas, oatmeal, and most of her own clothing. Unable to act "normal," the once-popular Allison became an outcast. Her parents questioned her behavior, leading to explosive fights. When notebook paper, pencils, and most schoolbooks were declared dangerous to her health, her GPA imploded, along with her plans for the future. Finally, she allowed herself to ask for help and was diagnosed with obsessive-compulsive disorder. This brave memoir tracks Allison's descent and ultimately hopeful climb out of the depths.
