For Kate Green, nothing was as important as the happiness and well-being of her two little boys, Reef and Finn, and her loving husband, St. John, known as “Singe.” They had a

wonderfully happy family life in Somerset, England. But then tragedy struck—Kate was diagnosed with breast cancer that couldn’t be cured. During her last few days, Kate created what she called Mum’s List. With Singe’s help she wrote down her thoughts, dreams, and wishes, trying to help the man she loved create the best life for their sons after she was gone. Mum’s List reveals Kate’s passionate nature, her free spirit, and even her sense of humor. The list became Singe’s rock as he turned to it again and again for strength and inspiration. Her instructions were simple—items like “look for four-leaf clovers” and “always say what you truly mean”—but the

effect they had on Singe, Reef, and Finn was incredibly profound.

Singe’s lesson to readers everywhere is that a list like Mum’s List can change your life—and you don’t need to lose someone to make a list and live your dreams. If you’ve ever wondered if you and your family could be living a happier, more meaningful life full of adventure and joy, then this book is for you.

Penguin

THE INSTANT #1 NEW
YORK TIMES BESTSELLER

“ Sparkling with mystery, humor and the uncanny, this is a fun read. But beneath its effervescent tone, more complex themes are at play. ” —San Francisco Chronicle In his wildly entertaining debut novel, Hank

Green—cocreator of Crash Course, Vlogbrothers, and SciShow—spins a sweeping, cinematic tale about a young woman who becomes an overnight celebrity before realizing she's part of something bigger, and stranger, than anyone could have possibly imagined. The Carls just appeared. Roaming through New York City at three a.m., twenty-three-year-old April May stumbles across a giant sculpture. Delighted by its appearance and craftsmanship—like a ten-foot-tall Transformer wearing a suit of samurai armor—April and her best friend, Andy, make a video with it, which Andy uploads to YouTube. The next day, April

wakes up to a viral video and a new life. News quickly spreads that there are Carls in dozens of cities around the world—from Beijing to Buenos Aires—and April, as their first documentarian, finds herself at the center of an intense international media spotlight. Seizing the opportunity to make her mark on the world, April now has to deal with the consequences her new particular brand of fame has on her relationships, her safety, and her own identity. And all eyes are on April to figure out not just what the Carls are, but what they want from us. Compulsively entertaining and powerfully relevant, An Absolutely Remarkable Thing grapples with

big themes, including how the social internet is changing fame, rhetoric, and radicalization; how our culture deals with fear and uncertainty; and how vilification and adoration spring for the same dehumanization that follows a life in the public eye. The beginning of an exciting fiction career, *An Absolutely Remarkable Thing* is a bold and insightful novel of now.

check. Even if you're not one of them, stop your whining and pick up the damn thing anyway.

Atietam "Andy" Brown is a seventeen year-old with a busted hand, and a missing ear. He's arrived at his father's house to start life anew after being raised alternately in foster homes and juvenile detention centers where his life hung by a thread on more than one occasion. With this fresh start in hand he hopes he's got a shot at completing his childhood like a normal kid. But when he realizes that his father's favorite activities are naked beer-guzzling weight lifting, and sleeping with his classmate's mothers, well, let's just say his prospects for the future are once again dimmed.

That is, until he finds out that Terri, the hottest cheerleader in school, likes him. (Nice work, Andy!) Funnier than professional wrestling and smarter than nuclear physics, Tietam Brown is sure to pin you for a three-count to your reading chair.

A brave teen recounts her debilitating struggle with obsessive-compulsive disorder—and brings readers through every painful step as she finds her way to the other side—in this powerful and inspiring memoir. Until sophomore year of high school, fifteen-year-old Allison Britz lived a comfortable life in an idyllic town. She was a dedicated student with tons of extracurricular activities, friends, and loving parents at home. But after awakening from a vivid nightmare in which she was diagnosed with

brain cancer, she was convinced the dream had been a warning. Allison believed that she must do something to stop the cancer in her dream from becoming a reality. It started with avoiding sidewalk cracks and quickly grew to counting steps as loudly as possible. Over the following weeks, her brain listed more dangers and fixes. She had to avoid hair dryers, calculators, cell phones, computers, anything green, bananas, oatmeal, and most of her own clothing. Unable to act “normal,” the once-popular Allison became an outcast. Her parents questioned her

behavior, leading to explosive fights. When notebook paper, pencils, and most schoolbooks were declared dangerous to her health, her GPA imploded, along with her plans for the future. Finally, she allowed herself to ask for help and was diagnosed with obsessive-compulsive disorder. This brave memoir tracks Allison’s descent and ultimately hopeful climb out of the depths.
