as without difficulty as evaluation
them wherever you are now.

[John Maynard Keynes \(1883 - 1946\) | UCL Department of ...](#)

John Maynard Keynes (1883–1946) was the pivotal economist of the twentieth century, whose revolution rose to dominate academic and policy discourse for 50 years before falling to a counter?revolution. Today Keynes's ideas have been purged from what is

called mainstream economics, yet they persist in an academic subculture, as the instinctive response of policy?makers to crisis, and among public intellectuals for whom he remains a beacon of insight and style.
