This summer I uncovered the boat which is always stored outside and took the battery out of the house

and connected it up. I trimmed the motor up, no problem. I went to trim the motor down and all I heard

was a little hum. Help please. Gary

Outboard Flushing, The Right Way. By John Tiger. It sounds simple, but hang on! There's a right and a

wrong way to perform this essential task. The buildup of salt in your outboard can cause blockages that

result in overheating and eventual corrosion. (Photo: John Tiger) Back in the day, flushing an outboard

with fresh water was done only one way.

140 hp Evinrude 1980-1985. We have remanufactured more of these outboards than any other.

This was the most widely produced outboard from 1973-1998 in any size range.
