It ’ s 2008, and the inauguration of President Barack Obama ushers in a new kind of hope. In Chicago, Ruth Tuttle, an Ivy-League educated Black engineer, is married to a kind and successful man. He ’ s eager to start a family, but Ruth is uncertain. She has never gotten over the baby she gave birth to—and was forced to leave behind—when she was a teenager. She had promised her family she ’ d never look back, but Ruth knows that to move forward, she must make peace with the past. Returning home, Ruth discovers the Indiana factory town of her youth is plagued by unemployment, racism, and despair. As she begins digging into the past, she unexpectedly befriends Midnight, a young white boy who is also adrift and looking for connection. Just as Ruth is about to uncover a burning secret her family desperately wants to keep hidden, a heart-stopping incident strains the town ’ s already searing racial tensions, sending Ruth and Midnight on a collision course that could upend both their lives. Powerful and unforgettable, The Kindest Lie is the story of an American family and reveals the secrets we keep and the promises we make to protect one another.

An engaging, accessible survey of the ethical issues faced by engineers, designed for students The first engineering ethics textbook to use debates as the framework for presenting engineering ethics topics, this engaging, accessible survey explores the most difficult and controversial issues that engineers face in daily practice. Written by a leading scholar in the field of engineering and computer ethics, Deborah Johnson approaches engineering ethics with three premises: that engineering is both a technical and a social endeavor; that engineers don't just build things, they build society; and that engineering is an inherently ethical enterprise.

Popular Science Houghton Mifflin Harcourt
“ [A] vivid . . . quest for roots. . . . Splendid.” —The New York Times Book Review Growing up in the small river town of Moline, Illinois, Diane Johnson always dreamed of venturing off to see the world—and did. Now having traveled widely and lived part-time in Paris for many years, she is stung when a French friend teases her about Americans ’ indifference to history. Could it be true? The j ’ accuse haunts Diane and inspires her to dig into her family ’ s past, working back from the Friday night football of her youth to the adventures illuminated in the letters and memoirs of her stalwart pioneer ancestors—beginning with a lonely young soldier who came to America from France in 1711. As enchanting as her bestselling novels, Flyover Lives is a moving examination of identity and the “ wispy but material ” family ghosts who shape us. As Johnson pays tribute to her deep Midwestern roots, she captures the perpetual tug-of-war between the magnetic pull of home and our lust for escape and self-invention.

In the wake of the news that the 9/11 hijackers had lived in Europe, journalist Ian Johnson wondered how such a radical group could sink roots into Western soil. Most accounts reached back twenty years, to U.S. support of Islamist fighters in Afghanistan. But Johnson dug deeper, to the start of the Cold War, uncovering the untold story of a group of ex-Soviet Muslims who had defected to Germany during World War II. There, they had been fashioned into a well-oiled anti-Soviet propaganda machine. As that war ended and the Cold War began, West German and U.S. intelligence agents vied for control of this influential group, and at the center of the covert tug of war was a quiet mosque in Munich—radical Islam ’ s first beachhead in the West. Culled from an array of sources, including newly declassified documents, A Mosque in Munich interweaves the stories of several key players: a Nazi scholar turned postwar spymaster; key Muslim leaders across the globe, including members of the Muslim Brotherhood; and na ĩ ve CIA men eager to fight communism with a new weapon, Islam. A rare ground-level look at Cold War spying and a revelatory account of the West ’ s first, disastrous encounter with radical Islam, A Mosque in Munich is as captivating as it is crucial to our understanding the mistakes we are still making in our relationship with Islamists today
