Joint Commission Chapters For 2014 Ambulatory Care

The Joint Commission is a United States-based nonprofit tax-exempt 501(c) organization that accredits more than 22,000 US health care organizations and programs. The international branch accredits medical services from around the world. A majority of US state governments recognize Joint Commission accreditation as a condition of licensure for the receipt of Medicaid and Medicare reimbursements.

In 2014, the issue of

incomplete neurological screenings cropped up again. The frequent finding was that the neurological screening did not address all of the cranial nerves II – XII (a CMS requirement.) For BH organizations, the issues were similar but in 2014 the topic of trauma assessment was cited more frequently than in the past.

Healthcare ...*

The Joint Commission (TJC), formerly The Joint Commission of Accredited

Healthcare Organizations (JCAHO), is a non-profit regulatory body that accredits thousands of healthcare facilities worldwide. In the content below, you will find a short synopsis on each of the 15 chapters of TJC's "standards of compliance" applicable to Behavioral Healthcare Organizations. *News Releases / The Joint Commission*

Joint Commission Chapters For 2014 Joint Commission standards are the basis of an objective evaluation process that can help health care

organizations measure, assess and improve performance. The standards focus on important patient, individual, or resident care and organization functions that are essential to providing safe, high quality care. *Provision of Care Chapter: Highlights from 2014 TJC ...*

The hospices of Chapters Health— Good Shepherd Hospice, HPH Hospice and LifePath Hospice —have been awarded deemed status by the Joint Commission. Accreditation by The Joint Commission means the organization demonstrates continuous compliance with

performance standards and a commitment to providing safe and effective hospice care.

Joint Commission - Wikipedia

A population is generally defined as a collection of patients sharing a common set of universally measured characteristics, such as an ICD-10-CM Principal Diagnosis Code or ICD-10-PCS Procedure Code or CPT® Code (For Outpatients only).
