Building Website With JOOMLA! 2.5 Pearson Education
Joomla 3 SEO and Performance is a concise, 150-page book that helps you to build websites that dominate search engine rankings and have super-fast load times, giving your sites an increased audience. The book takes a very practical approach full of real-world examples. It does not just provide instructions, but also teaches you the logic behind what you are doing. It will make you breathe SEO while building your websites, which is the only way to success. Joomla 3 SEO and Performance starts with the Joomla core SEO possibilities. It shows how even if you are a relative newcomer to Joomla you will be able to build sites that rank high in Google without having to install complicated plugins. The remaining chapters dig much deeper, both into Joomla, and into the use of SEO plugins and extensions with a full chapter dedicated to SH404SEF, probably the best SEO extension for Joomla. In order to keep the visitors that you acquire, Joomla 3 SEO and Performance also shows you how to make your website load faster. This is achieved using Joomla core features as well as plugins. You will be stunned how easy it is to achieve massive improvements! Joomla 3 SEO & Performance: • Walks you through the Joomla SEO options, both basic and advanced • Teaches you to breathe SEO while building your websites • Teaches you how to make your websites screaming fast
Building Website With JOOMLA! 2.5 Packt Publishing Ltd
Joomla! is one of the fastest growing Open Source Content Management Systems on the market today and has won multiple awards since it's release in 2005. Currently, Joomla! has the largest 3rd party developer and designer community, with over 160,000 current registered users, over 2,000 templates, and 3,000 extensions. This task-based guide to creating, customizing, and maintaining a dynamic Joomla! 1.5 web site starts with the fundamental concepts and advantages of a Content Management System and then walks the user through setting up a server environment, downloading and installing Joomla!, adding and structuring content, using components, modules, and plugins, and administrating from both the back and front-ends. The book finishes with more advanced topics, including CSS, search engine optimization (SEO), and customizing templates and the Joomla! framework itself. It's the perfect guide to getting started with Joomla or for those users that want to expand their skills.

Joomla : le guide complet : [votre site web et votre boutique en ligne gratuitement avec Joomla! et VirtueMart] Addison-Wesley
Build and maintain impressive user-friendly web sites the fast and easy way with Joomla! 1.5.
Learn How to Develop Impressive and High Quality Websites in Minutes: a Basic Computer & Internet Skill Is All You Need. Packt Publishing Ltd
"Joomla! is about allowing ordinary people to do extraordinary things, and that is exactly what the authors of this book do for its readers. . . . I present this book for your pleasure. It begins with how we began and takes you on a journey through which you can be empowered to reach the world." –From the Foreword to the First Edition by Andrew Eddie, cofounder, Joomla! The Official Joomla!® Book, Second Edition, is the authoritative and comprehensive Joomla! reference for every administrator, developer, designer, and content manager. Distilling the unsurpassed experience of two long-time Joomla! contributors, it teaches exactly what you need to know, through practical example sites and crystal-clear explanations. If you're new to Joomla!, you'll learn how to quickly create usable, effective sites. If you're an experienced Joomla! user, you'll learn how to make your sites more flexible, feature-rich, visually attractive, and useful, taking full advantage of the features in Joomla! 3 and Joomla! 2.5. And whether new or experienced, you'll learn how Joomla! really works, so you can fully leverage its power whenever you're ready. You'll also get to know the Joomla! community by hearing from seventeen community members through in-depth interviews, and you'll learn how to participate in the Joomla! project in ways that make sense for you. The Official Joomla!® Book, Second Edition, covers everything from installation to usability, templates to extensions. The authors explain each key concept conversationally, helping you learn to help yourself and confidently gain control over Joomla! and the sites you build with it. They also present chapter-length application case studies for business, non-profits, and education. You will learn how to Plan sites effectively before you start building them Create production sites quickly while avoiding common mistakes Install and configure Joomla! for maximum efficiency Create and edit content for your Joomla! site Customize and work with Joomla! templates and create a basic template Work with extensions: components, modules, plugins, and languages Efficiently administer Joomla! sites Maintain Joomla! sites, including making back ups and managing upgrades and migrations between versions Participate in the Joomla! community as a user and contributor

CMS Security Handbook Addison-Wesley

Everything You Need to Code and Design the Web Content and That'll Get Your Site Noticed Packt Publishing Ltd
If you're launching a new company or becoming a self-employed entrepreneur, then this book is for you. Small-business Guide to Winning at Web Marketing will help you to understand the electronic and traditional marketing landscapes and show how you can use them to benefit and grow your business. Today's marketing is a lot like playing pinball. It's not a straight shot - you have to bounce around a lot to really rack up the points and since some pins are worth more than others, you need a certain amount of skill and luck to be able to ping them more than once. In this book, you'll learn the game basics, some strategy, and a few tricks, but mastering pinball -- web marketing -- will depend entirely on how long you can keep the ball in play. I've spent 30 years as an entrepreneur - where you do it yourself because you don't have the budget for otherwise. There are thousands of search-engine optimization services that you can enlist, but you should understand the options available. There is so much where you can contribute and this will reduce the financial impact on your company that expensive contractors can have. This book starts with your web site and rolls right on through social media, social bookmarking, blogging, press releases, news announcements, printed material, QR codes, and much more. Don't flounder - you don't have time. Get this book and win at web marketing.
