**Claiming Your Place at the Fire** Cork  
University Press

Campbell at his very best, with his favorite interviewer: intimate national public radio conversations from 1975-1987, vigorously alive & glowing with the richness of Campbell's brilliant & undying fire.

Parallel Myths New World Library  
Mythology is the universal tongue of human imagination. As a tool for self-discovery, mythology is also a way of gaining access to the secrets of the psyche. The Mythic Imagination is a quest for the ancient source of vision and meaning in the world of dream, myth, and archetype. In the footsteps of Joseph Campbell, Stephen Larsen guides the reader on a journey through the mythic landscape of the psyche. His

insight is that all of us, at one time or another, are engaged in creating personal mythologies that reflect the larger myths of the culture and our own deepest desires and aspirations. This book is a guide for bringing the deeper mythic structures of experience into awareness, for learning to recognize the archetypal content embedded in our dreams and daydreams, feelings, beliefs, relationships, conscious creations, and behavior. Student and authorized biographer of Joseph Campbell, Larsen teaches us how to bring myth into our lives. Reissue of the Bantam bestseller.

Yellow Journalism University-Press.org  
Drawing from Eastern and Western literatures, Heinrich Zimmer presents a selection of stories

---

linked together by their common concern for the problem of our eternal conflict with the forces of evil. Beginning with a tale from the Arabian Nights, this theme unfolds in legends from Irish paganism, medieval Christianity, the Arthurian cycle, and early Hinduism. In the retelling of these tales, Zimmer discloses the meanings within their seemingly unrelated symbols and suggests the philosophical wholeness of this assortment of myth.

*The Power of Myth* Harper Perennial

This offers a detailed and long-awaited reassessment of one of the most maligned periods in American journalism—the era of the yellow press. The study challenges and dismantles several prominent myths about the genre, finding that the yellow press did not foment—could not have fomented—the Spanish-American War in 1898, contrary to the arguments of many media historians.

The study presents extensive evidence showing that the famous exchange of telegrams between the artist Frederic Remington and newspaper publisher William Randolph Hearst—in which Hearst is said to have vowed to "furnish the war" with Spain—almost certainly never took place. The study also presents the results of a systematic content analysis of seven leading U. S. newspapers at 10 year intervals throughout the 20th century and finds that some distinguishing features of the yellow press live on in American journalism.

*A Skeleton Key to Finnegans Wake*  
University Alabama Press

Written between 1962 and 1968,  
Campbell's four-volume work *The Masks of God* covers mythology from

---

around the world, from ancient to modern. Where *The Hero with a Thousand Faces* focused on the commonality of mythology (the "elementary ideas"), the *Masks of God* books focus upon historical and cultural variations the monomyth takes on (the "folk ideas"). In other words, where *The Hero with a Thousand Faces* draws perhaps more from psychology, the *Masks of God* books draw more from anthropology and history. The four volumes of *Masks of God* are as follows: *Primitive Mythology*, *Oriental Mythology*, *Occidental Mythology*, and *Creative Mythology*.

Correspondence Joseph Campbell Foundation

The fascinating biography that

illuminates the man whose work changed modern culture • Gives a complete biographical view of Campbell's life and a personal perspective of who he was through the voices of his friends and colleagues • Written by two of Campbell's preeminent students with exclusive access to his notes and journals Joseph Campbell forged an approach to the study of myth and legend that made ancient traditions and beliefs immediate, relevant, and universal. His teachings and literary works, including *The Masks of God*, have shown that beneath the apparent themes of world mythology lie patterns that reveal the ways in

---

which we all may encounter the great mysteries of existence: birth, growth, soul development, and death. Biographers Stephen and Robin Larsen, students and friends of Campbell for more than 20 years, weave a rich tapestry of stories and insights that catalogue both his personal and public triumphs.

Primitive Mythology Simon and Schuster

Studies the development of man's philosophical views of supreme beings in primitive, Eastern, and Western cultures

Myths to Live By Harper

Mythic themes over five millennia support the idea that since dreams

and myths originate in an inner world unknown to consciousness, dreams provide a direct and fruitful approach to mythology

'As I was Among the Captives' Anchor People who have turned fifty, known as new elders in this book, are invited to ask four questions to describe how they can rekindle the good life and share it with others. Original.

Berrett-Koehler Publishers

Examines myths and folk tales from around the world in an attempt to understand the symbolism of the hero as it appears in the mythologies and religions of mankind.

Goddesses Ballantine Books

Since its publication in 1939, countless would-be readers of Finnegans Wake -

---

James Joyce's masterwork, which consumed a third of his life - have given up after a few pages, dismissing it as a "perverse triumph of the unintelligible." In 1944, a young professor of mythology and literature named Joseph Campbell, working with Henry Morton Robinson, wrote the first "key" or guide to entering the fascinating, disturbing, marvelously rich world of Finnegans Wake. The authors break down Joyce's "unintelligible" book page by page, stripping the text of much of its obscurity and serving up thoughtful interpretations via footnotes and bracketed commentary. They outline the book's basic action, and then simplify ? and clarify ? its complex web of images and allusions. A Skeleton Key to Finnegans Wake is the latest addition to the Collected Works of Joseph Campbell series.

Joseph Campbell (ELL). Joseph Campbell Foundation

This is the first collection of Mythology themed poetry offered by bestselling author JS Moore. Joseph Campbell said it best, "Shakespeare said that art is a mirror held up to nature. And that's what it is. The nature is your nature, and all of these wonderful poetic images of mythology are referring to something in you. When your mind is trapped by the image out there so that you never make

---

the reference to yourself, you have misread the image. The inner world is the world of your requirements and your energies and your structure and your possibilities that meets the outer world. And the outer world is the field of your incarnation. That's where you are. You've got to keep both going. As Novalis said, 'The seat of the soul is there where the inner and outer worlds meet.'

Oriental Mythology HarperCollins UK

In 1927, as a twenty-three-year-old postgraduate scholar in Paris, Joseph Campbell first encountered James Joyce 's Ulysses. Known for

being praised and for kicking up controversy (including an obscenity trial in the United States in 1920), the novel left Campbell both intrigued and confused, as it had many others. Because he was in Paris, he was able to visit the Shakespeare & Company bookstore—the outpost of the original publisher of Ulysses, Sylvia Beach. She gave him “clues” for reading Ulysses, and that, Campbell attested, changed his career. For the next sixty years, Campbell moved through the labyrinths of Joyce 's creations—writing and lecturing on Joyce using depth psychology, comparative religion,

---

anthropology, and art history as tools of analysis. Arranged by Joyce scholar Edmund L. Epstein, *Mythic Worlds, Modern Words* presents a wide range of Campbell's writing and lectures on Joyce, which together form an illuminating running commentary on Joyce's masterworks. Campbell's visceral appreciation for all that was new in Joyce will delight the previously uninitiated, and perhaps intimidated, as well as longtime lovers of both Joyce and Campbell. Now available in a trade paperback edition, *Mythic Worlds, Modern Words* is a masters meet-up between the twentieth century's quintessential mythologist and its most exemplary literary modernist. Forty years of Campbell's lectures, articles and unpublished writings on the novels of James Joyce, drawn together by Joycean scholar Edmund L. Epstein, serve as a lens to examine both the nature of myth in art, and the myriad-minded work of the man whom many have called the greatest literary artist of the modern era. An appendix includes both question and answer sessions from Campbell's lectures, and a series of articles penned by Campbell and Henry Morton Robinson (co-author with Campbell of *A Skeleton Key to Finnegans Wake*), unveiling the

---

Wake-like themes that suffused Thornton Wilder's Broadway hit, *The Skin of Our Teeth*.

Campbell Foundation

Explore the power of myth as it flowered in Asia In this second volume of *The Masks of God* — Joseph Campbell's major work of comparative mythology — the pre-eminent mythologist looks at Asian mythology as it developed over the course of five thousand years into the

distinctive religions of Egypt, Mesopotamia, India, China, and Japan. *The Masks of God* is a four-volume study of world religion and myth that stands as one of Joseph Campbell's masterworks. On completing it, he wrote: Its main result for me has been the confirmation of a thought I have long and faithfully entertained: of the unity of the race of man, not only in its biology, but also in its spiritual history, which has everywhere unfolded in the manner of a single symphony, with its themes announced, developed, amplified and turned about, distorted, reasserted, and today, in a grand fortissimo of all sections sounding together, irresistibly advancing to some kind of mighty climax, out of which the next great movement will emerge. This new digital edition, part of the *Collected Works of Joseph Campbell* series, includes over forty new

Joseph Campbell, arguably the greatest  
mythologist of our time, was certainly one  
of our greatest storytellers. This new  
cloth edition of *The Hero's Journey*,  
published to celebrate the 100th  
anniversary of Campbell's birth, recounts  
his own quest and conveys the excitement  
of his lifelong exploration of our mythic  
traditions, what he called "the one great  
story of mankind."

Transformations of Myth Through  
Time Princeton University Press

Explore the power of myth as  
humanity first discovered it

Collected Works of Joseph  
Campbell edition — with up-to-date

science In this first volume of *The  
Masks of God* — Joseph Campbell 's  
major work of comparative  
mythology — the preeminent  
mythologist looks at the wellsprings  
of myth. From the earliest  
expressions of religious awe in pre-  
modern humans to the rites and art  
of contemporary primal tribes, myth  
has informed humankind's  
understanding of the world, seen  
and unseen. Exploring these  
archetypal mythic images and  
practices, Campbell examines the  
basic concepts that underlie all  
human myth, even to this day. *The  
Masks of God* is a four-volume  
study of world religion and myth

---

that stands as one of Joseph Campbell ' s masterworks. On completing it, he wrote: Its main result for me has been the confirmation of a thought I have long and faithfully entertained: of the unity of the race of man, not only in its biology, but also in its spiritual history, which has everywhere unfolded in the manner of a single symphony, with its themes announced, developed, amplified and turned about, distorted, reasserted, and today, in a grand fortissimo of all sections sounding together, irresistibly advancing to some kind of mighty climax, out of which the next great movement will emerge.

This new digital edition is part of the Collected Works of Joseph Campbell series. Joseph Campbell Foundation has worked with scientists and academics to bring the anthropological and paleontological information Campbell explores in line with the best twenty-first century scholarship. (Comparative Mythology: paleontology, Neanderthal and Cro-magnon culture, neolithic and paleolithic art and religion.) "[T]he mask in a primitive festival is revered and experienced as a veritable apparition of the mythical being that it represents — even though everyone knows that a man made

---

the mask and that a man is wearing it. The one wearing it, furthermore, is identified with the god during the time of the ritual of which the mask is a part. He does not merely represent the god; he is the god."—  
Joseph Campbell, *Primitive Mythology*

The Masks of God: Oriental mythology Bollingen Foundation  
Discover Myth "There's no one quite like Joseph Campbell. He knows the vast sweep of man's panoramic past as few men have ever known it." --The Village Voice  
Joseph Campbell famously compared mythology to a kangaroo pouch for the human mind and

spirit: "a womb with a view." In *Myths to Live By*, he examines all of the ways in which myth supports and guides us, giving our lives meaning. Love and war, science and religion, East and West, inner space and outer space — Campbell shows how the myths we live by can reconcile all of these pairs of opposites and bring a sense of the whole. This classic has been newly illustrated and annotated in its first new edition since its original publication, which also marks the first ebook in the *Collected Works of Joseph Campbell* series. In the tradition of *The Power of Myth* and *Pathways to Bliss*, *Myths to Live By*

---

remains one of Joseph Campbell's most enduring, popular, and accessible works.

Myths, Dreams, and Religion  
Joseph Campbell: A Fire in the Mind

Explore myth as a tool for personal growth and transformation  
Joseph Campbell famously defined myth as “other people's religion.” But he also said that one of the basic functions of myth is to help each individual through the journey of life, providing a sort of travel guide or map to reach fulfillment — or, as he called it, bliss. For Campbell, many of the world's most powerful myths support the individual's heroic path toward bliss. In *Pathways to Bliss*, Campbell examines this personal, psychological side of

myth. Like his classic best-selling books *Myths to Live By* and *The Power of Myth*, *Pathways to Bliss* draws from Campbell's popular lectures and dialogues, which highlight his remarkable storytelling and ability to apply the larger themes of world mythology to personal growth and the quest for transformation. Here he anchors mythology's symbolic wisdom to the individual, applying the most poetic mythical metaphors to the challenges of our daily lives. Campbell dwells on life's important questions. Combining cross-cultural stories with the teachings of modern psychology, he examines the ways in which our myths shape and enrich our lives and shows how myth can help each of us

---

truly identify and follow our bliss.

The Masks of God: Primitive  
mythology Greenwood Publishing  
Group

In this compelling and influential  
work, Joseph Campbell scours the  
myths of the world to reveal the  
characteristics common to heroes  
from all cultures and periods.
