The Bullet Journal Method | Book Review **Book Reviews and News | Journal Sentinel** Identify several leading journals in your field that publish book reviews. One way to do this is to search an on-line article database or something like Book Review Digest, if your library has access. Using several key words from your field, limit your search to book reviews and note the journals where the results were published.

**BOOK REVIEWS** The Journal of Politics publishes book reviews, thematic reviews of multiple books, and review essays on major books across subfields in Political Science. Book reviews are published online, with a list of books reviewed and review authors appearing in the Table of Contents, along with a link to the reviews, of the printed issue.

#### Book Review Outlets | Poets & Writers

The aim of book reviews that journals publish is to provide insight and opinion on recently published scholarly books. Thus, if the book review that you have written is about an academic book, you should be able to get it published in a journal. Book reviews are a good publication option for early - career researchers

as it allows the researcher to stay abreast of new literature in the field, while at the same time, adding to his/her publication list.
