Turn any student into a bookworm with a few easy and practical strategies Donalyn Miller says she has yet to meet a child she can't turn into a reader. No matter how far behind Miller's students might be when they reach her 6th grade classroom, they end up reading an average of 40 to 50 books a year. Miller's unconventional approach dispenses with drills and worksheets that make reading a chore. Instead, she helps students navigate the world of literature and gives them time to read books they pick out themselves. Her love of books and teaching is both infectious

and inspiring. In the book, you'll find: Hands-on strategies for managing and improving your own school library Tactics for helping students walk on their own two feet and continue the reading habit after they've finished with your class Data from student surveys and end-of-year feedback that proves how well the Miller Method works The Book Whisperer includes a dynamite list of recommended "kid lit" that helps parents and teachers find the books that students really like to read. Narrative as Writing and Literacy Pedagogy for Preservice Elementary Teachers Human Kinetics This text introduces an original, scalable instructional framework called Telling Our Stories (TOS), an approach for supporting culturally informed literacy instruction in the elementary classroom. Connecting the theory to practice, the TOS

framework centers the cultural heritage and experiences of students and offers a roadmap to scientifically and pedagogically sound instruction. Aligned with current curriculum standards, chapters feature authentic examples and case studies, reflection questions, and writing activities that will foster a culture of inclusion, community, and academic rigor. The many practical strategies promote students' learning and appreciation of diversity through academic reading and writing as well as positive school-family and school-community relations. Readers will come away with new ideas, tools, and a thorough understanding of how to integrate culturally informed practices in ways that support the learning of all children. Accessible and comprehensive, this is an essential text for pre-

service teachers in courses on ELA methods and literacy instruction, as well as practicing teachers.

Flat Stanley: On Ice Corwin

This book shows how teaching writing to young children can transform them into academic students that are self-aware of their own identity and expression, while being conscious of their surrounding group cultures by employing narrative as a writing process.

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when

for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party

Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us

how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely

successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B. Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in

---

mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

An empowering story of empathy, courage, and

hope, based on the author's real-life experience immigrating to the US as a child and working at the front desk of the motel where her parents work. Ten year-old Mia Tang moved to the US for a better life, a freer life, but so far, it's a life where she runs the front desk of a motel while her parents clean rooms. And she's not even allowed to use the swimming pool. Based on author Kelly Yang's real-life experience immigrating to America from China and running a motel with her parents, this novel explores how one little girl overcomes language barriers, discrimination, and her own lack of confidence to find her voice - and use it to make a difference. This is a sensitive story of tolerance and diversity that will resonate with readers of all cultures who have experienced the challenges of feeling like an outsider.
