Malaria Journal is an Open Access, peer-reviewed, online journal monitored by ISI, Medline and PubMed. All articles are published without barriers to access, immediately upon acceptance. Malaria... Severe Malaria in African Children — The Need for...	
The malaria parasite life cycle involves two hosts. During a blood meal, a malaria-infected female Anopheles mosquito inoculates sporozoites into the human host .Sporozoites infect liver cells and mature into schizonts , which rupture and release merozoites . (Of note, in P. vivax and P. ovale a dormant stage [hypnozoites] can persist in the liver (if untreated) and cause relapses by invading ...
