Journey Across Time: Early Ages, Course 1, Student Edition Penguin
Who is the Holy Spirit? The book of Acts has been described as an account of the New Testament Church. But, what if it is primarily a revelation of the person of the Holy Spirit? Delve into this journey of curiosity and exploration of the third person of the Trinity. See if you cannot find something new about the Holy Spirit not only in the Biblical text, but also in your own life. M.R. Hyde invites you to learn about God from the Bible, and in particular, from the book of Acts. This devotional journey, third in The Trinity series, helps readers move from the Bible as just a history book or biographies of people of faith to the person and character of the God of the universe—both personal and majestic, righteous and merciful, terrifying and wonderful. This book is divided into small sections of Acts designed for personal or small group interaction.

"Engaging hybrid - part lyrical travelogue, part investigative journalism and part jeremiad, all shot through with droll humor." --The Atlanta

Journal Constitution In 1867, John Muir set out on foot to explore the botanical wonders of the South, keeping a detailed journal of his adventures as he traipsed from Kentucky southward to Florida. One hundred and fifty years later, on a similar whim, veteran Atlanta reporter Dan Chapman, distressed by sprawl-driven environmental ills in a region he loves, recreated Muir ' s journey to see for himself how nature has fared since Muir ' s time. Channeling Muir, he uses humor, keen observation, and a deep love of place to celebrate the South ' s natural riches. But he laments that a treasured way of life for generations of Southerners is endangered as long-simmering struggles intensify over misused and dwindling resources. Chapman seeks to discover how Southerners might balance surging population growth with protecting the natural beauty Muir found so special. Each chapter touches upon a local ecological problem—at-risk species in Mammoth Cave, coal ash in Kingston, Tennessee, climate change in the Nantahala National Forest, water wars in Georgia, aquifer depletion in Florida—that resonates across the South. Chapman delves into the region ' s natural history, moving between John Muir ' s vivid descriptions of a lush botanical paradise and the myriad environmental problems facing the South today. Along the way he talks to locals with deep ties to the land—scientists, hunters, politicians, and even a Muir impersonator—who describe the changes they ' ve witnessed and what it will take to accommodate a fast-growing population without destroying the natural beauty and a cherished connection to nature. A Road Running Southward is part travelogue, part environmental cri de coeur, and paints a picture of a South under siege. It is a passionate appeal, a call to action to save one of the loveliest and most biodiverse regions of the world by understanding what we have to lose if we do nothing.

Author's Note By looking into The Book of Life, Humanity's Soul Records, Sophia witnessed that Souls began their sacred journey in a "fall" from grace that shattered their innocence and caused a splintering of the personality. In four simple words, Sophia came to understand the Soul's raison d' ê tre for existence--it is for The Education of Innocence. That secret has been well hidden within great Mysteries coveted by ancients in the sacred Temples of old. But why was that secret hidden? What does that secret reveal about the true essence of our nature? Once that true essence is known, how could that awareness bring knowledge that could change our lives? In essence, what does innocence have to do with Divine power? The Education of Innocence portrays the archetypal story that rings true for every incarnated Soul. The stages of a Soul's sacred journey are metaphorically portrayed, revealing the "fall" that had devastating consequences upon humanity's collective psyche, and what now compels an awakening in global consciousness critical for survival. When innocence became shattered, a shadow rose in place of light. Without understanding the shadow, one can never transcend illusions. Without transcending illusions, the admonition (deliberate use) in the bible, "Ye are Gods," can never be known again. The Master awaits. Book II opens in the Underworld of Darkness where a Dark Lord is reminiscing about events that shaped his brutal character, accountable for his splintered Soul. Striving to fulfill the Black Oracle to claim dominion over the Empire of Darkness, he must overcome impossible odds. Little Sol awakens to his destiny, with Initiations of remembrance guided by the Wizard Domaine. A whole host of sea creatures portraying Shadow and Light clash during the Apocalyptic times of The Final Reckoning. With the outcome unknown, the Immortals of the Original Ancestry of the Gods must come into remembrance if the Kingdom of Oceana is to be rescued from its terrifying fate.

Isobel Miller gave up God for worldly pursuits. But as graduation approached and her engagement was broken, she questioned that decision. 'If You will prove to me that You are, and if You will give me peace, I will give You my whole life.' God heard Isobel's prayers and responded. He reached out to her, ending years of searching and building her up for decades of fruitful missionary service with her husband, John Kuhn, in China.

Who is the Holy Spirit? A Devotional Journey Through the Book of Acts Island Press

Part ethnography, part history, and part memoir, this volume chronicles the complex past and dynamic present of an ancient Mizrahi community. While intimately tied to the Central Asian landscape, the Jews of Bukhara have also maintained deep connections to the wider Jewish world. As the community began to disperse after the fall of the Soviet Union, Alanna E. Cooper traveled to Uzbekistan to document Jewish life before it disappeared. Drawing on ethnographic research there as well as among immigrants to the US and Israel, Cooper tells an intimate and personal story about what it means to be Bukharan Jewish. Together with her historical research about a series of dramatic encounters between Bukharan Jews and Jews in other parts of the world, this lively narrative illuminates the tensions inherent in maintaining Judaism as a single global religion over the course of its long and varied diaspora history.
