Women: A Journey Through Time and Change Schocken
"Engaging hybrid - part lyrical travelogue, part investigative journalism and part jeremiad, all shot through with droll humor."
--The Atlanta Journal Constitution

In 1867, John Muir set out on foot to explore the botanical wonders of the South, keeping a detailed journal of his adventures as he traipsed from Kentucky southward to Florida. One hundred and fifty years later, on a similar whim, veteran Atlanta reporter Dan Chapman, distressed by sprawl-driven environmental ills in a region he loves, recreated Muir's journey to see for himself how nature has fared since Muir's time. Channeling Muir, he uses humor, keen observation, and a deep love of place to celebrate the South's natural riches. But he laments that a treasured way of life for generations of Southerners is endangered as long-simmering struggles intensify over misused and dwindling resources. Chapman seeks to discover how Southerners might balance surging population growth with protecting the natural beauty Muir found so special. Each chapter touches upon a local ecological problem—at-risk species in Mammoth Cave, coal ash in Kingston, Tennessee, climate change in the Nantahala National Forest, water wars in Georgia, aquifer depletion in Florida—that resonates across the South. Chapman delves into the region's natural history, moving between John Muir's vivid

descriptions of a lush botanical paradise and the myriad environmental problems facing the South today. Along the way he talks to locals with deep ties to the land—scientists, hunters, politicians, and even a Muir impersonator—who describe the changes they've witnessed and what it will take to accommodate a fast-growing population without destroying the natural beauty and a cherished connection to nature. **A Road Running Southward** is part travelogue, part environmental cri de coeur, and paints a picture of a South under siege. It is a passionate appeal, a call to action to save one of the loveliest and most biodiverse regions of the world by understanding what we have to lose if we do nothing.

Before I Wake (Travels Across Time, Book 1) TEACH Services, Inc. My Journey Through Time is a spiritual memoir that sheds light on the workings of karma— the law of cause and effect that creates one ' s present circumstances and relationships—as we see it unfold through Dena ' s vivid memories of her previous births. We travel back in time as Dena learns of a life in early 20th century Russia, ranging from the overthrow of the Czar through Nazi Germany; then it ' s back further to a life in early 19th century America in the Deep South, and before that to a time in Africa in the early 18th century. Her lives in the East—in Persia, Japan, and India—go back to the 15th-17th centuries. With each past life,

we can see the way in which it has impacted her present life, how it has stemmed from the end of the previous birth, and how it will influence her next life. Dena Merriam is the founder of an interfaith organization, the Global Peace Initiative of Women. A long-time disciplined meditator, Dena's access to her past lives brings a clearer awareness and purpose to her present life, and also overcomes any fear of death. The memories are triggered when Dena meets a new person or visits a new place in her current life. The memories bring remembrances of past suffering, but also recollections of spiritual teachers and wise guidance. She has not used and does not advocate past-life regressions or hypnosis as a way to prompt memories to return. Dena has decided to share her story, despite being a very private person, in hopes that it can provide comfort and awaken the inner knowing of your own ongoing journey through time.

While the Baldrige Criteria for Performance Excellence are one of the most widely known assessment frameworks in the world, interest in the Criteria has ebbed and flowed over the years. In part this may be due to the fact that applicants are often on their own when it comes to determining how to use the Criteria and award programs in an efficient and effective manner. This difficulty is somewhat by design, since the Criteria are non-prescriptive. The requirements are presented as more than 200 questions written in a generic manner to enable their application by all types of organizations. They do not tell leaders what to do to meet the requirements, which is both good and bad. While it allows organizations to develop processes to respond to the Criteria in ways that meet their unique needs, this has created a barrier for some leaders. This book provides a detailed road map and systematic process to design and implement a customized operating model for performance excellence based on the Criteria. The road map includes regular use of state award programs for feedback to enable mid-course correction. Though

recognition is not its primary purpose, following this road map also increases the likelihood of being recognized by these award programs. The approach presented here will not guarantee an award, but it will help an organization's leaders use the Criteria and award programs more efficiently and effectively as an aid to organizational transformation and improvement. "It is true, organizations are perfectly designed to get the results they are getting. The Baldrige framework is an operating model that guides organizations to establish key processes that are proven to yield high reliability. The framework, however, can be intimidating. Kilbride's Road Map clearly explains and provides 'doable' steps to apply the Baldrige Criteria and become more process-honoring. It is a compilation of the valuable education, guidance, and support Joe provided us on our journey." For such a journey you need a knowledgeable co-pilot, and Joe Kilbride has helped many organizations, examiners, judges and others pursuing excellence to navigate that journey. But secrets can ruin everything, and Magdalena's secret is too fantastical to be believed. Publisher's Note: Readers passionate about history will appreciate the author's penchant for detail and accuracy. In keeping with the era, this story contains scenes of brutality which are true to the time and man's timeless inhumanity. There are a limited number of sexual scenes with some vulgarity characteristic of the time. *THE TRAVELS ACROSS TIME SERIES* Before I Wake Eternal Beloved *THE KNIGHTS OF ENGLAND*, in series order The Lion and the Leopard A Knight There Was Within A Forest Dark A Child Upon The Throne Lords Among the Ruins The Flames of Rebellion MEET MARY ELLEN JOHNSON Her passion for Medieval England sparked Mary Ellen Johnson's writing career. Her first medieval historical, *The Lion and the Leopard*, was followed by *The Landlord's Black-Eyed Daughter*, a historical novel based on the Alfred Noyes poem, "The Highwayman." (Published under the pseudonym, Mary Ellen Dennis.) *Landlord* was chosen as one of the top 100 historical romances of 2013. After taking a twenty-year detour in a quixotic quest to change the world—rather like Arthurian knights' quests to find the holy grail, which ended in similar failure—Mary Ellen has happily returned to historical fiction writing and her favorite time period, the tumultuous fourteenth century. Her six-book series, *Knights of England*, follows

the fortunes of the characters (and their progeny) introduced in *The Lion and the Leopard* through the Black Death, the reign of that most gloriously medieval of monarchs, Edward III, the 1381 Peasants' Revolt, and ends with the deposition and murder of Richard II in 1399. There is nothing Mary Ellen loves more than bringing Medieval England alive for the reader. She particularly enjoys researching battles, campaigns, the daily lives of both lord and peasant, and trying to figure out our ancestors' thought processes, particularly how they viewed their world. Oh, and did she mention the castles and cathedrals? Mary Ellen likes to say her favorite place in the world is standing before the tomb of the Black Prince in Canterbury Cathedral. (Hyperbole, of course, since Mary Ellen is not that well-traveled and her favorite places are probably wherever her kids and grandkids reside.) However—and the very recounting gives her chills—a distant cousin recently shared the results of her years-long genealogical research on the family tree. When flipping back through the centuries, Mary Ellen began finding hauntingly familiar names—John of Gaunt, Edward the Black Prince, Edward II, Edward III, even Richard the Lionheart! All the historical characters she's spent a lifetime reading and writing about! How can that be? Genetic memory? Reincarnation? She has no idea, but you can bet she'll be exploring the possibilities in future novels!
